Dowinx LS-66D76A

Dowinx LS-66D76A Fabric Gaming Chair User Manual

Model: LS-66D76A

1. INTRODUCTION

Thank you for purchasing the Dowinx LS-66D76A Fabric Gaming Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Please read these instructions carefully before use and retain them for future reference.

2. PRODUCT FEATURES

The Dowinx LS-66D76A chair is designed for comfort and versatility, suitable for various environments from gaming setups to home offices. Key features include:

- **Breathable Fabric:** High-quality fabric material ensures excellent ventilation, keeping you comfortable in all seasons. It is also resistant to abrasion and deformation, promoting long-term cleanliness and durability.
- **Ergonomic Design:** Features an S-curve backrest and adjustable lumbar support to maintain proper posture and reduce strain during extended use.
- **Coil Spring Cushion:** Integrated coil springs, similar to those found in high-end sofas, distribute body weight evenly, reducing pressure on the hips and lower back.
- **Multi-Stage Reclining:** The backrest can recline up to approximately 155 degrees, allowing for various postures suitable for reading, watching movies, or napping.
- **360-Degree Rotation:** The seat base allows for smooth 360-degree rotation, providing freedom of movement without needing to stand up.
- **3D Adjustable Armrests:** Armrests can be adjusted in multiple dimensions (height, rotation) to support your arms and shoulders effectively.
- **Vibration Function:** The lumbar support cushion includes a vibration function for added comfort and relaxation.

3. SETUP

The Dowinx LS-66D76A chair is designed for straightforward assembly. A dedicated tool and assembly instructions in both English and Japanese are included to facilitate the process. It can be easily assembled by one person.

3.1. Unpacking

1. Carefully open the packaging and remove all components.
2. Check the parts list against the included manual to ensure all components are present and undamaged.
3. Place all parts on a clean, flat surface to prepare for assembly.

3.2. Assembly Steps

Refer to the detailed assembly manual provided in the box for step-by-step instructions. Generally, assembly involves:

- Attaching the base to the seat.
- Securing the backrest to the seat.
- Installing the armrests.
- Attaching the headrest and lumbar support cushions.

Ensure all screws are tightened securely after assembly. Do not overtighten.

4. OPERATING INSTRUCTIONS

4.1. Reclining Function

To recline the backrest, locate the lever on the side of the chair (typically on the right). Pull the lever up and lean back to your desired angle (up to 155 degrees). Release the lever to lock the backrest in position. To return to an upright position, pull the lever and lean forward.

90°~155°までのリクライニング機能

座ったままで、レバーによるリクライニング調節ができます！

155°

たっぷりリクライニングで、
深くくつろぐ仮眠へ

穏やかで飽きの来ない和風カラーは、お部屋の雰囲気を静かに引き立てます。
ゲームにも仕事にも、あらゆるシーンに溶け込む、心を凧がせます。

Image 4.1: A user demonstrating the multi-stage reclining function, showing angles for desk work (90°), relaxation (130°), and napping (155°).

4.2. Armrest Adjustment

The 3D armrests can be adjusted for height and rotation. Locate the buttons or levers on the armrests to unlock them for adjustment. Adjust to your preferred height and angle, then release the button/lever to lock. Ensure both armrests are at a comfortable and symmetrical position.

ご自宅でのゲームを、より快適に。

Image 4.2: Close-up views of the armrests, illustrating their height adjustment and rotational capabilities for personalized comfort and support.

4.3. 360-Degree Rotation

The chair's seat can rotate 360 degrees. Simply push off the floor with your feet or use your hands to turn the chair in any direction. This feature allows for easy movement and access to different areas around your workspace without standing.

360°回転式座面

360°自由回転ベースで、座ったまま快適に動きます。

仕事・学習・リラックスタイムまで、軽く回すだけで周囲に手が届き、立ち上がる手間を軽減します。

広いベースで、長時間使用しても安全です。

快適さと実用性を兼ね備え、日常にさらなる自由を与えます。

Image 4.3: A user demonstrating the 360-degree swivel function of the chair, allowing for effortless movement while seated.

4.4. Lumbar Support Vibration

The lumbar support cushion features a built-in vibration function. Connect the USB cable from the cushion to a power source (e.g., a USB port on your computer or a USB wall adapter) to activate the vibration. Use the integrated controller to adjust settings if available.

5. MAINTENANCE

Proper maintenance will extend the life and appearance of your Dowinx LS-66D76A chair. The fabric is designed to be durable and resistant to wear.

5.1. Cleaning the Fabric

- **Regular Cleaning:** Vacuum the fabric regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills or stains, immediately blot the area with a clean, dry cloth. For stubborn stains, use

a mild fabric cleaner diluted according to the product instructions. Test the cleaner on an inconspicuous area first. Do not rub vigorously, as this can spread the stain or damage the fabric.

- **Avoid Harsh Chemicals:** Do not use bleach, abrasive cleaners, or solvents, as these can damage the fabric and color.

5.2. General Care

- **Check Fasteners:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary, but do not overtighten.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position the chair away from direct sunlight or use curtains/blinds.
- **Weight Limit:** Adhere to the recommended weight limit for the chair to prevent damage and ensure safety.

6. TROUBLESHOOTING

If you encounter any issues with your Dowinx LS-66D76A chair, please refer to the following common troubleshooting tips. If the problem persists, contact customer support.

Problem	Possible Cause	Solution
Chair is wobbly	Loose screws or uneven assembly.	Check and tighten all assembly screws. Ensure the chair is on a flat surface.
Reclining mechanism not working	Lever not fully engaged or mechanism obstructed.	Ensure the reclining lever is pulled completely. Check for any obstructions around the mechanism.
Armrests are loose or difficult to adjust	Adjustment buttons/levers not fully pressed or internal components loose.	Press the adjustment buttons/levers firmly. Check the armrest attachment screws for tightness.
Vibration function not working	USB cable disconnected or power source issue.	Ensure the USB cable is securely connected to a working power source. Try a different USB port or adapter.
