MAINTENANCE

1. Cleaning the Screen

To clean the touch screen, use a soft, lint-free cloth. For stubborn smudges, lightly dampen the cloth with a screen cleaner solution designed for electronics. Avoid abrasive materials or harsh chemicals.

2. Software Updates

The system supports online application updates and free downloads. Regularly check for software updates to ensure optimal performance and access to the latest features. Updates can typically be found in the system settings menu.

3. General Care

Avoid exposing the unit to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture. Ensure all cables are securely connected to prevent intermittent issues.

TROUBLESHOOTING

If you encounter any issues with your MOOKAKA Dual Screen Android Car Radio, refer to the following common troubleshooting steps:

- **No Power:** Check all power cable connections. Ensure the vehicle's ignition is on. If the issue persists, consult a professional installer.
- **No Sound:** Verify volume settings on the unit and your vehicle's audio system. Check speaker connections. Ensure the correct audio source is selected.
- **Touch Screen Unresponsive:** Try restarting the unit. If the problem continues, perform a factory reset (note: this will erase all user data).
- **GPS Signal Issues:** Ensure the GPS antenna is properly installed and has a clear view of the sky. Check GPS settings in the system.
- **Bluetooth Connectivity Problems:** Ensure Bluetooth is enabled on both the car radio and your device. Delete previous pairings and try reconnecting. Check pairing password (default is 0000).
- **Wireless Carplay/Android Auto Not Connecting:** Ensure Bluetooth and Wi-Fi are enabled on your phone. Check the 'Car Link' application on the head unit. Restart both devices.

For issues not covered here, please contact customer support.
