SETUP AND ASSEMBLY

Assembly of the SHA CERLIN Queen Platform Bed Frame is required. All necessary hardware and tools are included. Please follow the detailed instructions provided in the packaging for a smooth assembly process. It is recommended to assemble the bed frame in the room where it will be used.

Key Assembly Steps:

1. Unpack all components and verify against the parts list.
2. Assemble the headboard structure, including the two-tier shelves.
3. Attach the side rails and footboard to the headboard.
4. Install the central support beam and legs.
5. Place the wooden slats onto the frame, ensuring they are securely fastened (Velcro fastening for robust stability).
6. Assemble and insert the two oversized footboard drawers.

7. Connect the LED lighting and charging station power cables.

Charging Station:

The headboard features a built-in charging station with 2 AC outlets, 1 USB port, and 1 Type-C port. Use these ports to conveniently charge your electronic devices while relaxing in bed.

Storage Drawers and Shelves:

Utilize the two oversized footboard drawers for storing bulky items such as quilts and bags. The two-tier wide headboard shelves and wingback storage pockets provide additional space for smaller essentials like phones, glasses, and books.

MAINTENANCE

To maintain the appearance and longevity of your SHA CERLIN bed frame, wipe all surfaces with a dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.

TROUBLESHOOTING

Noise or Squeaking:

- Ensure all bolts and screws are tightened securely. Over time, fasteners may loosen and require re-tightening.
- Check that the wooden slats are properly seated and the EVA mute foam strips on the center beam are intact.

LED Lights Not Working:

- Verify that the power adapter is securely plugged into both the bed frame and a working wall outlet.

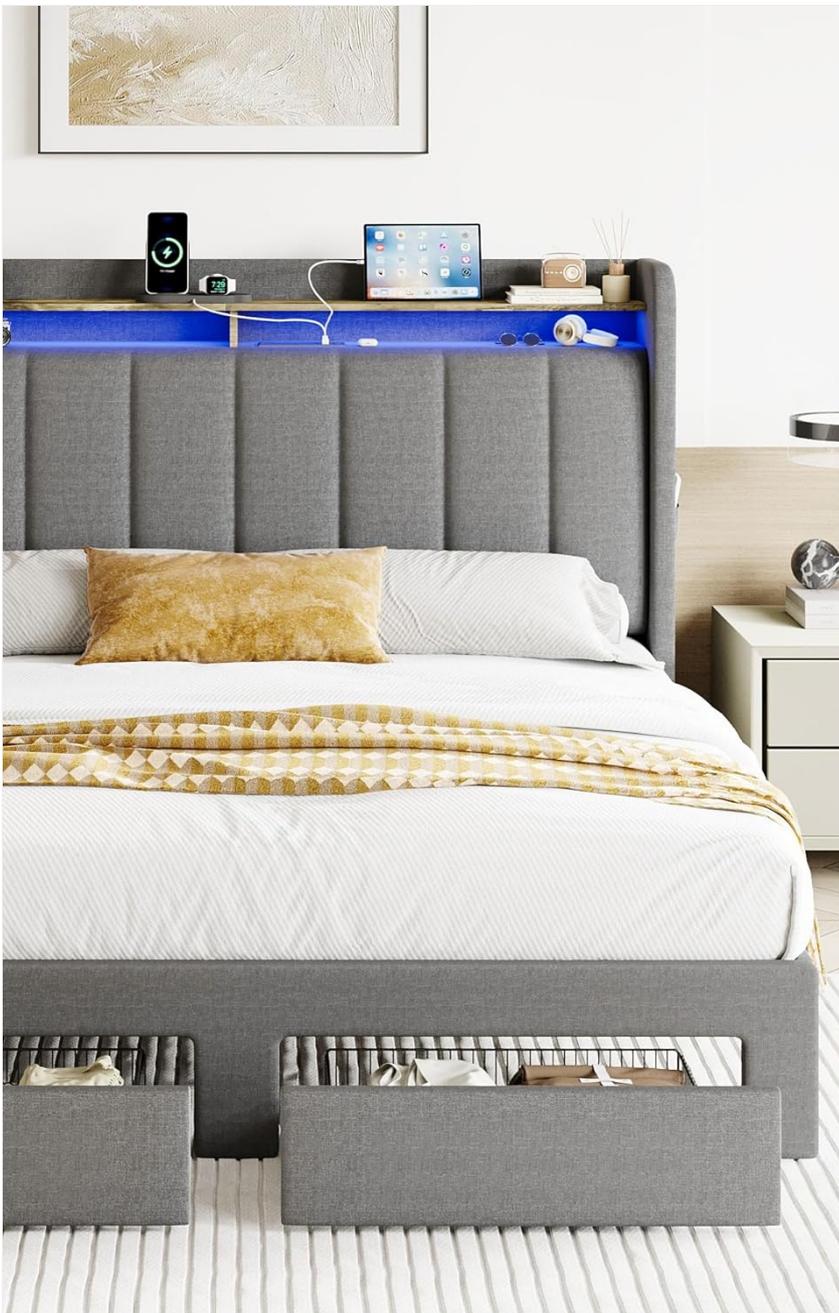

- Check the remote control battery and ensure it is functioning correctly.

Charging Station Not Functioning:

- Confirm that the bed frame's power cord is plugged into a live electrical outlet.
- Test the charging station with different devices and cables to rule out device-specific issues.
