Tiksounds Smart Watch

Tiksounds Smart Watch User Manual

Model: Smart Watch

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Tiksounds Smart Watch. Please read this manual thoroughly to ensure proper use and to maximize the features of your device.

SETUP GUIDE

1. Charging the Device

Before initial use, fully charge your smart watch. Connect the provided charging cable to the watch's charging port and a USB power adapter. A full charge typically takes approximately 3.5 hours. The watch offers up to 20 days of typical usage and up to 85 days of standby time on a single charge.

2. App Installation

To unlock all features and synchronize data, download and install the "FitCloudPro" application on your smartphone. The app is compatible with smartphones running Bluetooth 4.0, Android 7.0, iOS 9.0, or later versions.

3. Device Pairing

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the "FitCloudPro" app.
3. Follow the in-app instructions to search for and connect to your Tiksounds Smart Watch.
4. Confirm the pairing request on both your smartphone and the smart watch.

OPERATING INSTRUCTIONS

Basic Navigation

The smart watch features a 1.83-inch HD touchscreen for intuitive navigation. Swipe left, right, up, or down to access different functions and menus. Tap to select items.

Bluetooth Calls and Message Notifications

After successful pairing, you can make and answer calls directly from your watch using its built-in microphone. To receive message notifications from various applications, enable message reception within the "FitCloudPro" app settings. Notifications will be pushed to your watch with customizable vibration alerts.

MAINTENANCE

Water Resistance (IP68)

The Tiksounds Smart Watch is IP68 rated for water resistance. This means it is resistant to sweat, rain, and can be worn while washing hands or face. It is not recommended for swimming, showering with hot water, or diving. Prolonged exposure to water or high-pressure water jets should be avoided.

Cleaning

To clean your smart watch, gently wipe the screen and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the device. Ensure the charging contacts are clean and dry before charging.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with smartphone:**
 - Check if Bluetooth is enabled on your smartphone.
 - Ensure the "FitCloudPro" app is installed and running.
 - Make sure the watch is within Bluetooth range of your phone.
 - Restart both your watch and smartphone, then try pairing again.
- **Notifications not received:**
 - Verify that message reception is enabled in the "FitCloudPro" app settings.
 - Check your smartphone's notification settings to ensure the app has permission to send notifications.
 - Ensure the watch is connected via Bluetooth.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, about one finger's width from your wrist bone. Avoid excessive movement during measurements.

SPECIFICATIONS

Feature	Detail
