Polibi B0FPKSH6YF

Polibi Twin Daybed User Manual

Model: B0FPKSH6YF

INTRODUCTION

Thank you for choosing the Polibi Twin Daybed. This manual provides detailed instructions for the assembly, operation, and maintenance of your new daybed, which features a multi-functional storage headboard with charging capabilities, two spacious under-bed drawers, and integrated LED lighting. Please read this manual thoroughly before assembly and use to ensure safe and proper operation.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not use damaged parts.
- Assemble the daybed on a soft, clean surface to prevent scratches.
- Tighten all fasteners securely, but do not overtighten. Periodically check and retighten fasteners.
- Keep small parts away from children during assembly.
- Do not exceed the maximum weight capacity of 500 lbs (227 kg).
- Only use the recommended mattress size for a twin bed.
- Ensure electrical connections for charging and LED lights are properly installed and not damaged.

PACKAGE CONTENTS

Before beginning assembly, verify that all components listed in the packing list (usually found in the assembly instructions included with the product) are present. If any parts are missing or damaged, contact customer support immediately.

SETUP AND ASSEMBLY

Assembly of the Polibi Twin Daybed is designed to be straightforward. It is recommended to have two people for assembly. Please follow the detailed step-by-step instructions provided in the separate assembly manual included with your product. Below are general guidelines:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent damage.
2. **Assemble Frame:** Begin by assembling the main bed frame structure according to the diagrams. Ensure all bolts and screws are finger-tightened initially.
3. **Attach Headboard:** Secure the storage headboard to the main frame. Connect any wiring for the LED lights and charging ports as instructed.
4. **Install Slats:** Place and secure the bed slats onto the frame.
5. **Assemble Drawers:** Construct the two under-bed drawers and install their wheels or glides.
6. **Insert Drawers:** Slide the assembled drawers into their designated positions under the bed.
7. **Final Tightening:** Once all components are in place, go back and securely tighten all fasteners using the provided tools. Do not overtighten.

OPERATING INSTRUCTIONS

1. Storage Headboard and Charging

The integrated headboard provides convenient storage shelves for books, decor, or personal items. The built-in charging station allows you to power your devices directly from the headboard.

- **Using Storage:** Place items on the open shelves within the headboard for easy access.
- **Using Charging Ports:** Connect the daybed's power cord to a wall outlet. Use the USB ports or wireless charging pad (if equipped) on the headboard to charge compatible electronic devices. Ensure devices are properly aligned on the wireless charging pad for optimal performance.

Image: Detail of the headboard, highlighting storage compartments and charging features.

2. LED Lighting System

The daybed features built-in LED lights in the headboard to create ambient lighting. These lights are controlled via a remote or integrated switch.

- **Power On/Off:** Use the provided remote control or the switch on the headboard to turn the LED lights on or off.
- **Adjust Settings:** The remote control allows you to change light colors, adjust brightness, and select various lighting modes (if available). Refer to the LED light remote's specific instructions for full functionality.

Ambient Lighting

Built - in LED lights with color create a warm, unique atmosphere for bedtime or relaxation, and won't dazzle during night.

3. Under-Bed Storage Drawers

Two large drawers are located under the bed for additional storage. These are ideal for bedding, clothing, or other items.

- **Opening/Closing:** Gently pull the drawer handles to open and push to close. Ensure drawers are fully closed when not in use to prevent dust accumulation.
- **Loading:** Distribute weight evenly within the drawers. Avoid overloading to ensure smooth operation and prevent damage to the drawer mechanism.

Storage Function

Designed with 2 storage drawers, it can hold sheets, accessories, off season clothing, and more.

MAINTENANCE AND CARE

- **Upholstery Care:** For velvet upholstery, gently vacuum regularly to remove dust. For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, consult a professional upholstery cleaner.
- **Frame Care:** Wipe the wooden and MDF surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **LED Lights:** The LED lights are designed for long life. If a light strip malfunctions, contact customer support for replacement options. Do not attempt to repair yourself.
- **Charging Ports:** Keep charging ports free of dust and debris. Do not force plugs into the ports.
- **Drawer Mechanism:** Periodically check drawer glides for smooth operation. Clean any accumulated dust or debris.
- **Fasteners:** Regularly check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not working	<ul style="list-style-type: none"> Power cord not connected Remote battery dead Loose connection 	<ul style="list-style-type: none"> Ensure the daybed is plugged into a working outlet. Replace the remote control battery. Check all LED light connections in the headboard.
Charging ports not working	<ul style="list-style-type: none"> Daybed not plugged in Device not compatible Loose connection 	<ul style="list-style-type: none"> Verify the daybed is plugged into a working outlet. Ensure your device is compatible with the charging type (USB, wireless). Check the internal wiring connections for the charging module.
Drawers stick or don't slide smoothly	<ul style="list-style-type: none"> Overloaded drawer Debris in glides Misaligned during assembly 	<ul style="list-style-type: none"> Reduce the weight in the drawer. Clean the drawer glides of any dust or obstructions. Re-check assembly steps for drawer installation.
Daybed feels unstable	<ul style="list-style-type: none"> Loose fasteners Uneven floor 	<ul style="list-style-type: none"> Tighten all bolts and screws securely. Ensure the daybed is on a level surface. Use shims if necessary.
