Safety Information

To ensure safe use of this product, please observe the following precautions:

- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload the cabinet shelves or drawers. Distribute weight evenly.
- Avoid placing hot items directly on the cabinet surface.
- This cabinet is designed for indoor use only. Avoid exposure to extreme temperatures or high humidity for prolonged periods.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

Package Contents

Before assembly, verify that all components listed below are present and undamaged. Refer to the detailed parts list provided in your assembly guide for specific identifiers.

- Cabinet Panels (Side, Top, Bottom, Back)
- Drawer Components (Front, Sides, Back, Bottom)
- Drawer Slide Rails and Wheels
- Hinges for Top Compartment
- Knob/Handle for Drawer
- Assorted Screws, Dowels, and Fasteners
- User Manual (this document)

Assembly Instructions

Follow these steps carefully for proper assembly. It is recommended to have a second person assist with certain steps for stability.

1. **Prepare the Workspace:** Clear a spacious, clean, and soft area for assembly to prevent damage to parts.
2. **Identify Parts:** Lay out all components and hardware. Match them with the parts list in your separate assembly guide.
3. **Assemble the Main Frame:** Connect the side panels to the bottom and top panels using the provided screws and dowels. Ensure all connections are snug.
4. **Install Drawer Slides:** Attach the drawer slide rails to the interior side panels of the cabinet. Ensure they are level and aligned. *Note: Some users have found it helpful to use slightly larger-headed screws for the drawer slides if the provided ones feel loose.*
5. **Assemble the Drawer:** Construct the slide-out drawer by connecting its front, side, back, and bottom panels. Attach the wheels to the bottom of the drawer.
6. **Insert the Drawer:** Carefully slide the assembled drawer onto the installed slide rails. Test its movement to ensure it glides smoothly. A stopper underneath prevents it from falling out.
7. **Attach Top Compartment Hinges:** Secure the hinges for the hidden flip-top compartment to the top panel and the flip-top lid. It is recommended to attach these hinges before fully securing the top panel if access is difficult.
8. **Install Back Panel:** Secure the back panel to the main frame using the small nails or screws provided.
9. **Final Checks:** Verify all screws are tightened, and the cabinet is stable.

Operating Instructions

The ChooChoo Slim Bathroom Storage Cabinet is designed for versatile storage in small spaces.

- **Hidden Flip-Top Compartment:** Lift the top lid to access a discreet storage area, ideal for personal items or small essentials.
- **Top Open Compartment:** Use the open surface on top for decorative items, a phone, or frequently accessed small items.
- **Middle Open Shelf:** This shelf provides easy access storage for items like towels, baskets, or toiletries.
- **Bottom Slide-Out Drawer:** Pull the drawer forward to access toilet paper, cleaning supplies, or other bathroom necessities. The integrated wheels ensure smooth operation, and a stopper prevents accidental removal.

Maintenance

Proper care will extend the life and appearance of your cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Promptly wipe up any spills to prevent moisture damage, especially in humid environments like bathrooms.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration.

Troubleshooting

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Loose fasteners; uneven floor.	Ensure all screws are tightened. Move the cabinet to a level surface or use shims if necessary.
Drawer does not slide smoothly.	Misaligned slide rails; obstruction; loose wheels.	Check that slide rails are correctly installed and aligned. Remove any obstructions. Ensure drawer wheels are securely attached.
Top lid does not close properly.	Misaligned hinges; obstruction.	Verify hinges are correctly installed and tightened. Check for any items obstructing the lid's path.
Missing or damaged parts.	Packaging error or transit damage.	Do not proceed with assembly. Contact ChooChoo customer service for replacement parts.

Specifications

Brand: ChooChoo

Model Number: SC2407-WH-G

Color: White

Material: Engineered Wood
