

## SWZEC KS-5800

# SWZEC Sekoda Pro 8 Electric Shaver (Model KS-5800) Instruction Manual

Brand: SWZEC | Model: KS-5800

## 1. INTRODUCTION

---

Thank you for choosing the SWZEC Sekoda Pro 8 Electric Shaver. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your new electric shaver. Please read it thoroughly before first use and keep it for future reference.

## 2. IMPORTANT SAFETY WARNINGS

---

- Do not use the shaver near water or in the shower while it is charging.
- Exercise caution when switching between shaving, trimming, and nose hair functions to prevent injuries.
- Keep the shaver out of reach of children and pets.
- Do not use the shaver while it is charging.
- Clean the shaver after each use and store it safely when not in use.

## 3. PRODUCT FEATURES

---

The SWZEC Sekoda Pro 8 Electric Shaver is designed for a comfortable and efficient shaving experience. Key features include:

- **4D Flexible Floating Head:** Ensures an incredibly smooth and close shave by adapting to facial contours.
- **Quick Charge & Long Battery Life:** A 2-hour charge provides approximately 3 months of usage, offering extended convenience.
- **Powerful and Quiet Motor:** Delivers excellent shaving efficiency with minimal noise.
- **Dual-Track Blades:** Designed to capture more hairs in a single pass for a faster and cleaner shave.
- **Multi-function Blades:** Easily switch between shaving, trimming, and nose hair grooming attachments.
- **Ergonomic Design:** Fits perfectly in hand for comfortable and controlled use.
- **IP6X Water Resistance:** Fully washable, making it ideal for both dry and wet shaving.

- **One-Button Operation:** Simple and quick to use.

## 4. PACKAGE CONTENTS

---

Please check the package to ensure all components are present:

- SWZEC Sekoda Pro 8 Electric Shaver (Model KS-5800)
- Charging Cable
- Protective Cap
- Cleaning Brush
- User Manual
- (Additional attachments like trimmer, nose hair trimmer, or facial brush may be included depending on the edition.)

## 5. SETUP AND FIRST USE

---

### 5.1. Charging the Shaver

1. Ensure the shaver is turned off.
2. Connect the charging cable to the shaver and plug it into a power outlet.
3. The charging indicator will illuminate. A full charge typically takes 2 hours.
4. Do not use the shaver while it is charging.
5. Once fully charged, disconnect the charging cable.

### 5.2. Attaching/Detaching Heads

To change between the shaving head and other attachments (if included), gently pull the current head upwards to detach it. Align the desired attachment with the shaver body and press down until it clicks into place.

## 6. OPERATING INSTRUCTIONS

---

### 6.1. Basic Shaving

1. Ensure the shaver is charged.
2. Press the power button to turn on the shaver.
3. For a dry shave, ensure your face is clean and dry. For a wet shave, apply shaving foam or gel.
4. Move the shaver in small, circular motions over your skin, applying gentle pressure. The 4D flexible head will adapt to your facial contours.
5. Shave against the direction of hair growth for a closer shave.
6. After shaving, press the power button to turn off the shaver.

### 6.2. Using Trimmer/Nose Hair Trimmer (if included)

Attach the appropriate head. Use the trimmer for precise styling of sideburns or beard lines. Use the nose hair trimmer carefully to remove unwanted nose or ear hair.

## 7. MAINTENANCE AND CLEANING

---

Regular cleaning ensures optimal performance and hygiene.

1. Turn off and unplug the shaver before cleaning.
2. Open the shaving head by pressing the release button (if applicable) or gently pulling it off.

3. Rinse the shaving head and the hair chamber under running water. The shaver is IP6X water-resistant, allowing for easy rinsing.
4. Use the provided cleaning brush to remove any stubborn hair particles from the blades and internal components.
5. Allow all parts to air dry completely before reassembling the shaver.
6. Periodically lubricate the blades with a drop of light machine oil to maintain performance.

## 8. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Shaver does not turn on.	Low battery or safety lock engaged.	Charge the shaver fully. Check if the travel lock is activated (usually by pressing and holding the power button for a few seconds).
Poor shaving performance.	Blades are dull or clogged with hair.	Clean the shaving head thoroughly. Consider replacing the shaving head if performance does not improve.
Shaver pulls hair.	Blades are dull or shaver is not fully charged.	Ensure the shaver is fully charged. Clean the blades. Replace the shaving head if necessary.

If the problem persists, please contact SWZEC customer support.
