Bass Boost   Vocal Enhance   Standard

The top panel features intuitive buttons for power, LED light control, equalizer settings, mode selection, play/pause, and volume adjustment.

Rear Connection Ports

The rear panel, protected by a waterproof flap, includes ports for USB (in/out), DC charging, AUX input, and a TF card slot.

This video provides a quick overview of the ZEALOT S127 Portable Bluetooth Speaker, highlighting its design and key features.

Setup and Connection

Charging the Speaker

Before first use, fully charge the speaker using the provided Type-C cable and a compatible power adapter. The power indicator lights will show charging status.

The speaker supports bidirectional fast charging, indicated by the power indicator light.
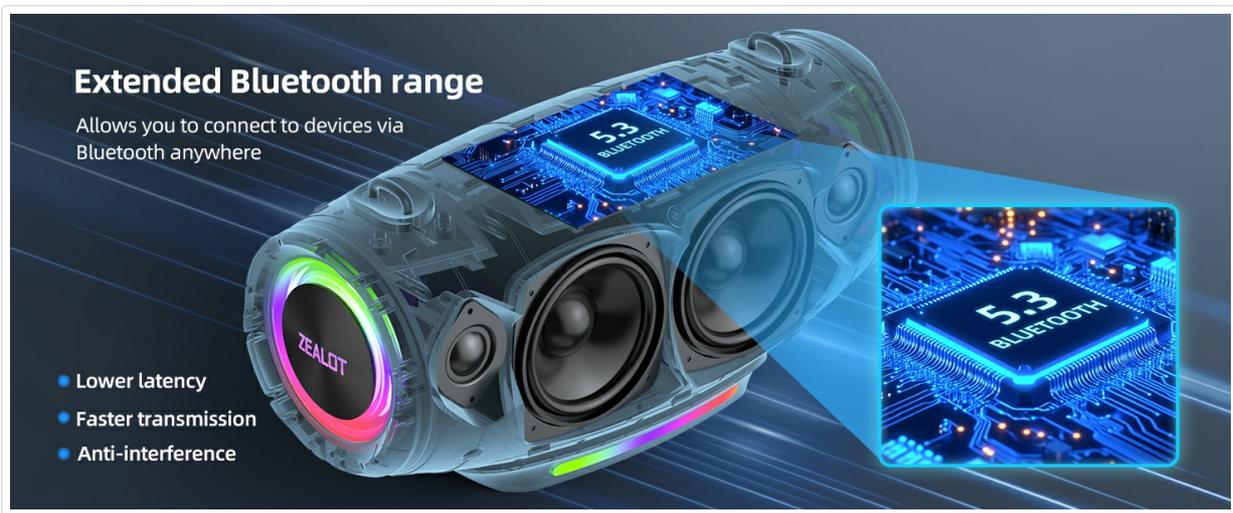

Bluetooth Pairing

1. Power on the speaker. The Bluetooth indicator will flash, indicating it's in pairing mode.

2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for 'ZEALOT S127'.

3. Select 'ZEALOT S127' to connect. A voice prompt will confirm successful pairing.

Multi-Mode Switching

The speaker supports multiple input modes:

- **Bluetooth:** Wireless connection to your device.

- **TF Card:** Insert a TF card with music files into the designated slot.

- **USB:** Connect a USB drive with music files.

- **AUX:** Use the provided AUX cable to connect to devices with a 3.5mm audio output.

Press the 'M' (Mode) button on the top panel to switch between input modes.

The speaker offers versatile connectivity options including Bluetooth, TF card, USB, and AUX input.

Party Connect (TWS Pairing)

To achieve 360-degree surround sound, you can wirelessly connect two ZEALOT S127 speakers:

1. Ensure both speakers are powered on and not connected to any Bluetooth device.
2. On one speaker (the primary), press and hold the 'M' (Mode) button until you hear a pairing tone.
3. The two speakers will automatically connect. Once connected, pair your device to the primary speaker via Bluetooth.

Two ZEALOT S127 speakers can be paired together for an immersive stereo audio experience.

Operating Instructions

Power On/Off

- **Power On:** Press and hold the power button () for 2-3 seconds.
- **Power Off:** Press and hold the power button () for 2-3 seconds.

Volume Control

- **Increase Volume:** Short press the '+' button.
- **Decrease Volume:** Short press the '-' button.

EQ Modes

The speaker features three equalizer modes to optimize your audio experience:

- **Ultra Bass:** Enhances low frequencies for a powerful bass sound.
- **Normal Bass:** Balanced bass for everyday listening.
- **Normal Voice:** Optimizes vocal clarity for podcasts and audiobooks.

Press the 'EQ' button to cycle through these modes.

The EQ button allows users to switch between different sound profiles, including Bass Boost, Vocal Enhance, and Standard modes.

LED Lights Control

The speaker features dynamic LED lights. Short press the light button (❋) to cycle through different light modes or turn them off. Long press to disable the LED light show completely.

Maintenance and Care

Waterproof Feature

The ZEALOT S127 is IPX6 waterproof, meaning it can withstand powerful water jets. It is suitable for outdoor use and can resist splashes and rain. However, it is not designed for submersion in water.

Movable Power Supply

No worries about your device losing power or missing any important news when you're at the camp, travels

The IPX6 waterproof rating ensures the speaker is protected against strong water splashes, making it ideal for outdoor environments.

General Cleaning and Storage

- Clean the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure the rubber flap covering the ports is securely closed when not in use to maintain water resistance.
- Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

- **No Power:** Ensure the speaker is charged. Connect it to a power source using the Type-C cable.
- **No Sound:** Check the volume levels on both the speaker and your connected device. Ensure the correct input mode is selected.
- **Bluetooth Pairing Issues:** Make sure the speaker is in pairing mode (flashing indicator). Turn off and on Bluetooth on your device, then try pairing again. Ensure no other devices are connected to the speaker.
- **Poor Sound Quality:** Try switching EQ modes. Ensure the speaker is within Bluetooth range (up to 10 meters) and there are no obstructions.

- **LED Lights Not Working:** Short press the light button to cycle through modes. Long press to ensure they haven't been turned off completely.
