HOMBCK B0FPG98MKW

HOMBCK Floating Bed Frame King with LED Lights

MODEL: B0FPG98MKW

Introduction

Thank you for choosing the HOMBCK Floating Bed Frame. This King-sized bed frame features an innovative design with hidden legs, creating a floating aesthetic. It includes integrated LED lighting with extensive color options and smart control capabilities. Constructed from durable metal, this frame is designed for stability and ease of assembly, eliminating the need for a box spring. Please read this manual thoroughly before assembly and use to ensure proper setup and enjoyment of your new bed frame.

Safety Information

- **Weight Capacity:** Do not exceed the maximum weight recommendation of 1000 pounds. Overloading the bed frame can lead to structural damage and potential injury.
- **LED Lights:** Exercise caution around the hidden LED light strips during assembly and use. Ensure all electrical connections are secure and protected from moisture.
- **Assembly:** Always follow the assembly instructions carefully. Ensure all bolts and fasteners are tightened securely before use.
- **Children:** Keep small parts away from children during assembly.

Package Contents

Before beginning assembly, verify that all components are present and undamaged. The package typically includes:

- Metal frame components
- Slats
- Thickened support legs
- LED light strip and controller
- Assembly hardware (bolts, nuts, washers, Allen wrench)
- Instruction manual

If any parts are missing or damaged, please contact HOMBCK customer support for assistance.

Assembly Instructions

The HOMBCK Floating Bed Frame is designed for easy assembly by one person, with detailed instructions and numbered accessories provided. Please follow these general steps, referring to the included paper manual for specific diagrams and part numbers.

1. **Unpack Components:** Lay out all parts on a clean, soft surface to prevent scratches. Identify each component using the provided part list.
2. **Assemble Frame Sections:** Connect the main frame sections according to the diagrams in your manual. Ensure all connections are aligned correctly before tightening bolts.
3. **Attach Support Legs:** Secure the thickened support legs to the designated points on the frame. These legs are crucial for stability and weight distribution.
4. **Install Slats:** Place the metal slats across the frame. The noise-free design includes features to prevent squeaking. Ensure all slats are properly seated and secured.
5. **Install LED Lights:** Carefully attach the LED light strip to the underside of the bed frame as indicated in the manual. Ensure the strip is securely adhered and the wiring is neatly routed and connected to the controller.
6. **Final Check:** Double-check all connections and ensure all bolts are tightened. The bed frame should be stable and level.

Easy Assembly

Noise-Free

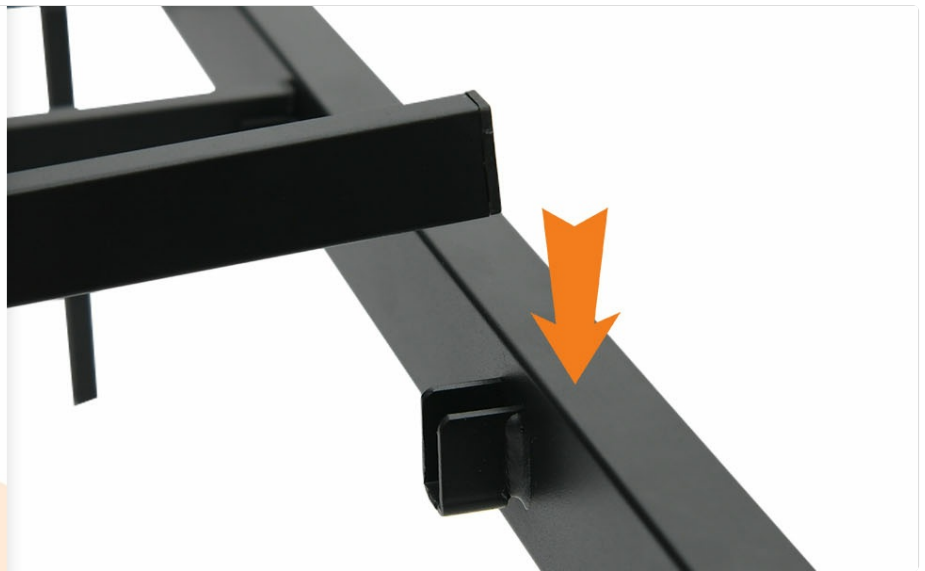

Thickened Legs

Sturdy Structure

Noise-Free Design

This image highlights the noise-free design, showing padding or secure connections that prevent squeaking.

Operating Instructions: LED Lights

The integrated LED light system offers a customizable ambiance for your bedroom. The lights are controlled via a dedicated application on your smartphone.

1. **Power Connection:** Ensure the LED light strip is properly connected to its power source and the control unit.
2. **App Download:** Download the specified control application to your smartphone (refer to the LED light manual or packaging for app details).
3. **Pairing:** Follow the app's instructions to pair your smartphone with the LED light controller.
4. **Features:** Once paired, you can access various functions:
 - **Color Selection:** Choose from over 60,000 colors to match your mood or decor.
 - **Music Synchronization:** Activate music mode to have the LED colors and flashing patterns change in sync with your music.
 - **Timing Mode:** Set schedules for the lights to turn on or off automatically.
 - **Brightness Adjustment:** Adjust the intensity of the lights.
 - **Custom Styles:** Create and save your own unique lighting effects.

LED LIGHTS BED FRAME

Over 60,000 Colors adjustable

Maintenance

To ensure the longevity and appearance of your HOMBCK Floating Bed Frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fasteners:** Periodically check all bolts and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.

- **LED Lights:** Keep the LED light strips clean and free of dust. If the adhesive weakens, re-secure the strips with appropriate adhesive tape designed for electronics.
- **Under-bed Area:** The 7-inch clearance allows for easy cleaning underneath the bed, including robot vacuum access. Regularly clean this area to prevent dust accumulation.

This image illustrates the ample 7-inch under-bed clearance, making it convenient for cleaning, including the use of robot vacuums, and providing space for storage.

Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED lights not working or falling off	Loose connection, faulty strip, or weak adhesive.	Check all power connections. Ensure the light strip is securely attached; re-apply adhesive if necessary. If the strip is faulty, contact customer support.
Bed frame is noisy/squeaking	Loose bolts or improper slat placement.	Re-tighten all assembly bolts. Ensure all slats are correctly seated and the noise-reducing pads (if any) are in place.
Bed frame feels unstable	Incomplete assembly or loose connections.	Review assembly instructions and ensure all components are correctly installed and all fasteners are fully tightened.

Specifications

Feature	Detail
Model	B0FPG98MKW
Size	King
Material	Metal
Product Dimensions (L x W x H)	81.5"L x 77.6"W x 7.9"H
Style	Modern, Floating
Special Feature	LED Lighting (60,000+ colors, music sync, app control)
