

## Novilla B-F12014-K-BR

# Novilla King Bed Frame and Headboard Instruction Manual

Model: B-F12014-K-BR

## 1. IMPORTANT SAFETY INFORMATION

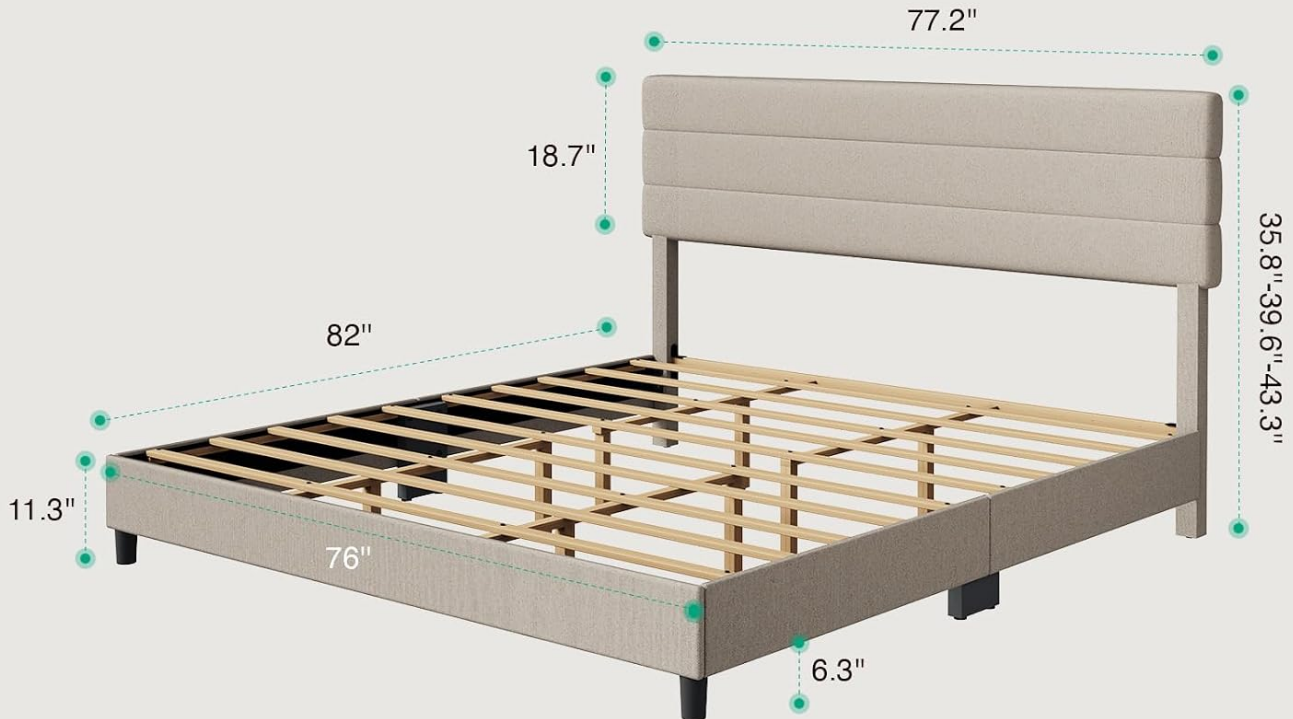

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Do not exceed the maximum weight capacity of **1000 lbs (453 kg)**.
- Exercise caution when adjusting the headboard height to prevent injury.
- Always use the provided tools carefully during assembly.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as needed.
- Keep small parts away from children during assembly.

## 2. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the parts list provided in your physical installation manual. If any accessories are missing or defective, please contact Novilla customer support immediately using the information on the cover of your installation instructions.

