

RORRY T1-10000

RORRY CharmGo 10000mAh 30W Portable Power Bank User Manual

Model: T1-10000 | Brand: RORRY

INTRODUCTION

Thank you for choosing the RORRY CharmGo 10000mAh 30W Portable Power Bank. This device is designed to provide convenient and fast charging for your electronic devices on the go. Featuring built-in cables, a compact design, and multiple safety protections, it ensures reliable power whenever you need it.

PRODUCT OVERVIEW

Key Features:

- **10000mAh High Capacity:** Provides approximately 2 full charges for an iPhone 17.
- **30W Fast Charging:** Supports Power Delivery (PD) for rapid charging of compatible devices and the power bank itself.
- **Built-in Cables:** Includes retractable USB-C and Lightning cables, eliminating the need for extra cords.
- **Multi-Device Charging:** Charge up to 3 devices simultaneously using the built-in cables and USB-C port.
- **Pass-Through Charging:** Charge the power bank and connected devices simultaneously.
- **Compact & Portable:** Lightweight design with an integrated carabiner for easy carrying.
- **Advanced Safety Features:** PSE certified with multiple protection circuits against over-heating, short-circuiting, over-voltage, and over-charging.

Package Contents:

- RORRY CharmGo 10000mAh Portable Power Bank
- USB-C to USB-C Charging Cable
- User Manual (Japanese, English)

SETUP

Initial Charging of the Power Bank:

1. Before first use, fully charge your RORRY CharmGo Power Bank.
2. Connect the included USB-C to USB-C cable to the power bank's USB-C port.
3. Connect the other end of the cable to a compatible USB-C wall adapter (not included). For fastest charging, use a 30W PD compatible adapter.
4. The LED indicators on the power bank will illuminate to show charging progress. All LEDs will be solid when fully charged.
5. A full charge takes approximately 1.3 hours with a 30W PD adapter.

何故RORRYを選ばれる？

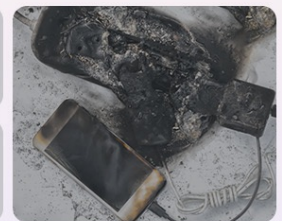

-  高品質バッテリーセル
-  V-0規格の難燃性素材
-  日本国内認証取得
-  機内持ち込み可

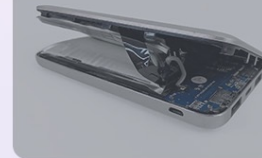

⚠️ 注意！ 悪質なモバイルバッテリー 四つ安全上の危険あり！

OPERATING INSTRUCTIONS

Charging Your Devices:

1. **Using Built-in Cables:** Gently pull out the appropriate built-in cable (USB-C or Lightning) from its slot. Connect it

directly to your device.

2. **Using USB-C Port:** For devices requiring a different cable or for additional charging, use your own USB-C cable and connect it to the power bank's USB-C port.
3. The power bank will automatically begin charging your device. The LED indicators will show the remaining battery level.
4. To stop charging, simply disconnect the cable from your device.
5. When not in use, ensure the built-in cables are securely retracted into their slots to prevent damage.

Simultaneous Charging (Up to 3 Devices):

You can charge up to three devices concurrently using the built-in USB-C cable, built-in Lightning cable, and the external USB-C port. Note that when charging multiple devices simultaneously, the total output will be limited to 15W.

Pass-Through Charging:

The RORRY CharmGo supports pass-through charging. This means you can charge the power bank itself while it is simultaneously charging your connected devices. Connect the power bank to a wall adapter, then connect your devices to the power bank.

収納可能な lightning ケーブル内蔵

MAINTENANCE

- Keep the power bank away from water, fire, and extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place when not in use for extended periods.
- Periodically charge the power bank (at least once every 3 months) to maintain battery health.

TROUBLESHOOTING

Device not charging:

- Ensure the power bank is sufficiently charged. Check the LED indicators.
- Verify that the charging cable is securely connected to both the power bank and your device.
- Try using a different cable or port on the power bank.
- Ensure your device is compatible with the power bank's output specifications.

Power bank not charging:

- Ensure the charging cable is securely connected to the power bank and the wall adapter.
- Verify that the wall adapter is functioning correctly and plugged into a live outlet.
- Try using a different USB-C cable and/or wall adapter.

Slow charging:

- Ensure you are using a 30W PD compatible wall adapter for charging the power bank.
- When charging multiple devices, the total output is limited to 15W, which may result in slower charging for individual devices.
- Check if your device supports fast charging.

Overheating:

- The power bank is equipped with an NTC temperature management system to prevent overheating. If the device feels excessively hot, disconnect it immediately and allow it to cool down.
- Avoid charging in direct sunlight or enclosed spaces with poor ventilation.

SPECIFICATIONS

Brand	RORRY
Model Number	T1-10000
Battery Capacity	10000mAh
Battery Type	Lithium Ion
Voltage	3.85V

Input (USB-C)	Up to 30W PD
