

Garvee PHO_158Q

Garvee 71-inch Large Double Dog Crate Furniture Instruction Manual

Model: PHO_158Q

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Garvee 71-inch Large Double Dog Crate Furniture. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

The Garvee PHO_158Q is a versatile furniture piece designed to serve as a comfortable double dog kennel, a stylish TV stand, or a side table. It features two separate compartments for medium to large dogs and three integrated drawers for storage.

SAFETY INFORMATION

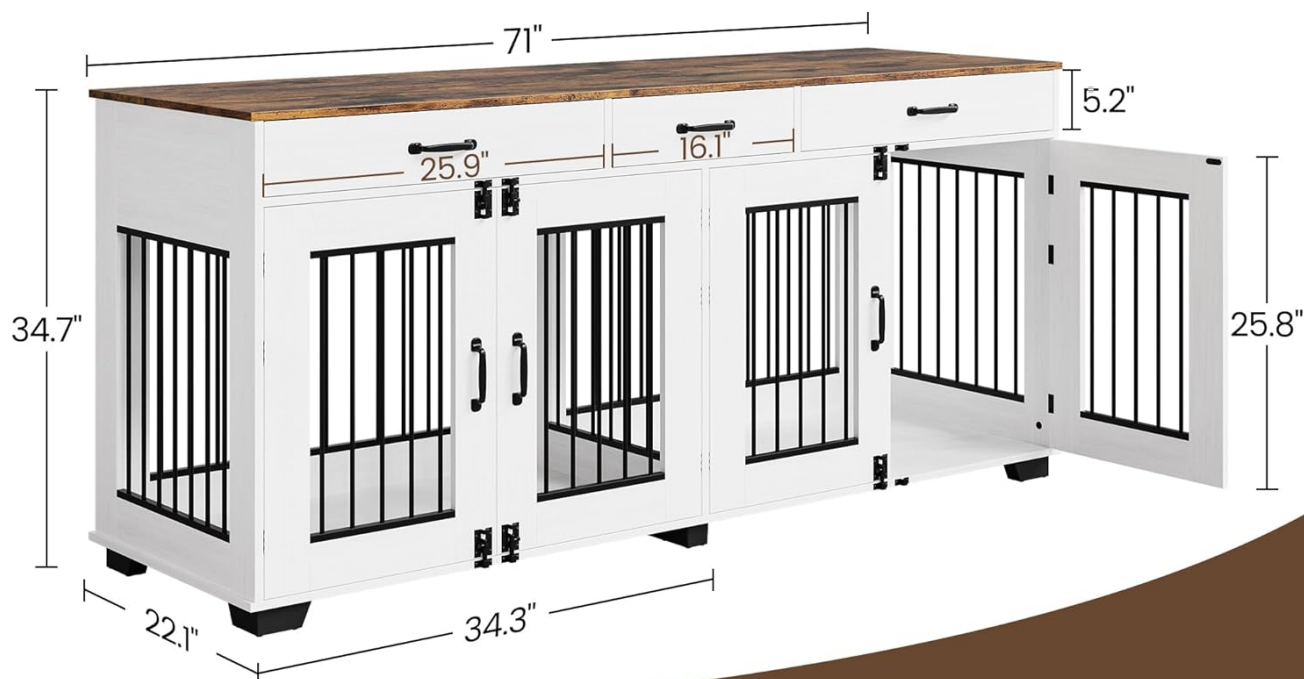

- Ensure all parts are securely fastened before allowing pets to use the crate.
- Do not overload the top surface or drawers. Refer to specifications for weight limits.
- Keep small children away during assembly to prevent access to small parts.
- Regularly inspect the crate for any loose or damaged components. Discontinue use if damage is found.
- This product is designed for indoor use only.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Engineered Wood Panels (various sizes for top, sides, bottom, dividers, drawers)
- Metal Bar Panels (for crate doors and sides)
- Hardware Kit (screws, dowels, cam locks, hinges, drawer slides, handles, latches)

71" EXTRA LARGE DOG CRATE

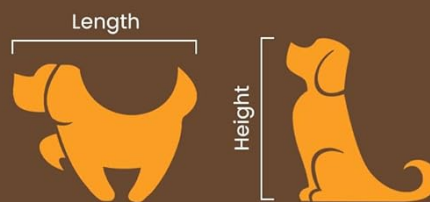

How to Measure Your Dogs?

