SHA CERLIN AK-3407-9

SHA CERLIN King Size Platform Bed Frame

MODEL: AK-3407-9

Instruction Manual

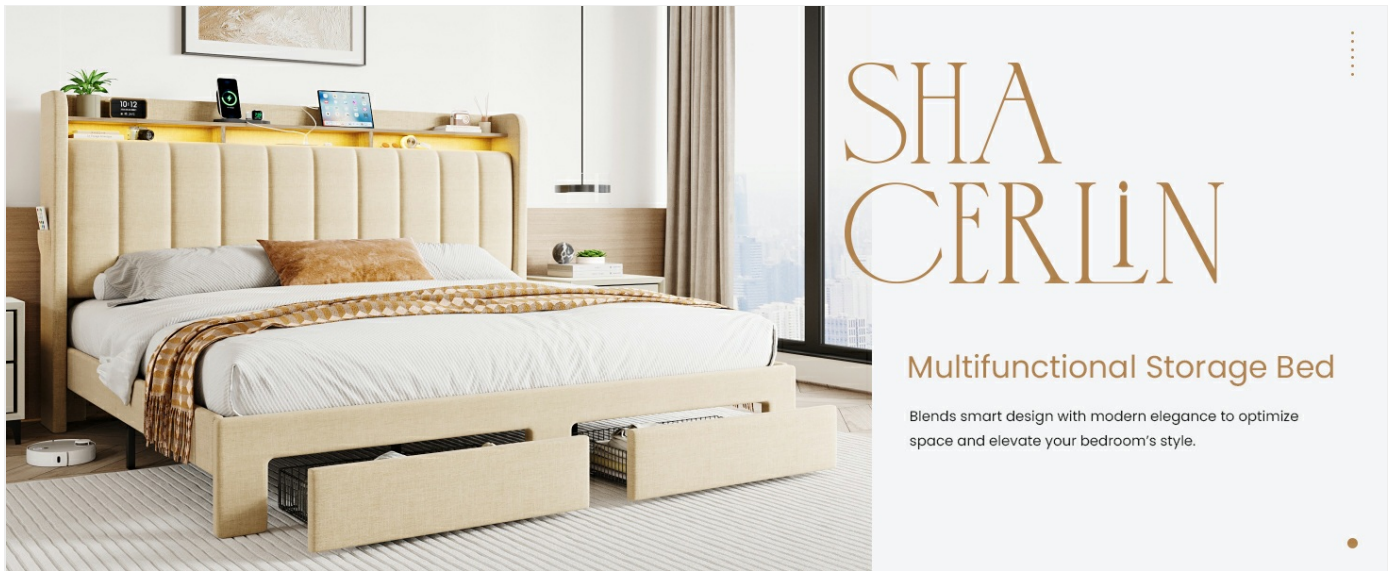

Important Safety Information

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Always follow the assembly instructions carefully to prevent instability or collapse.
- Do not exceed the maximum weight recommendation of 1000 pounds.
- Be cautious around sharp edges and potential pinch points, especially when using the drawers and shelves.
- Exercise caution when handling the charging station to avoid electrical hazards.
- Ensure all connections are secure before placing a mattress on the frame.
- Do not allow children to play on or around the bed frame unsupervised.

Product Overview

The SHA CERLIN King Size Platform Bed Frame (Model AK-3407-9) is designed for comfort and functionality. It features a vertical channel tufted wingback headboard, integrated LED lighting, a convenient charging station, and two under-bed storage drawers. This platform bed eliminates the need for a box spring.

SHA CERLIN

Multifunctional Storage Bed

Blends smart design with modern elegance to optimize space and elevate your bedroom's style.

Figure 1: Product Dimensions and Key Features. This diagram illustrates the overall dimensions of the King size bed frame (85"L x 78"W x 47.5"H), headboard details, and the size of the under-bed storage drawers.

Package Contents

Before beginning assembly, ensure all parts are present and undamaged. Refer to the included parts list for detailed identification.

- Bed Frame components
- Headboard with integrated shelves, LED lights, and charging station
- 12 Solid Wood Slats
- 2 Storage Drawers with wheels
- Hardware kit (screws, bolts, Allen wrench, etc.)
- LED Remote Control

Assembly Instructions

Assembly typically requires two adults and takes approximately 1-2 hours. Follow the numbered steps carefully.

