KEY FEATURES

- **Professional-Grade Titanium Burr:** Equipped with a 55mm titanium-cone burr for uniform particle

distribution, suitable for espresso and various brew methods.

- **Anti-Static Plasma Technology:** Integrated plasma generator reduces static electricity, minimizing grounds retention and mess.
- **Precision Stepless Control:** Innovative adjustment ring allows for ultra-fine tuning (0.01mm increments) for precise grind size.
- **Aerospace Aluminum Body:** CNC machined from aerospace-grade aluminum for durability, temperature stability, and a modern aesthetic.
- **Magnetic & Easy to Clean:** Features a magnetically attached grounds catch cup and a design for quick disassembly for effortless cleaning.

PACKAGE CONTENTS

The STARSEEKER E55 Pro Electric Coffee Grinder package includes the following items:

- STARSEEKER E55 Pro Coffee Grinder Unit
- Magnetic Dosing Cup
- Power Supply Unit
- Rocket Blower
- Cleaning Brush
- Spray Bottle
- Instruction Manual

SETUP

1. **Unpack:** Carefully remove all components from the packaging.
2. **Assemble:** Place the grinder unit on a stable, flat surface. Ensure the magnetic dosing cup is securely attached to its designated spot.
3. **Connect Power:** Plug the power supply unit into the grinder's power port and then into a standard electrical outlet.
4. **Initial Cleaning:** Before first use, it is recommended to clean the burrs and grounds path using the provided brush to remove any manufacturing residue.

OPERATING INSTRUCTIONS

1. **Adjust Grind Size:** Rotate the stepless adjustment ring located at the top of the grinder to select your desired grind size. Finer settings are typically for espresso, while coarser settings are for pour-over or French press. The grinder offers 0.01mm increments for precise control.
2. **Add Coffee Beans:** Remove the hopper lid and pour your desired amount of whole coffee beans into the hopper. Replace the lid.
3. **Position Dosing Cup:** Ensure the magnetic dosing cup is correctly positioned under the grounds chute.
4. **Start Grinding:** Press the power button located at the back of the grinder to begin grinding. The grinder will automatically stop once the set time or amount is reached (if applicable) or when the hopper is empty.
5. **Collect Grounds:** Once grinding is complete, remove the magnetic dosing cup and transfer the freshly ground coffee to your brewing device.

GRIND SETTINGS GUIDE

The STARSEEKER E55 Pro offers a wide range of grind settings. Use the following as a general guide, and fine-tune based on your specific beans and brewing preferences:

Setting Range	Grind Type	Recommended Brew Method
0-3	Extra Fine	Turkish Coffee, Very Fine Espresso
4-6	Fine	Espresso
7-10	Medium	Pour Over, Aeropress, Siphon
11+	Coarse	French Press, Cold Brew

Note: These are general recommendations. Adjust as needed for your specific coffee beans and desired extraction.

MAINTENANCE & CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your grinder.

- 1. Daily Cleaning:** After each use, tap the dosing cup to dislodge any remaining grounds. Use the provided brush to clean the grounds chute.
- 2. Burr Cleaning (Weekly/Bi-Weekly):**
 - Unplug the grinder from the power outlet.
 - Remove the hopper lid and any remaining beans.
 - Rotate the adjustment ring to the coarsest setting.
 - Carefully remove the upper burr assembly (refer to diagram in manual for specific instructions).
 - Use the cleaning brush to remove all coffee particles from both the upper and lower burrs, as well as the grinding chamber.
 - Reassemble the burr set, ensuring it is securely in place.
- 3. Exterior Cleaning:** Wipe the exterior of the grinder with a damp, wrung-out cloth. Do not use strong detergents or acidic solvents. Do not clean with water or place in a dishwasher.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Grinder not turning on	Not plugged in; Power switch off	Ensure grinder is plugged in and power switch is on.
Beans not grinding	Hopper empty; Burrs clogged	Add beans to hopper. Clean burrs and grinding chamber.
Inconsistent grind size	Burrs dirty or worn; Grind setting too coarse/fine	Clean burrs thoroughly. Adjust grind setting incrementally. Consider burr replacement if worn.
Excessive static/messy grounds	Anti-static feature not working optimally; Very dry beans	Ensure anti-static feature is active. Lightly mist beans with water before grinding to reduce static.

SPECIFICATIONS

- **Brand:** STARSEEKER
- **Model Number:** E55 Pro
- **Color:** Black
- **Material:** Aluminum
- **Product Dimensions:** 7.68"L x 3.66"W x 10.24"H
- **Item Weight:** 10.65 pounds
- **Burr Type:** 55mm Titanium Conical Burr
- **Grind Adjustment:** Stepless (0.01mm increments)
- **Special Features:** Anti-Static Plasma Technology, Magnetic Grounds Cup, Tool-Free Burr Removal
