Here are solutions to common issues you might encounter:

- **Chemical Odor:** If a slight chemical smell is present upon unboxing, this is normal for new furniture. Ensure good ventilation in the room for several days to allow the odor to dissipate.
- **Misaligned Doors/Drawers:** Minor adjustments can often be made to the hinges (for doors) or drawer slides (for drawers) to correct alignment. Refer to the assembly manual for specific adjustment

instructions.

- **Loose Hardware:** If any part feels wobbly, check and tighten all screws and connections. Do not overtighten.
