CEVING MCG-MEGA-60

CEVING 60g Large Capacity Manual Coffee Grinder

Model: MCG-MEGA-60

Introduction

Thank you for choosing the CEVING 60g Large Capacity Manual Coffee Grinder. This manual provides essential information for the safe and efficient use, maintenance, and troubleshooting of your new coffee grinder. Please read it thoroughly before first use and retain it for future reference.

Safety Information

- Keep the product away from children.
- Do not dismantle the product. Any repairs should only be performed by authorized personnel.
- Keep away from flammable, explosive, and corrosive materials.
- Use this product only for its intended purpose: grinding roasted coffee beans. Do not use for other purposes.
- Avoid excessive force when grinding, as this may damage the grinding mechanism.
- Do not immerse the appliance in water or other liquids.

Product Overview

The CEVING MCG-MEGA-60 is a portable manual coffee grinder designed for precision and convenience. It features a large 60g capacity, 40 adjustable grind settings, and a durable ceramic conical burr for consistent results.

Components

- Grinder Body with Ceramic Conical Burr
- Handle
- Grounds Catcher
- Cleaning Brush
- User Manual

Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Assemble Handle:** Attach the grinding handle to the top shaft of the grinder. Ensure it is securely fitted.
3. **Adjust Grind Setting:** The grinder features 40 external click-ring settings. To adjust, rotate the adjustment dial located at the top of the grinder. Turning clockwise results in a finer grind, while counter-clockwise produces a coarser grind. Each click represents a 0.05mm adjustment.

Operating Instructions

1. **Select Grind Setting:** Choose your desired grind setting based on your brewing method. Refer to the grind setting chart below for recommendations.
2. **Add Coffee Beans:** Remove the lid and pour up to 60g of roasted coffee beans into the hopper. Replace the lid.
3. **Grind:** Hold the grinder firmly and turn the handle clockwise to begin grinding. Continue until all beans have been ground into the catcher.
4. **Retrieve Grounds:** Unscrew the grounds catcher from the bottom of the grinder to access your freshly ground coffee.

Grind Setting Recommendations

Brew Method	Recommended Settings	Grind Type
Espresso	1-6	Fine
Moka Pot	4-12	Fine to Medium-Fine
Pour Over / Siphon	11-28	Medium
French Press	25-35	Coarse
Cold Brew	30-40	Extra Coarse

Note: These are general recommendations. Adjust settings to your personal preference and specific coffee beans.

Grinding Tip: Reduce Static

To minimize static cling and mess, lightly spray your coffee beans with 2-3 mists of water and shake them gently before grinding.

Maintenance

Cleaning

Regular cleaning ensures optimal performance and extends the life of your grinder. It is recommended to clean the grinder after every few uses or when switching between different types of coffee beans.

1. **Disassemble:** Remove the handle and unscrew the grounds catcher.

2. **Brush Clean:** Use the included cleaning brush to remove any residual coffee grounds from the burr assembly and the grounds catcher.
3. **Wipe Down:** Wipe the exterior of the grinder body with a damp cloth. Do not use abrasive cleaners or immerse the grinder in water.
4. **Reassemble:** Ensure all parts are dry before reassembling the grinder.

Troubleshooting

Problem	Possible Cause	Solution
Difficulty grinding / Grinder jams	Grind setting is too fine for the beans; beans are too oily; foreign object in burr.	Adjust to a coarser setting. Clean the burr assembly thoroughly. Check for foreign objects.
Inconsistent grind size	Burr assembly not properly secured; worn burrs.	Ensure all parts are tightened. If burrs are worn, contact support for replacement.
Excessive static cling of grounds	Dry beans and environment.	Lightly mist beans with water before grinding (2-3 sprays).

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact CEVING customer support.

Specifications

- **Model Number:** MCG-MEGA-60
- **Brand:** CEVING
- **Capacity:** 60 Grams (coffee beans)
- **Burr Type:** Ceramic Conical Burr
- **Grind Settings:** 40 external adjustable settings
- **Grind Precision:** 0.05mm per click
- **Item Weight:** Approximately 346g (0.76 lbs)
