## EWEADN V102

# EWEADN V102 Wired Keyboard Instruction Manual

Your guide to setting up and using your EWEADN V102 Wired Keyboard.

## 1. INTRODUCTION

Thank you for choosing the EWEADN V102 Wired Keyboard. This 98-key compact keyboard is designed for both productivity and gaming, featuring dynamic RGB backlighting, a dedicated multimedia knob, and a smart display screen. This manual will guide you through its features and functionality.

# 7 Color RGB Light

**FN** + **Backspace**

Switch Light On/Off

**FN** + **INS**

Switch Light Effects

**FN** + **PGUP/PGDN**

Turn Up/Down the Brightness

## 2. WHAT'S IN THE BOX

- EWEADN V102 Wired Keyboard x 1
- USB-C Cable x 1
- User Manual x 1

## 3. SETUP

The EWEADN V102 keyboard features simple plug-and-play USB-C connectivity for immediate use without additional software or drivers.

1. Locate the USB-C port on the back of your EWEADN V102 keyboard.
2. Connect one end of the provided USB-C cable to the keyboard's USB-C port.
3. Connect the other end of the USB-C cable to an available USB port on your computer (Laptop or PC).
4. The keyboard will automatically be recognized by your operating system and is ready for use.

## 4. OPERATING INSTRUCTIONS

### 4.1 Dedicated Knob & Display Screen

The smart rotary knob and built-in display screen provide intuitive control and real-time status updates.

- **Backlight Mode Control:** Press the knob once to cycle through different backlight modes.
- **Brightness Adjustment:** Rotate the knob to adjust the backlight brightness.
- **Multimedia Mode:** Hold the 'FN' key and press the knob to switch to multimedia mode, allowing you to control volume and mute functions.
- **Display Screen:** The screen shows the EWEADN logo and indicators for Caps Lock, Num Lock, and Win Lock status.

## 4.2 Dynamic RGB Backlighting

Customize your typing experience with various RGB lighting effects.

- Switch Effects:** Press 'FN + INS' to cycle through 12 stunning RGB lighting effects.
- Adjust Brightness:** Use 'FN + PGUP' to increase brightness (5 levels) and 'FN + PGDN' to decrease brightness (5 levels).
- Adjust Speed:** Use 'FN + \_' to decrease lighting speed (5 levels) and 'FN + +' to increase lighting speed (5 levels).

#### 4.3 98-Key Compact Layout & Ergonomic Design

The 95% layout provides full functionality, including a numeric keypad, while saving desk space. The ergonomic design ensures comfort during extended use.

- Adjustable Typing Angles:** The keyboard features two adjustable feet, offering 4° flatter angles and 8° higher angles for personalized comfort.
- Quiet Operation:** Engineered for silent typing, reducing noise in shared environments.

Image: The ergonomic design of the keyboard, showing the two adjustable angles for comfortable typing.

#### 4.4 Dual-System Connection

The keyboard is compatible with multiple operating systems and allows for easy switching between layouts.

- Windows Layout:** Press 'FN + A' to switch to the Windows layout.
- Mac Layout:** Press 'FN + S' to switch to the Mac layout.

# Spill Resistant Design

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your EWEADN V102 keyboard, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard surface. For deeper cleaning, a can of compressed air can remove debris from between keys.
- **Spill Resistant Design:** The keyboard features a spill-resistant design, offering protection against accidental liquid spills. In case of a spill, immediately disconnect the keyboard from your computer, gently wipe away the liquid, and allow it to air dry completely before reconnecting.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.

## 6. TROUBLESHOOTING

If you encounter any issues with your EWEADN V102 keyboard, please refer to the following common solutions:

- **Keyboard Not Responding:** Ensure the USB-C cable is securely connected to both the keyboard and your computer. Try connecting to a different USB port or restarting your computer.
- **Backlighting Not Working:** Check if the backlight is turned off (FN + Backspace). Adjust brightness using FN + PGUP/PGDN.
- **Incorrect Key Layout (Windows/Mac):** Verify you are using the correct layout by pressing FN + A for Windows or FN + S for Mac.
- **Multimedia Knob Issues:** Ensure the knob is in the correct mode (backlight or multimedia) by holding FN and pressing the knob.

If the problem persists, please contact customer support for further assistance.