Step 1: Length

Measure the length from the nose to the tail by keeping your dog in normal standing

Step 2: Height

Measure the distance from dog's ears or head to its paws in normal sitting as the height Tips

* Reserve 4" more than the measured length and height for the dogs' activity space

Figure 1: Product dimensions and guidance on measuring your dog for proper fit.

SETUP AND ASSEMBLY

Assembly requires two adults and approximately 3-6 hours. Follow the numbered steps provided in the included assembly guide. It is recommended to use wood glue on dowels for added stability, though this is optional.

General Assembly Tips:

- Lay out all parts and hardware before starting.
- Use a soft cloth or carpeted surface to prevent scratching components during assembly.
- Do not overtighten screws to avoid damaging the wood.
- Ensure all cam locks are fully engaged for structural integrity.

Key Components and Features:

Figure 2: Detailed view of key structural and design elements.

- **Wide Top Surface:** Provides ample space for decor, a television, or other household items.
- **Strong Metal Tubes:** Integrated into the crate doors and side panels for durability and security.
- **Reinforced Base:** Ensures stability and elevates the unit slightly from the floor.
- **Textured Drawer Handles:** Ergonomically designed for easy access to storage drawers.

OPERATING INSTRUCTIONS

Using the Dog Crates:

- **Opening/Closing Doors:** Each crate compartment features a double-door design with a secure latch mechanism. To open, slide the latch and pull the doors outward. To close, push the doors firmly and engage the latch.
- **Security:** The double locking mechanism and four vertical slide locks ensure pets are securely contained. Always ensure all locks are engaged when your pet is inside.
- **Pet Comfort:** The two separate 34.3-inch compartments (total length 71 inches) provide ample space for

medium to large dogs to stand, turn, and rest comfortably.

Figure 3: The Garvee double dog crate in use, demonstrating its dual functionality as pet housing and furniture.

Utilizing Storage Drawers:

- The three pull-out drawers are located above the crate compartments. They offer convenient storage for pet supplies such as toys, treats, leashes, and grooming tools, as well as other household essentials.
- To open, gently pull the textured handles. To close, push the drawers back until they are flush with the unit.

EXTRA LARGE STORAGE SPACE

3 drawers are great places to store dog supplies

Figure 4: The three spacious drawers provide ample storage for pet supplies and other items.

MAINTENANCE

- **Cleaning:** Wipe down all surfaces with a soft, damp cloth. For stubborn stains, use a mild, pet-safe cleaner. Avoid abrasive cleaners or harsh chemicals that could damage the finish or harm your pet.
- **Hardware Check:** Periodically check all screws, bolts, hinges, and latches to ensure they remain tight and secure. Tighten any loose hardware as needed.
- **Wood Care:** Avoid prolonged exposure to moisture or direct sunlight to prevent warping or fading of the wood components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Crate feels unstable or wobbly.	Loose hardware; uneven floor.	Ensure all screws and cam locks are fully tightened. Move to a level surface or use shims under the feet.
Doors do not close or latch properly.	Misaligned hinges; bent latch mechanism.	Check hinge alignment and adjust if necessary. Inspect the latch for damage and ensure it moves freely.
Drawers stick or do not slide smoothly.	Improperly installed drawer slides; debris in tracks.	Verify drawer slide installation according to the assembly guide. Clean tracks of any dust or debris.
Pet escapes from the crate.	Latches not fully engaged; damaged bars.	Always ensure all latches are securely closed. Inspect metal bars for any damage or bending. Contact support if bars are compromised.
