Allewie Full Size LED Bed Frame with Charging Station - Instruction Manual

Model: AW753861

INTRODUCTION

Thank you for choosing the Allewie Full Size LED Bed Frame with Charging Station. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions thoroughly before beginning assembly and retain them for future reference.

Image: The Allewie Full Size LED Bed Frame, featuring a black velvet upholstered headboard with an integrated blue LED light strip and a charging station. The bed is made up with white bedding and a brown throw blanket, set in a modern bedroom environment.

SAFETY INFORMATION

WARNING:

- Always assemble according to the instructions provided.
- Do not exceed the maximum weight recommendation of 800 pounds.
- Failure to follow these guidelines may result in injury or damage.
- Ensure all connections are secure before use.
- Keep electrical components away from liquids.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard with integrated LED light and charging station
- Side Rails (2)
- Footboard
- Wooden Slats
- Center Support Bar and Legs
- Hardware Pack (screws, bolts, Allen wrench)
- Remote Control for LED lights
- Instruction Manual

SETUP AND ASSEMBLY

Assembly of the Allewie LED Bed Frame is designed to be straightforward. Detailed assembly instructions with visual aids are included in your package. Please follow them step-by-step.

Assembly Overview:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Attach the side rails to the headboard and footboard using the provided hardware.
3. Install the center support bar and its legs.
4. Place the wooden slats onto the frame. The Velcro design on the wooden slats simplifies installation and helps secure them.
5. Ensure all connections are tightened securely.

OPERATING INSTRUCTIONS

LED Lighting System

The integrated RGB LED headboard offers customizable lighting for your bedroom ambiance. It features over 6,000 colors and 30 dynamic scenes.

- **Control Methods:** The LED lights can be controlled via a dedicated mobile application (iOS/Android) or the included remote control.
- **Color Selection:** Use the app or remote to choose from a wide spectrum of colors.
- **Brightness Adjustment:** Adjust the brightness level to suit your preference.
- **Dynamic Scenes:** Select from various pre-set dynamic scenes for different moods or occasions.
- **Music Mode:** Some modes may synchronize with music.
- **Timing Function:** Set timers for the lights to turn on or off automatically.

Charging Station

The headboard includes a convenient charging station to keep your devices powered and within reach.

- **Ports:** The charging station is equipped with 2 USB ports (5V/2.4A) and 1 Type-C port (5V/3A).
- **Usage:** Connect your smartphones, tablets, and other compatible electronic devices to the respective ports for charging.
- **Power Cord:** The charging station is powered by a 6.5-foot power cord. Ensure it is securely plugged into a functional power outlet.

MAINTENANCE

Regular maintenance helps prolong the life and appearance of your bed frame.

- **Cleaning the Velvet Upholstery:** Gently vacuum the velvet fabric regularly to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, consult a professional upholstery cleaner or use a mild fabric cleaner suitable for velvet.
- **Cleaning the Frame:** Wipe the metal and wood components with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Checking Connections:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaks.
- **Electrical Components:** Ensure the LED light strip and charging station connections are secure and free from damage. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

TROUBLESHOOTING

If you encounter any issues with your Allewie LED Bed Frame, refer to the following common solutions:

- **LED Lights Not Working:**
 - Check if the power cord for the LED system is securely plugged into a working outlet.
 - Ensure the remote control has fresh batteries and is pointed directly at the receiver.
 - If using the app, verify Bluetooth connection and app settings.
- **Charging Station Not Functioning:**
 - Confirm the bed frame's main power cord is connected to a live electrical outlet.
 - Try different USB cables and devices to rule out faulty accessories.
 - Ensure the charging station unit is properly seated in the headboard.
- **Squeaking Noises:**
 - Re-tighten all assembly bolts and screws. Over time, connections can loosen.
 - Check the EVA mute bars on the metal frame; ensure they are in place to prevent friction between slats and the frame.
- **Mattress Overhangs Edge:**
 - Verify that the mattress size matches the bed frame size (e.g., Full mattress for Full frame). Refer to the specifications section for exact dimensions.
