TROUBLESHOOTING

If you encounter any issues with your Vagusicc Nightstand, please refer to the following common solutions:

- **Charging Station Not Working:**
 - Ensure the nightstand's power cord is securely plugged into a functional wall outlet.
 - Check if the wall outlet itself is receiving power (e.g., by plugging in another device).
 - Verify that the device you are trying to charge is compatible with the USB or AC output.
 - Avoid overloading the charging station with too many high-power devices simultaneously.
- **Nightstand is Wobbly:**
 - Adjust the leveling feet at the bottom of the legs to compensate for uneven floor surfaces.
 - Ensure all assembly screws and fasteners are tightened securely.
- **Drawers Do Not Slide Smoothly:**
 - Check if the fabric drawers are properly inserted into their slots.
 - Ensure the drawers are not overloaded or obstructed.
