

Ardes AR5PL92

ARDES AIRGLOW EVO AR5PL92 Ceiling Fan Instruction Manual

Model: AR5PL92

INTRODUCTION

Thank you for choosing the ARDES AIRGLOW EVO AR5PL92 Ceiling Fan. This fan features a Ø92 cm design with a 59W DC motor, retractable blades, and an integrated LED light offering 2200 lm brightness, adjustable from 3000K to 6000K. This manual provides essential information for safe installation, operation, and maintenance of your new ceiling fan. Please read it thoroughly before use and retain it for future reference.

SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and personal injury.

- **Electrical Safety:** Ensure the power supply is disconnected at the main circuit breaker before installation, cleaning, or maintenance. All electrical connections must comply with local codes and standards.
- **Installation:** The fan must be installed by a qualified electrician. Ensure the mounting structure can support the fan's weight (approximately 5 kg). Do not install the fan in locations where blades could strike objects or people. Maintain a minimum clearance of 2.3 meters (7.5 feet) from the floor to the bottom of the blades.
- **Blade Clearance:** Ensure there is adequate clearance around the fan blades to prevent contact with walls or other obstructions.
- **Operation:** Do not insert any objects into the fan blades while the fan is operating. Avoid using the fan in damp or wet locations.
- **Cleaning:** Always turn off and disconnect power before cleaning. Use a soft, damp cloth; never use abrasive cleaners or solvents.

PACKAGE CONTENTS

Verify that all components are present and undamaged before installation. If any parts are missing or damaged, contact

customer support.

- Ceiling Fan Motor Assembly with Integrated LED Light
- Retractable Fan Blades (3x)
- Mounting Bracket
- Downrod and Canopy
- Remote Control with Wall Mount
- Hardware Pack (screws, wire nuts, etc.)
- Instruction Manual

SETUP AND INSTALLATION

Installation should be performed by a qualified professional to ensure safety and proper functioning. The following steps are a general guide.

1. **Prepare for Installation:** Turn off power at the circuit breaker. Ensure the mounting location is structurally sound and can support the fan's weight.
2. **Install Mounting Bracket:** Secure the mounting bracket to the ceiling junction box using appropriate screws and washers.
3. **Assemble Downrod:** Feed the electrical wires from the fan motor through the downrod. Attach the downrod to the fan motor assembly.
4. **Hang Fan Assembly:** Carefully lift the fan assembly and hang it on the mounting bracket.
5. **Make Electrical Connections:** Connect the fan's electrical wires to the household wiring according to the wiring diagram provided in the full manual. Ensure all connections are secure.
6. **Secure Canopy:** Slide the canopy up to cover the mounting bracket and electrical connections, then secure it.
7. **Attach Blades:** Install the retractable blades to the fan motor assembly. Ensure they are securely fastened.
8. **Test Operation:** Restore power at the circuit breaker and test the fan and light functions using the remote control.

AIRGLOW EVO

3 PALE

Image: Overview of the ARDES AIRGLOW EVO AR5PL92 ceiling fan, illustrating its dimensions including a diameter of 92 cm when blades are extended, and a height of 36 cm. The fan features a central light fixture and retractable blades.

LUMINOSITÀ REGOLABILE

Image: The ARDES AIRGLOW EVO AR5PL92 ceiling fan showcasing its modern design with three transparent retractable blades. The blades are shown both retracted and extended, highlighting the fan's dual functionality as a light fixture and a fan.

OPERATING INSTRUCTIONS

The ARDES AIRGLOW EVO AR5PL92 is controlled via the included remote control.

Remote Control Functions

MOTORE BRUSHLESS DC

Image: The remote control for the ARDES AIRGLOW EVO AR5PL92 ceiling fan, featuring buttons for power, light on/off, fan speed (1-6), natural breeze mode, summer/winter mode, and timer functions (1h, 2h).

