› TRIUMPHKEY H16 Vanity Table with LED Mirror Instruction Manual

## TRIUMPHKEY H16

# TRIUMPHKEY H16 Vanity Table with LED Mirror

## INSTRUCTION MANUAL

Official instruction manual for the TRIUMPHKEY H16 Vanity Table.

### Product Overview

The TRIUMPHKEY H16 Vanity Table is a minimalist furniture piece designed for makeup application and storage. It features an integrated LED mirror, a sliding mirror for hidden storage, multiple drawers, and open shelves. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure proper use and longevity of your product.

## Package Contents

Before beginning assembly, please verify that all components and hardware are present and undamaged. Refer to the included parts list in your packaging for a complete inventory. If any parts are missing or damaged, please contact customer support.

## Setup and Assembly

The TRIUMPHKEY H16 Vanity Table requires assembly. Follow the step-by-step instructions provided in the separate assembly guide included with your product. Ensure you have adequate space and the necessary tools (typically a screwdriver) before starting.

- **Unpack:** Carefully remove all components from the packaging.
- **Inspect:** Check all parts against the parts list to confirm everything is present and in good condition.

- **Assemble:** Follow the detailed assembly instructions. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.
- **Secure:** Ensure all screws and fasteners are tightened securely for stability. Do not overtighten.

**Trastero oculto**

**4 cajones**

**Cajones con cerradura**

**Almacenamiento abierto**

## Operating Instructions

### LED Mirror Operation

The integrated LED mirror features adjustable lighting for various needs. To operate:

1. **Power On/Off:** Locate the touch sensor on the mirror surface. Tap once to turn the LED light on or off.
2. **Adjust Brightness:** With the light on, press and hold the touch sensor to cycle through the three brightness levels (Low, Medium, High). Release the sensor when the desired brightness is reached.

### Sliding Mirror and Hidden Storage

The vanity table is equipped with a sliding mirror that conceals additional storage shelves. To access the hidden storage:

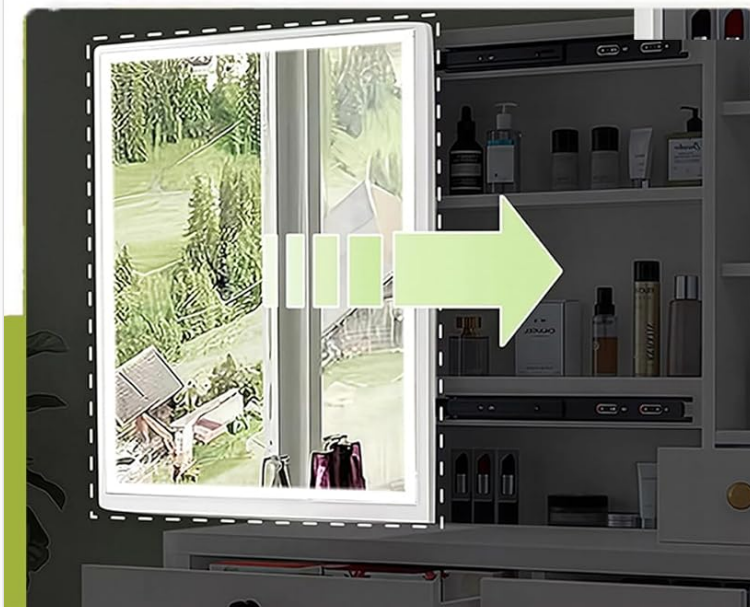

- Gently slide the mirror horizontally to reveal the shelves behind it.
- Slide the mirror back into its original position to conceal the storage and use the mirror normally.

## Estabilidad Estructural

**Mucho Espacio De Almacenamiento  
Para Tus Necesidades Diarias**

## Almacenamiento Oculto

**Espejo Móvil  
3 Niveles De Luminosidad Ajustables**

### Drawer and Shelf Usage

The vanity table includes five drawers of varying sizes and eight open shelves for organized storage of cosmetics, skincare products, perfumes, and other items. One drawer features a lock for securing valuables.

## Maintenance

- **Cleaning Surfaces:** Wipe all surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Dusting:** Regularly dust the vanity table to prevent buildup.
- **Avoid Moisture:** Protect the table from excessive moisture and direct sunlight to prevent warping or discoloration.

## Troubleshooting

| Problem                            | Possible Cause                         | Solution                                                                                                                                     |
|------------------------------------|----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| LED mirror light does not turn on. | Power connection issue, faulty sensor. | Ensure the power cable is securely plugged in. Try tapping the touch sensor multiple times. If the issue persists, contact customer support. |

| Problem                                   | Possible Cause                                      | Solution                                                                                             |
|-------------------------------------------|-----------------------------------------------------|------------------------------------------------------------------------------------------------------|
| Mirror does not slide smoothly.           | Obstruction in the sliding mechanism, dust buildup. | Check for any objects blocking the track. Clean the sliding mechanism with a soft, dry cloth.        |
| Parts missing or damaged during assembly. | Shipping damage, packaging error.                   | Do not proceed with assembly. Contact TRIUMPHKEY customer service immediately for replacement parts. |