## 3. SETUP AND ASSEMBLY

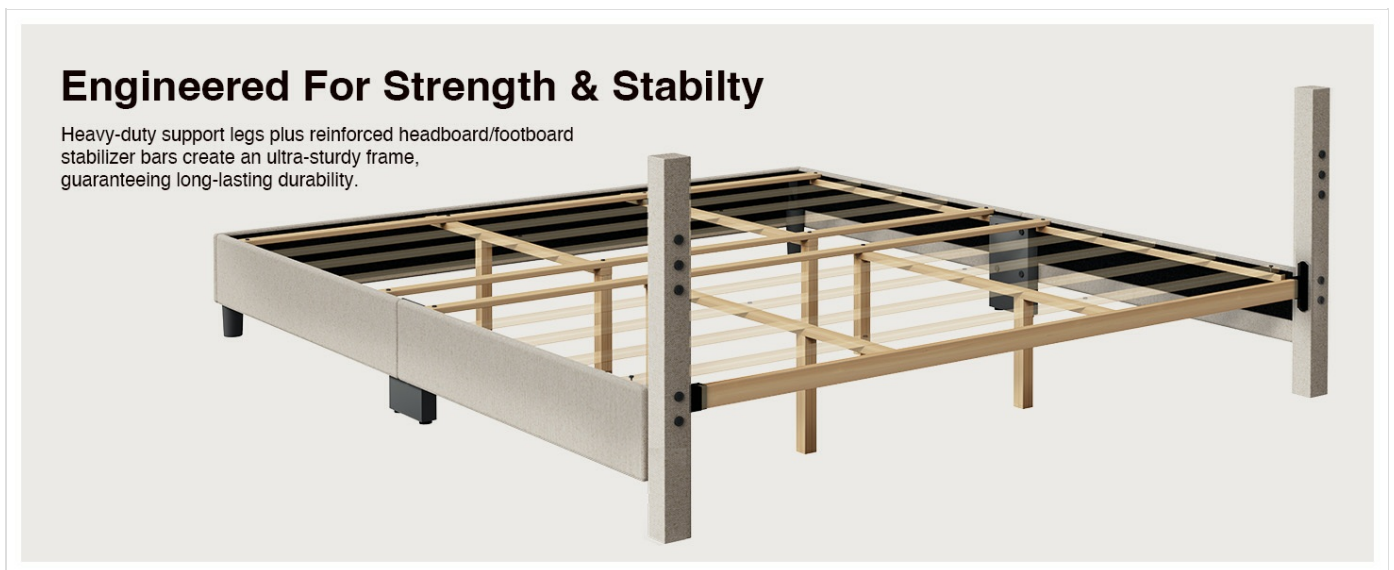

Assembly typically takes approximately **30 minutes with two people**. All necessary tools are included in the package.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent scratches.
2. **Assemble Headboard:** Attach the headboard support legs to the headboard panel using the provided screws and hex wrench. Ensure they are securely fastened.
3. **Connect Side Rails:** Attach the side rails to the headboard and footboard using the designated hardware. Do not fully tighten screws until all major components are aligned.
4. **Install Center Support:** Position the center support beam and legs. Fix the legs with screws and tighten them using the tools provided.

5. **Place Slats:** Lay the wooden slats across the bed frame. The slats are designed with velcro for easy placement and are reinforced with screws for stability. Ensure each slat is properly seated and secured to prevent movement and noise.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all screws and fasteners.

*Image: Top-down view of the bed frame showing the wooden slats secured with velcro and screws, designed for solid stability and quiet operation.*

## 4. OPERATING INSTRUCTIONS

### 4.1 Adjustable Headboard

The headboard offers **3 height adjustment levels**: 35.8 inches, 39.6 inches, and 43.5 inches. This feature accommodates mattresses ranging from 6 to 14 inches thick.

- To adjust the headboard height, loosen the bolts connecting the headboard to its support legs.
- Carefully slide the headboard to your desired height setting.
- Ensure the headboard is level and re-tighten the bolts securely at the new position.

# 3-Level Adjustable Headboard

8"-14" mattress recommended

*Image: Visual representation of the headboard's three adjustable height options (35.8", 39.6", 43.5") to suit various mattress thicknesses.*

## 4.2 Mattress Compatibility

This bed frame is designed to be used **without a box spring**. The robust wooden slat system provides ample support for your mattress directly.

## 4.3 Silent Operation

The bed frame features velcro-secured slats reinforced with screws. This design minimizes movement and noise, ensuring a quiet sleeping environment.

## 5. MAINTENANCE

- **Cleaning:** The linen upholstered headboard and frame can be spot cleaned with a damp cloth and mild detergent. Avoid harsh chemicals or abrasive cleaners.
- **Regular Inspection:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.

- **Under-bed Clearance:** The 6.3-inch low profile storage space allows for easy cleaning underneath the bed, including access for robot vacuums.