1. Step 1: Prepare the Area

Clear a spacious area for assembly. Lay out all components and hardware, verifying against the parts list.

2. Step 2: Assemble the Headboard

Attach the side wings to the main headboard panel. Ensure the LED strip and charging station are correctly positioned and secured. The headboard features a 2-tier shelf for convenience.

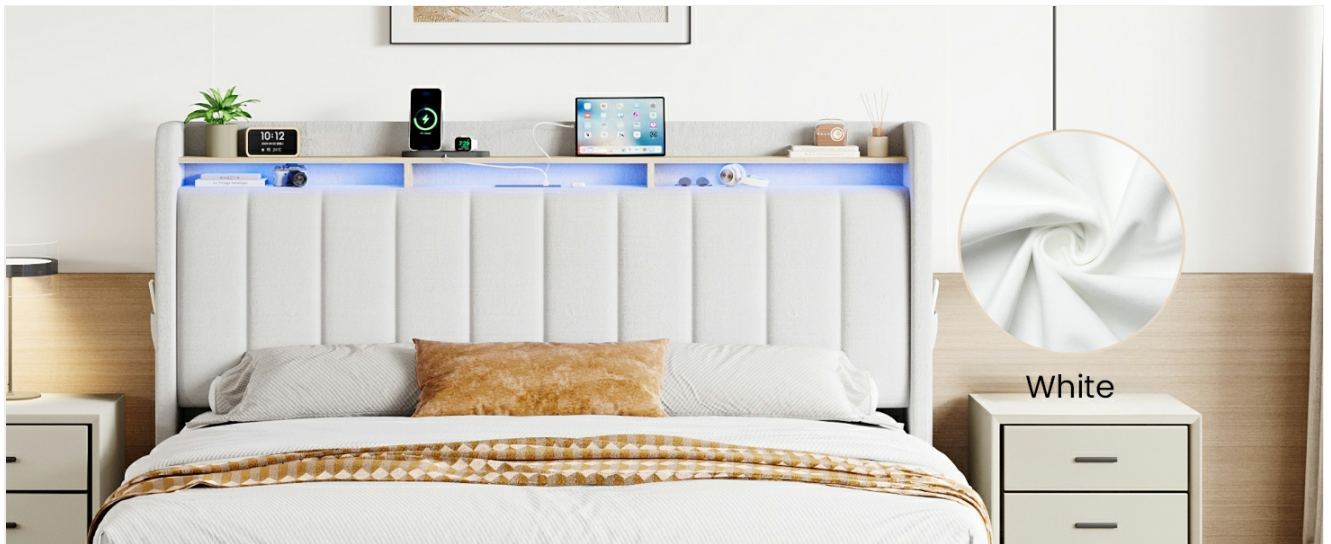

Figure 2: Functional Headboard Assembly. This image highlights the integrated 2-tier storage shelves, LED lighting, and charging station within the headboard.

3. Step 3: Construct the Bed Frame Sides

Connect the side rails to the headboard and footboard using the provided hardware. Ensure all bolts are tightened securely.

4. Step 4: Install Center Support and Slats

Place the center support beam and legs. Lay the wooden slats across the frame. The slats are designed with Velcro fastening for easy installation and to prevent shifting, ensuring a noise-free experience.

