SETUP

1. Charging the Smart Watch

Before initial use, fully charge your smartwatch. Connect the magnetic USB charging cable to the charging points on the back of the watch and plug the USB end into a compatible power adapter (not included). A full charge takes approximately 2 hours and provides up to 7 days of typical usage.

3. Strap Adjustment

The watch comes with multiple straps and a tool for adjusting the metal strap's length. Use the provided tool to remove or add links as needed for a comfortable fit. Silicone straps can be easily interchanged using the quick-release pins.

OPERATING YOUR SMART WATCH

1. Basic Navigation

The 1.7-inch HD touchscreen allows for intuitive navigation. Swipe left/right or up/down to access different menus

and features. The side buttons provide quick access to power, sport modes, and other functions.

HEALTH MONITORING

The KENPANG AK87 Smart Watch is equipped with a VC30F-S sensor for medical-grade 24/7 health tracking.

- **Heart Rate Monitoring:** Continuously tracks your heart rate throughout the day.
- **Blood Oxygen Monitoring:** Measures your blood oxygen levels.
- **Blood Pressure Monitoring:** Provides blood pressure readings.
- **Sleep Tracking:** Monitors your sleep patterns, including awake, light sleep, and deep sleep stages.

24-Hour Health Monitor

DURABILITY

The KENPANG AK87 Smart Watch is built to MIL-STD standards, ensuring high reliability and durability. It is:

- **Drop-resistant:** Designed to withstand accidental drops.
- **IP68 Waterproof:** Protected against dust and water immersion.
- **Corrosion Resistant:** Built with materials that resist corrosion.
- **High and Low Temperature Resistant:** Operates reliably in extreme temperatures.
- **Dust-proof:** Prevents dust ingress for consistent performance.

Special Features	Built-in GPS, Flashlight, Heart Rate/Blood Oxygen/Sleep Monitor, 100+ Sports Modes, AI Voice Assistant

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the magnetic charger for at least 15 minutes.
- **Unable to pair with phone:** Check if Bluetooth is enabled on your phone and the watch. Ensure the FitCloud Pro app is installed and has necessary permissions. Try restarting both devices.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist. Clean the sensor on the back of the watch regularly.
- **Notifications not appearing:** Verify that notification permissions are granted to the FitCloud Pro app in your phone's settings. Check that specific app notifications are enabled within the FitCloud Pro app.
- **Short battery life:** Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed.

WARRANTY AND SUPPORT

KENPANG is committed to providing high-quality products and customer satisfaction. Your KENPANG AK87 Smart Watch comes with the following:

- **24-Hour Online Service:** For immediate assistance with any product inquiries or issues.
- **6 Months Returns Service:** For returns within six months of purchase, subject to terms and conditions.
- **2 Years Repair Service:** Comprehensive repair service for two years from the date of purchase, covering manufacturing defects.

For detailed warranty information or to access support, please refer to the contact information provided in your product packaging or visit the official KENPANG website.
