Merax Twin Size Daybed with Twin Trundle and 2 Drawers

Merax Twin Size Daybed with Twin Trundle and 2 Drawers Instruction Manual

Model: Twin Size Daybed with Twin Trundle and 2 Drawers (Black)

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Merax Twin Size Daybed with Twin Trundle and 2 Drawers. This versatile furniture piece functions as a comfortable daybed, a sofa, and offers additional sleeping space with its pull-out trundle, along with integrated storage solutions. Please read all instructions carefully before proceeding with assembly and use to ensure safe and correct operation.

2. SAFETY INFORMATION

- Read and understand all instructions before beginning assembly. Failure to follow instructions may result in injury or product damage.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten hardware as needed.
- Do not exceed the specified weight capacities for the daybed, trundle, or drawers.
- Use only the recommended mattress thickness for optimal safety and functionality.
- Assemble the product on a soft, clean surface to prevent scratches or damage.

3. PACKAGE CONTENTS

Your Merax Twin Size Daybed with Twin Trundle and 2 Drawers will arrive in two separate boxes, which may be delivered at different times. Please ensure you have received both packages and all components are present before starting assembly.

Components List:

- Daybed Frame (Pinewood, Plywood, MDF)
- Trundle Bed Frame

- 2 Storage Drawers
- Slats for Daybed and Trundle
- Upholstered Button Tufted Backrest
- Assembly Hardware (screws, bolts, nuts, etc.)
- Assembly Tools (e.g., Allen wrench)

4. SETUP AND ASSEMBLY

Assembly of the Merax Daybed typically takes under 5 hours with the included tools. Follow the step-by-step instructions provided in the separate assembly guide that accompanies your product. The general steps are outlined below:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface and compare them against the parts list in your assembly guide to ensure nothing is missing or damaged.
2. **Assemble the Main Daybed Frame:** Follow the guide to connect the side rails, headboard, and footboard using the provided hardware.
3. **Install Daybed Slats:** Secure the wooden slats onto the daybed frame to create a sturdy mattress support.
4. **Assemble the Trundle Frame:** Construct the pull-out trundle frame according to the instructions.
5. **Install Trundle Slats:** Attach the slats to the trundle frame.
6. **Assemble Storage Drawers:** Put together the two storage drawers, ensuring the smooth-gliding slides are correctly installed.
7. **Insert Trundle and Drawers:** Slide the assembled trundle and drawers into their designated positions beneath the main daybed.

5. OPERATING INSTRUCTIONS

5.1. Using the Daybed

The main daybed serves as a comfortable seating area or a primary sleeping surface. Place a twin-size mattress (not included) on the slats. The upholstered backrest provides support for sitting.

5.2. Operating the Twin Trundle

The pull-out trundle provides an additional twin-size sleeping area, ideal for guests or sleepovers. To use:

1. Gently pull the trundle unit out from under the main daybed. It is designed to slide smoothly on its casters.
2. Place a twin-size mattress (not included) on the trundle slats. A recommended mattress thickness of 6 inches is advised for proper fit.
3. To store, remove the mattress if necessary (depending on mattress thickness) and gently push the trundle back under the daybed until it is fully recessed.

Video 1: This video demonstrates the functionality of the Merax Twin Size Daybed, including the smooth operation of the pull-out trundle and the spacious storage drawers. It also showcases the product in various color options (beige, walnut, black).

5.3. Utilizing Storage Drawers

The two integrated storage drawers provide convenient space for organizing clothes, bedding, books, or other essentials. To use:

1. Grasp the drawer pull and gently pull the drawer out. The drawers are equipped with smooth-gliding slides for easy access.
2. Place items inside, ensuring not to overload the drawers beyond their weight capacity.
3. Push the drawer back in until it is fully closed and flush with the daybed frame.

Wooden Daybed with Trundle and Drawers

Smooth slide Rail

Premium, smooth-gliding slides make opening and closing the drawer a breeze

Durable Slats

Constructed with strong, long-lasting plywood slats, this bed is designed to support up to 400 pounds with ease

6. MAINTENANCE

- **Regular Inspection:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain structural integrity and safety.
- **Cleaning the Wooden Frame:** Wipe the wooden surfaces with a soft, slightly damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the finish. Dry immediately with a clean, dry

cloth.

- **Cleaning the Upholstered Backrest:** For spills or stains on the linen upholstered backrest, spot clean immediately with a mild fabric cleaner and a soft cloth. Test the cleaner on an inconspicuous area first. Do not saturate the fabric.
- **Drawer and Trundle Tracks:** Keep the tracks for the trundle and drawers free of dust and debris to ensure smooth operation.

7. TROUBLESHOOTING

- **Issue:** The daybed or trundle feels wobbly or unstable.
Solution: Check all assembly hardware (bolts, screws) and tighten any that are loose. Ensure all components are correctly aligned and fully seated.
- **Issue:** Trundle or drawers are difficult to pull out or push in.
Solution: Inspect the tracks for any obstructions (e.g., dust, debris, small objects). Clean the tracks thoroughly. Ensure the casters on the trundle are free to move and not jammed.
- **Issue:** Squeaking noises during use.
Solution: Squeaking often indicates loose connections. Re-tighten all bolts and screws on both the daybed and trundle frames. Ensure slats are properly seated and not rubbing against the frame.
- **Issue:** Missing parts or damaged components upon arrival.
Solution: Do not proceed with assembly. Contact Merax customer service immediately with your purchase details and a description of the issue for assistance.