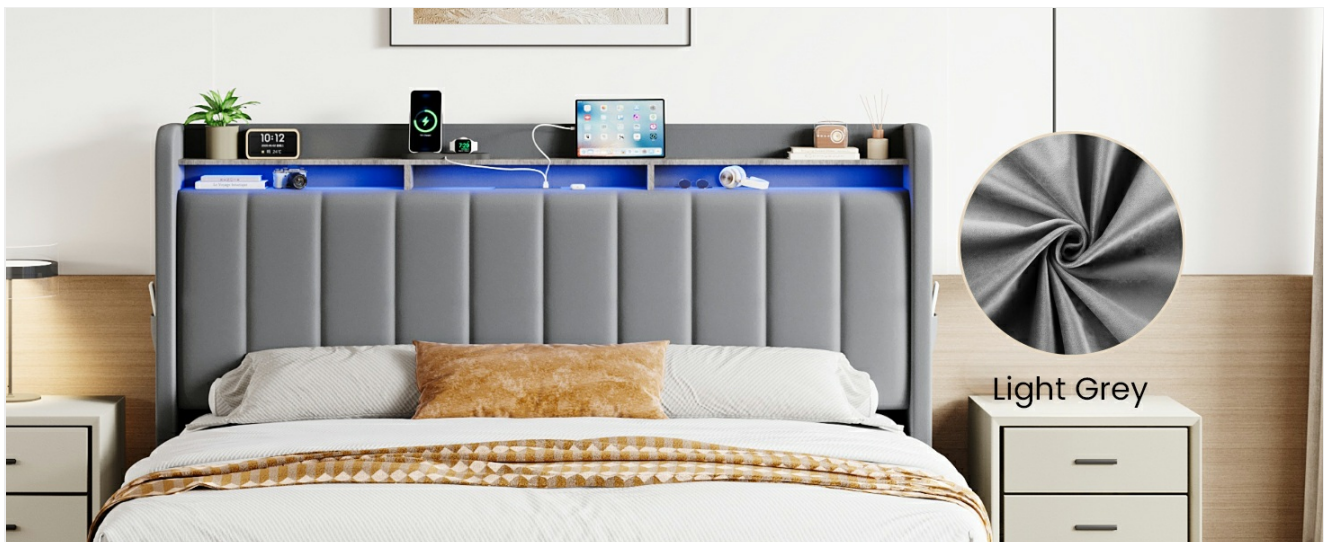

Figure 3: Sturdy Construction and Slats. This image demonstrates the solid wood slats and reinforced metal frame, designed for durability and stability.

SPECIFICATIONS

Size:	King	For Mattress Size:	80" L x 76" W
Product Dimension:	85" L x 78" W x 47.5" H	Material:	Linen, Metal, Wood
Weight Capacity:	1000 lb	Package Weight:	111 lb
Box Spring Needed:	No	Package Content:	Bed Frame, Headboard, Slats, Drawers, Planks (Mattress not included)

Figure 4: Velcro Fastening on Slats. The wooden slats feature Velcro for quick and secure attachment to the bed frame, minimizing movement and noise.

5. Step 5: Assemble and Insert Storage Drawers

Assemble the two oversized storage drawers according to the instructions. These drawers are on wheels for easy access and slide smoothly under the bed frame.

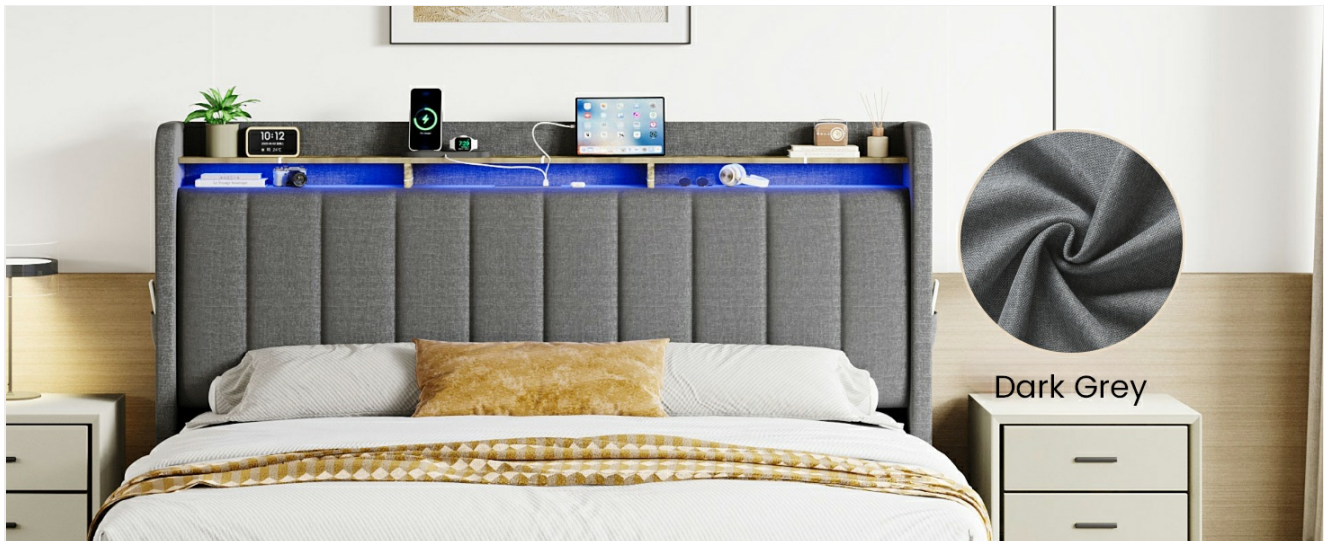

Figure 5: Ample Storage Space with Drawers. This image illustrates the spacious under-bed drawers, ideal for storing various items.