- **Power Button:** Turns the fan and light on or off.
- **Fan Speed (1-6):** Adjusts the fan speed from a gentle breeze (1) to maximum airflow (6).
- **Natural Breeze Mode:** Simulates a natural breeze by varying fan speed intermittently.
- **Summer/Winter Mode:** Reverses the direction of blade rotation. In summer, blades rotate counter-clockwise to create a downdraft for cooling. In winter, blades rotate clockwise to create an updraft, circulating warm air trapped near the ceiling.
- **Timer (1h/2h):** Sets the fan to automatically turn off after 1 or 2 hours.
- **Light On/Off:** Toggles the LED light.
- **Light Color Temperature (CCT) Adjustment:** Cycles through 3 preset color temperatures (3000K warm white, 4000K neutral white, 6000K cool white).
- **Dimmer:** Adjusts the brightness of the LED light.

Light Functions

LUCE CALDA E FREDDA

Image: Illustration of the ARDES AIRGLOW EVO AR5PL92's adjustable LED light, showing a spectrum from 3000K (warm light) to 6000K (cool light). This demonstrates the ability to change the light's color temperature to suit different moods or needs.

TELECOMANDO

**BREZZA
NATURALE**

6 VELOCITÀ

TIMER 2h

Image: The ARDES AIRGLOW EVO AR5PL92's dimmable LED light feature, showing the light at various brightness levels in a room setting. This highlights the fan's capability to provide adjustable illumination from bright to subtle.

The integrated LED light offers 2200 lumens of brightness and can be adjusted in both color temperature (3000K, 4000K, 6000K) and intensity (dimmable) to suit your preference.

Summer/Winter Function

ROTAZIONE REVERSIBILE

IDEALE PER ESTATE E INVERNO

Image: Diagram illustrating the reversible rotation feature of the ARDES AIRGLOW EVO AR5PL92 ceiling fan. The 'Summer' mode shows blades rotating counter-clockwise to push air down, creating a cooling effect. The 'Winter' mode shows blades rotating clockwise to draw air up, circulating warm air from the ceiling.

The reversible motor allows for year-round use. In summer, the fan creates a cooling breeze. In winter, it helps circulate warm air, improving heating efficiency.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, dry, or slightly damp cloth. Do not use water directly on the fan or any harsh chemicals.
- **Blade Inspection:** Check the blades for any signs of damage or looseness. Tighten screws if necessary.
- **Dust Removal:** Use a soft brush or vacuum cleaner with a brush attachment to remove dust from the motor vents to prevent overheating.
- **Light Source:** The LED light source is integrated and not user-replaceable. If the LED light fails, contact qualified service personnel.

TROUBLESHOOTING

If you encounter issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery dead	Check circuit breaker; Verify wiring connections (consult electrician); Replace remote control battery.
Light does not work	No power supply; Loose wiring; LED module failure	Check circuit breaker; Verify wiring connections (consult electrician); Contact customer support for LED module issues.
Fan wobbles	Loose blades or mounting; Unbalanced blades	Ensure all blade screws and mounting screws are tight; Use a balancing kit (not included) if necessary.
Excessive noise	Loose screws; Motor issue; Blades hitting an obstruction	Check and tighten all screws; Ensure no obstructions are near blades; If noise persists, contact customer support.

TECHNICAL SPECIFICATIONS

Feature	Specification
Model Name	AR5PL92
Brand	Ardes
Fan Diameter	Ø92 cm
Motor Type	Brushless DC Motor
Fan Power	59 W
Airflow	33.3 m³/min (max)
Noise Level	42 dB(A)
Light Type	Integrated LED
Light Power	24 W
Luminous Flux	2200 lm
Color Temperature (CCT)	3000K – 6000K (Adjustable)
Voltage	220 V
Dimensions (L x W x H)	92 x 92 x 18 cm
Protection Class	Class I
IP Rating	IPX0 (Not water resistant)

Feature	Specification
Country of Origin	China

WARRANTY INFORMATION

This product is covered by a manufacturer's warranty. Please refer to the warranty card included with your purchase or visit the manufacturer's website for detailed terms and conditions. Keep your proof of purchase for any warranty claims.

CUSTOMER SUPPORT
