## SETUP

### 1. Charging the Smart Watch

Before initial use, fully charge your LIGE TX1-E Smart Watch.

1. Connect the magnetic charging cable to a USB power adapter (not included).
2. Attach the magnetic end of the cable to the charging contacts on the back of the smartwatch. Ensure a secure connection.
3. The watch display will indicate charging status. A full charge typically takes 2-5 hours.

## 2. App Installation and Pairing

To unlock all features and synchronize data, download the companion app on your smartphone. The LIGE TX1-E is compatible with Android 9.0+ and iOS 9.0+ devices.

1. Scan the QR code provided in the quick start guide or search for the official app in your phone's app store (Google Play Store for Android, Apple App Store for iOS).
2. Install and open the app. Follow the on-screen instructions to create an account or log in.
3. Ensure Bluetooth is enabled on your smartphone.
4. Within the app, navigate to the device pairing section and select "Add Device" or similar option.
5. The app will search for nearby devices. Select "TX1-E" from the list.
6. Confirm the pairing request on both your smartphone and the smartwatch.
7. Once paired, the watch will synchronize time and data with your phone.

**Note:** For a visual guide on pairing, please refer to the official connection video.

## OPERATING INSTRUCTIONS

---

### Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate menus and access different functions. Tap to select.
- **Power Button:** Press to wake/sleep the screen. Long press to power on/off.
- **Menu Button:** Access the main menu or return to the previous screen.
- **Sport Button:** Quick access to sports modes.

### Bluetooth Calling and Message Notifications

Once paired with your smartphone, the TX1-E allows you to manage calls and view notifications directly from your wrist.

- **Answering/Making Calls:** When a call comes in, you can answer or reject it on the watch. You can also dial numbers or select contacts from the watch interface. The watch features a 60-decibel speaker and a noise-cancelling microphone for clear communication.
- **Message Notifications:** Receive alerts for SMS, Facebook, WhatsApp, Twitter, TikTok, and other app notifications. You can read messages on the watch screen.
- **Disabling Feature:** If you do not wish to use the Bluetooth calling feature, it can be turned off in the watch settings or companion app.

## Health Monitoring

The TX1-E is equipped with biometric sensors to track various health metrics.

- **Heart Rate Monitoring:** Continuously tracks your heart rate throughout the day. View real-time data and historical trends in the app.
- **Sleep Tracking:** Monitors your sleep patterns, including deep sleep, light sleep, and awake times. Provides insights into sleep quality.
- **Blood Oxygen (SpO2) Monitoring:** Measures your blood oxygen saturation levels.
- **Blood Pressure Monitoring:** Provides estimates of your blood pressure.

**Disclaimer:** The health monitoring features are for general fitness and wellness purposes only and are not intended for medical diagnosis, treatment, or prevention of any disease. Consult a medical professional for any health concerns.

## Sports Modes

The TX1-E supports over 100 sports modes for tracking your physical activities.

- To start a workout, press the Sport button or navigate to the Sports menu.
- Select your desired activity (e.g., running, cycling, climbing).
- The watch will track metrics such as heart rate, duration, distance, and calories burned.
- Review your workout summaries on the watch or in the companion app for detailed analysis.

## Outdoor Features

For outdoor enthusiasts, the TX1-E includes specialized tools.

- **Compass:** Provides accurate directional information to aid navigation.
- **Altimeter:** Measures your current elevation and tracks altitude changes.
- **Barometer:** Monitors air pressure changes, offering insights into weather trends.

## Watch Faces

Personalize your watch with over 200 available watch faces or create your own.

- Access watch face options through the companion app.
- Browse and select from a variety of pre-designed styles.
- Upload your favorite photos to create custom watch faces.

Image: A selection of watch faces available for the LIGE TX1-E, including customization options.

## AI Voice Assistant

Utilize the integrated AI voice assistant for quick commands and information.

- Activate the voice assistant by a specific gesture or button press (refer to watch settings).
- Speak your commands or questions (e.g., "What's the weather?", "Play music").

## Other Functions

The TX1-E includes several additional utility features:

- **Weather Forecast:** Get real-time weather updates.
- **Music Control:** Control music playback on your smartphone.
- **Camera Control:** Remotely trigger your smartphone's camera shutter.
- **Alarms, Stopwatch, Timer:** Standard timekeeping functions.
- **Sedentary and Water Reminders:** Prompts to move or drink water.
- **Find Phone:** Helps locate your paired smartphone.

## MAINTENANCE

---

### Water Resistance (5ATM)

The LIGE TX1-E has a 5ATM water resistance rating, meaning it can withstand pressures equivalent to a depth of 50 meters. This makes it suitable for:

- Showering (cold water)
- Swimming in shallow water
- Rain and splashes

#### Important:

- Do not use the watch in hot water, saunas, or steam rooms, as steam can penetrate the seals.
- Avoid prolonged submersion or high-pressure water activities like diving or high-speed water sports.
- Do not operate buttons underwater.

## Cleaning

To keep your smartwatch in optimal condition:

- Wipe the watch body and straps regularly with a soft, dry, lint-free cloth.
- If necessary, use a slightly damp cloth for stubborn dirt, then dry thoroughly.
- Avoid using harsh chemicals, abrasive cleaners, or solvents.

## TROUBLESHOOTING

---

If you encounter issues with your LIGE TX1-E Smart Watch, try the following solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger and wait a few minutes before attempting to power it on.
- **Unable to pair with phone:**
  - Ensure Bluetooth is enabled on your phone and the watch.
  - Make sure the watch is within range of your phone.
  - Restart both your phone and the watch.
  - Clear the Bluetooth cache on your phone (if applicable).
  - Try unpairing and re-pairing the device through the app.
- **Inaccurate health data:**
  - Ensure the watch is worn snugly on your wrist, not too tight or too loose.
  - Clean the sensor on the back of the watch.
  - Avoid excessive movement during measurements.
- **Notifications not appearing:**
  - Check app permissions on your phone to ensure the companion app has access to notifications.
  - Verify that notification settings are enabled in both the watch app and the watch itself.
  - Ensure the watch is connected via Bluetooth.
- **Short battery life:**
  - Reduce screen brightness.
  - Disable continuous heart rate monitoring if not needed.
  - Limit frequent screen wake-ups.
  - Turn off features like Bluetooth calling if not actively used.

If these steps do not resolve your issue, please contact customer support.