6. Step 6: Connect Power for LED and Charging Station

Plug in the power cord for the LED lights and charging station. Ensure the connections are secure.

Operating Instructions

LED Lighting System

The integrated RGB LED lighting system can be controlled via the included remote or a mobile application.

- **Power On/Off:** Use the ON/OFF buttons on the remote.
- **Color Selection:** Choose from multiple colors using the color buttons (R, G, B, Y, C, P, W) or cycle through modes with the "MODE+" / "MODE-" buttons.
- **Brightness Adjustment:** Use the brightness up/down buttons to adjust light intensity.
- **Speed Adjustment:** For dynamic lighting modes, use "SPEED+" / "SPEED-" to control the transition speed.
- **Timer Function:** Set the lights to turn off automatically after 1H, 2H, 4H, or 8H using the dedicated timer buttons.

- **Music Mode:** Activate music synchronization mode for lights to react to sound.
- **Mobile App Control:** Refer to the separate instructions for connecting and controlling the LED lights via the mobile application for advanced customization.

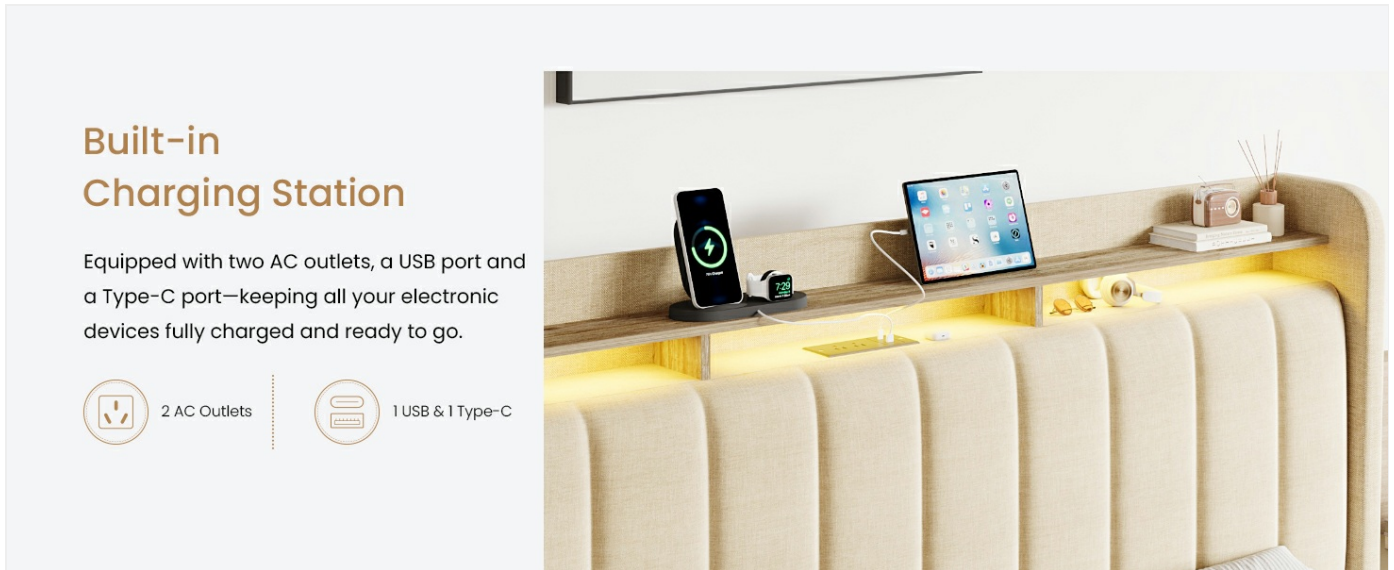

Figure 6: RGB LED Remote Control. The remote allows for customization of color, brightness, modes, and timer settings for the headboard LED lights.

