

SURPN S60

SURPN S60 Wireless Lavalier Microphone Instruction Manual

Model: S60

1. PRODUCT OVERVIEW

The SURPN S60 is a compact and versatile wireless lavalier microphone system designed for high-quality audio recording with smartphones and other compatible devices. It features a plug-and-play design, broad compatibility, and extended battery life, making it ideal for content creation, interviews, live streaming, and more.

Key Features:

- **AI Voice Changer Function:** Offers three voice change modes (Loli, Old Man, Original) for creative vocal styles and adjustable audio effects.
- **Extended Battery Life:** Each microphone provides over 5 hours of continuous use. The charging case extends total usage time to up to 30 hours, serving as a portable power bank.
- **Lightweight Clip-on Design:** One of the lightest mini microphones available, offering lossless sound reproduction and superior recording performance. Can be held or clipped to clothing.
- **Broad Compatibility:** Equipped with a 2-in-1 universal receiver (Type-C and Lightning), compatible with iOS/Android devices including iPhone and iPad.
- **Automatic Connection & Plug and Play:** No driver installation, app download, Bluetooth, or hotspot connection required. Simplifies setup and optimizes recording efficiency.
- **360° Omnidirectional Sound Pickup:** Captures clear audio from all directions.
- **Effective Range:** Up to 20 meters (approximately 65 feet) for stable communication.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- 2 x Wireless Microphones
- 1 x Universal Receiver (Type-C & Lightning)
- 1 x Charging Case
- 1 x USB-C Charging Cable

- 2 x Fur Windshields
- 1 x Instruction Manual

3. SETUP GUIDE

The SURPN S60 is designed for quick and easy setup. Follow these steps to begin recording:

1. **Insert the Receiver:** Plug the universal receiver into the charging port of your smartphone (Type-C or Lightning, depending on your device).
2. **Power On Microphones:** Press the power button on each wireless microphone you intend to use. The

indicator light will show they are powered on and ready to connect.

3. **Automatic Connection:** The microphones will automatically pair with the receiver. No manual pairing, Bluetooth, or app installation is required.
4. **Start Recording:** Open your device's camera or recording app and begin recording immediately.

Compatibility:

The 2-in-1 universal receiver supports a wide range of devices:

- **iOS Devices:** iPhone, iPad (with Lightning port)
- **Android Devices:** Smartphones and tablets (with Type-C port)
- **Other Devices:** Compatible with some PCs and cameras that support Type-C or Lightning audio input.

4. OPERATING INSTRUCTIONS

Using the Microphones:

- **Placement:** For optimal sound quality, clip the microphone to your collar or clothing, approximately 6-8 inches from your mouth. You can also hold it if preferred.
- **Wind Noise Reduction:** Attach the included fur windshields to the microphones when recording outdoors or in windy conditions to minimize environmental noise.

AI Voice Changer Function:

The microphones feature an AI voice changer. Refer to the specific button on the microphone for cycling through the voice modes:

- **Loli Voice:** Transforms your voice into a high-pitched, youthful tone.
- **Old Man Voice:** Changes your voice to a deeper, older tone.
- **Original Voice:** Records your natural voice without modification.

Press the designated button (usually a short press) to switch between these modes during recording or live streaming. Experiment to find the desired effect.

Wireless Range:

The SURPN S60 maintains a stable connection up to 20 meters (approximately 65 feet) in open environments. Ensure there are no significant obstructions between the microphone and the receiver for optimal performance.

最大約20メートル (約65フィート)の有効範囲

正確な周波数制御と強力な耐干渉性により、あらゆる環境で安定した通信を実現し、信頼性の高い録音を提供します。

5. MAINTENANCE

To ensure the longevity and optimal performance of your SURPN S60 Wireless Lavalier Microphone, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the microphones, receiver, and charging case. Avoid using liquid cleaners or solvents, as they may damage the device.
- **Storage:** Store the microphone system in its charging case when not in use to protect it from dust, moisture, and physical damage. Keep it in a cool, dry place.
- **Battery Care:** For best battery health, avoid fully discharging the devices frequently. Charge the microphones and case regularly, even if not in constant use. Do not expose to extreme temperatures.
- **Handle with Care:** The microphones are lightweight and compact. Avoid dropping them or subjecting them to strong impacts.

6. TROUBLESHOOTING

If you encounter any issues with your SURPN S60 Wireless Lavalier Microphone, please refer to the following common solutions:

Problem	Possible Cause	Solution
No sound or poor audio quality	Microphone not powered on; Receiver not properly connected; Low battery; Out of range; Obstructions; Wind noise.	Ensure microphones are powered on. Re-insert the receiver firmly into your device. Charge microphones and charging case. Stay within 20m (65ft) range. Remove obstructions. Use fur windshields in windy conditions.
Microphone not connecting	Microphone not powered on; Receiver not properly connected; Low battery.	Ensure microphones are powered on. Re-insert the receiver. Charge microphones and charging case. The connection is automatic, no manual pairing is needed.
Voice changer not working	Incorrect button press; Microphone not active.	Ensure the microphone is powered on and connected. Short press the designated voice changer button to cycle through modes.
Short battery life	Not fully charged; Old battery.	Ensure microphones and charging case are fully charged before use. If battery life significantly degrades over time, contact support.

If these solutions do not resolve your issue, please contact customer support for further assistance.
