VASAGLE Vanity Table with LED Mirror and Power Outlet

Model: RDT140WB01

Brand: VASAGLE

INTRODUCTION

Thank you for choosing the VASAGLE Vanity Table with LED Mirror and Power Outlet, Model RDT140WB01. This versatile vanity is designed to enhance your daily routine with its adjustable LED lighting, convenient integrated power strip, and flexible L-shaped configuration. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

SETUP AND ASSEMBLY

Assembly of this vanity table is required. Follow the included step-by-step instructions in your package. A screwdriver with a double tip is typically provided for convenience. Ensure all components are present before beginning assembly.

Configurable Design

The vanity table features a unique L-shaped design that can be configured in two ways: as a straight unit or an L-shaped corner unit. This flexibility allows it to adapt to various room layouts.

Optimized Legroom and Drawer Access

The design prioritizes user comfort, ensuring ample legroom and unobstructed access to drawers when the mirror is positioned to the left. Avoid central mirror placement, which can reduce legroom and hinder drawer opening.

Wall Mounting for Stability

For enhanced stability and safety, it is recommended to secure the vanity table to a wall using the provided anti-tipping hardware. Follow the instructions carefully to properly install the wall anchors and brackets.

OPERATING INSTRUCTIONS

LED Mirror Lighting

The integrated LED mirror offers three color temperatures and adjustable brightness to suit your preference and lighting needs.

- **Change Color:** Press the power button on the switch to cycle through 6000K (Cool light), 4000K (Natural light), and 3000K (Warm light).
- **Adjust Brightness:** Hold the power button for a few seconds to increase or decrease the light intensity.

Note: It is recommended to use a 5V/2A power adapter for optimal performance of the LED lights.

MAINTENANCE

- **Cleaning Surfaces:** Wipe all wooden and metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Electrical Components:** Ensure the power outlet and LED mirror components are kept dry. Do not attempt to clean them with liquids while plugged in.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If drawers become stiff, a small amount of silicone lubricant can be applied to the slides.
- **Regular Checks:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary to maintain structural integrity.

TROUBLESHOOTING

- **LED Lights Not Working:**
 - Ensure the vanity is properly plugged into a functional power outlet.
 - Check if the 5V/2A power adapter is correctly connected to the LED light cable.
 - Verify that the power button on the LED switch is pressed.
- **Power Outlets Not Functioning:**
 - Confirm the vanity's main power cord is securely plugged into a working wall outlet.
 - Test the wall outlet with another device to ensure it is supplying power.
 - Avoid overloading the power strip with too many high-wattage devices.
- **Drawers Are Stiff or Not Closing Properly:**
 - Check for any obstructions in the drawer slides.
 - Ensure the drawer slides are properly aligned and not bent.
 - Verify that the drawer contents are not too heavy or unevenly distributed.
 - Re-check assembly of the drawer slides and ensure all screws are tight.
- **Vanity Feels Unstable:**
 - Ensure all assembly screws are fully tightened.
 - Verify that the vanity is placed on a flat, level surface.
 - Confirm that the anti-tipping hardware is correctly installed and secured to the wall.
