WEKEFON N69

WEKEFON Smart LED Table Bedside Lamp Model N69

User Instruction Manual

PRODUCT OVERVIEW

The WEKEFON Smart LED Table Bedside Lamp Model N69 is a versatile 5-in-1 device designed to enhance your bedroom, office, or desktop environment. It integrates an ambient atmosphere light, a powerful Bluetooth speaker, a sunrise alarm clock, a night light, and a 15W fast wireless charging station. This multi-functional device is ideal for work, study, relaxation, and home decor.

The WEKEFON Smart LED Table Bedside Lamp Model N69 combines multiple features into one sleek design, including ambient lighting, a Bluetooth speaker, and wireless charging capabilities.

PACKAGE CONTENTS

- Lager Multifunction G Light x1
- QC3.0 Adapter x1
- 3.3 ft (1 m) USB-A to USB-C cable x1
- Detailed user manual x1

SETUP

Power Connection

Connect the provided USB-A to USB-C cable to the lamp's charging port and the QC3.0 adapter. Plug the adapter into a standard power outlet. For optimal performance, use the included QC3.0 adapter.

HEALTH & SMART LIFE ASSISTANT

WHAT MAKES ADONG SO SMART:

The image displays the USB-A to USB-C cable and QC3.0 adapter included for powering the WEKEFON Smart LED Lamp, ensuring fast and efficient power delivery.

Initial Power On

Upon connecting to power, the device will automatically power on and enter Bluetooth pairing mode, indicated by "bt" on the display.

App Installation (Optional)

For advanced control and customization of lighting, alarms, and sound features, download the "Music Light" app. Scan the QR code provided in the included user manual or search for "Music Light" in your smartphone's app store.

OPERATING INSTRUCTIONS

LED Lighting Control

The lamp features 16 million custom colors and 256 dynamic lighting modes. You can easily switch between 10 preset light colors or use the app to access the full spectrum of options. Enjoy stepless dimming and smooth, gradual brightness transitions.

Use the dedicated light buttons on the device or the companion app to cycle through colors, modes, and adjust

brightness.

WEKEFON Smart LED Lamp providing soothing sounds and light for improved sleep.

MAINTENANCE

To maintain your WEKEFON Smart LED Table Bedside Lamp, clean the device with a soft, dry cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these may damage the surface. Keep the device away from water and excessive moisture to prevent electrical damage.

TROUBLESHOOTING

Device Not Powering On

- Ensure the power cable is securely connected to the device and the QC3.0 adapter.
- Verify the QC3.0 adapter is properly plugged into a working power outlet.

Wireless Charging Not Working

- Confirm your smartphone supports wireless charging.
- Ensure the phone is centered on the charging pad.

- Remove any thick phone cases (over 2-3mm) or metallic objects between the phone and the charging pad.
- Use the provided QC3.0 adapter for optimal charging speed.

Bluetooth Pairing Issues

- Ensure the device is in Bluetooth pairing mode ("bt" displayed).
- Check that Bluetooth is enabled on your smartphone.
- Move your smartphone closer to the device.
- Restart both the lamp and your smartphone.

Light Not Changing Colors/Modes

- Use the dedicated light control buttons or the app to select desired colors and modes.
- Ensure the device is not in a fixed color mode.