Charging Station

The headboard includes a built-in charging station for your electronic devices.

- **AC Outlets:** Two standard AC outlets are provided for plugging in devices.
- **USB Ports:** One USB-A port and one USB-C port are available for charging compatible devices.
- Ensure the bed frame's main power cord is plugged into a wall outlet for the charging station to function.

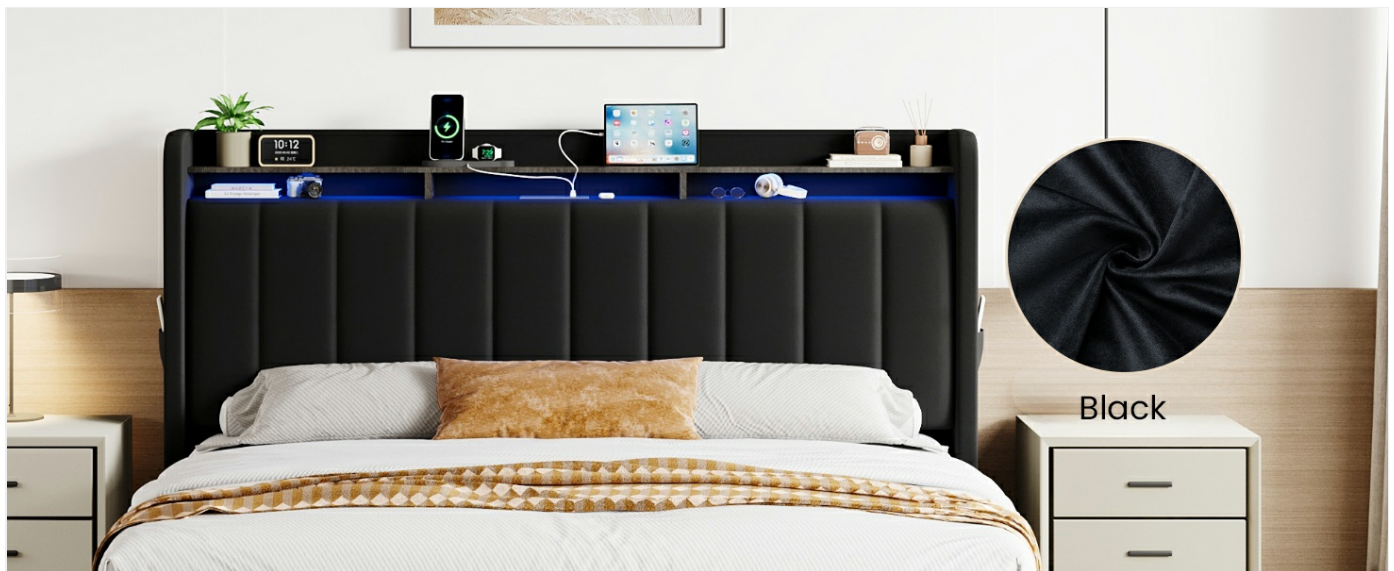

Figure 7: Built-in Charging Station. This image details the convenient power outlets and USB ports integrated into the headboard for easy device charging.

Maintenance

- **Cleaning:** Wipe the bed frame with a dry cloth. For upholstered parts, use a soft, damp cloth and mild detergent if necessary, then blot dry. Avoid harsh chemicals.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to

maintain stability.

- **Drawer Maintenance:** Keep the drawer wheels free of debris for smooth operation.
- **Electrical Components:** Ensure the power cords and charging station are free from damage. Disconnect power before cleaning or if any issues arise.

Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose hardware; uneven floor; slats not properly secured.	Check and tighten all bolts and screws. Ensure the bed is on a level surface. Verify all slats are correctly positioned and the Velcro is engaged.
LED lights are not working.	Power cord disconnected; remote battery low; LED strip damaged.	Ensure the power cord is securely plugged into an outlet. Check the remote control battery. If the LED strip is damaged, contact customer support.
Charging station is not working.	Bed frame power cord disconnected; device not compatible; charging station fault.	Verify the bed frame's main power cord is plugged in. Test with a different device and cable. If the issue persists, contact customer support.
Storage drawers are difficult to open/close.	Debris in wheels; drawer overloaded; uneven floor.	Clean any debris from the wheels. Reduce the weight in the drawers. Ensure the bed frame is on a level surface.
