6. CARE AND MAINTENANCE

To ensure the longevity and appearance of your BLOKEES Naruto Uzumaki figure, please follow these

Care instructions:

- **Cleaning:** Dust the figure regularly with a soft, dry cloth or a soft brush. For stubborn dirt, lightly dampen a cloth with water and gently wipe. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the figure away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or material degradation.
- **Handling:** Handle the figure by its main body parts. Avoid excessive force on joints or small accessories to prevent breakage.
- **Disassembly:** If disassembling, do so gently to avoid stressing connection points. Keep small parts in a secure container.

7. TROUBLESHOOTING

If you encounter any issues with your BLOKEES Naruto Uzumaki figure, consider the following:

- **Loose Joints:** If a joint feels too loose, you can try applying a very small amount of clear nail polish or a specialized joint-tightening fluid to the ball joint and let it dry completely. This can add friction.
- **Stiff Joints:** If a joint is too stiff, gently warm the area with a hairdryer on a low setting for a few seconds (do not overheat) to make the plastic more pliable, then carefully attempt to move the joint.
- **Missing Parts:** Double-check the packaging and assembly area thoroughly. If parts are genuinely missing upon opening, contact customer support.
- **Parts Not Fitting:** Ensure you are using the correct parts for each connection and that they are oriented correctly. Do not force parts together. Refer to the assembly diagrams.
