

HRV11-956G

Hot Wheels 1:64 Scale Premium Formula 1 Diecast Model Car Set

INSTRUCTION MANUAL FOR MODEL HRV11-956G

1. Introduction

Thank you for purchasing the Hot Wheels 1:64 Scale Premium Formula 1 Diecast Model Car Set, Model HRV11-956G. This set includes six highly detailed die-cast metal model cars, replicating various Formula 1 vehicles. Each model features real rubber tires and intricate exterior and interior details, presented in manufacturer's original unopened packaging. These models are designed for collectors and enthusiasts aged 14 and above.

2. Product Overview

This set contains six individual 1:64 scale diecast model cars. Each car is approximately 2.75 to 3 inches long and comes in its own blister pack. The models are officially licensed products, featuring accurate representations of their real-world counterparts.

2.1. Included Components

- Williams Racing FW46 - Franco Colapinto #43
- Williams Racing FW46 - Alex Albon #23
- KICK Sauber F1 Team - Zhou Guanyu #24
- KICK Sauber F1 Team - Valtteri Viktor Bottas #77
- McLaren Formula 1 Team - Lando Norris #4
- McLaren Formula 1 Team - Oscar Piastri #81

Figure 1: The complete set of six 1:64 scale diecast Formula 1 model cars, each in its individual blister pack.

3. Setup

The diecast model cars come individually packaged. No complex assembly is required for the models themselves. Follow these steps to prepare your models:

1. Carefully remove each model car from its blister packaging.
2. Inspect each model for any manufacturing defects or shipping damage.
3. Place the models on a flat, stable surface for display or play.

Note: This product is intended for individuals aged 14 years and older. Small parts may pose a choking hazard for younger children.

4. Operating the Models

These diecast models operate via friction. Simply place the car on a smooth surface and push it forward or backward to engage the wheels. No batteries or external power source are required for operation. The models do not feature opening parts or complex interactive mechanisms, focusing on detailed static display and simple rolling play.

5. Maintenance and Care

To ensure the longevity and appearance of your diecast model cars, follow these care instructions:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the models. For stubborn dirt, a slightly damp cloth with plain water can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or solvents, as these can damage the paint and finish.

- **Storage:** Store models in a cool, dry place away from direct sunlight and extreme temperatures, which can cause paint fading or material degradation.
- **Handling:** Handle models by their body to avoid damaging delicate parts like mirrors or spoilers.
- **Display:** If displaying, ensure the display area is clean and free from dust and potential hazards.

6. Troubleshooting

While these models are robust, minor issues can sometimes occur:

- **Wheels not rolling smoothly:** Check for any debris caught in the axle or wheel well. Gently remove any obstructions. Ensure the wheels are properly seated.
- **Minor paint imperfections:** Due to the manufacturing process, very minor paint imperfections may occasionally be present. These are typically not considered defects.
- **Damaged parts:** If a part is broken or detached, assess if it can be reattached with a suitable model adhesive. For significant damage, contact the retailer for assistance.

7. Specifications

Brand Name	Generic (Manufacturer: Hot Wheels)
Model Name	Formula 1
Model Number	HRV11-956G
Scale	1:64
Material Type	Die-cast Metal (with real rubber tires)
Number of Items	6
Approximate Car Dimensions	L-2.75 to 3 inches
Age Range Description	Adult (Manufacturer Minimum Age: 14 years)
Power Source	No Power Source Required
Operation Mode	Friction
Assembly Required	Yes (Minor, for unboxing and placement)

8. Warranty and Support

For specific warranty information, please refer to the documentation provided with your purchase or contact the retailer directly. As this product is distributed by "Generic" but manufactured by "Hot Wheels", warranty terms may vary.

For product support or inquiries, please contact the retailer where the product was purchased. They can provide assistance with product-related questions or issues.
