DICTAC BWR

DICTAC Twin Size LED Bed Frame with Storage Drawer and Safety Guardrails Instruction Manual

Model: BWR

1. Introduction

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your DICTAC Twin Size LED Bed Frame. Please read this manual thoroughly before assembly and use to ensure safe and correct operation. Keep this manual for future reference.

Figure 1: DICTAC Twin Size LED Bed Frame (Beige)

This image displays the complete DICTAC Twin Size LED Bed Frame in beige, featuring the wavy headboard, LED lighting, removable guardrails with storage pockets, and the pull-out storage drawer at the foot of the bed.

2. Safety Information

Please adhere to the following safety guidelines to prevent injury or damage to the product:

- Always follow the assembly instructions carefully to prevent instability.
- Do not exceed the weight capacity of 1000 lbs.
- Exercise caution when using the charging station and ensure it is kept away from water.
- Keep the velvet upholstery away from open flames and high heat sources.
- Ensure all connections for the LED lights and charging station are secure before use.
- Regularly check all bolts and screws to ensure they remain tightened.

3. Package Contents

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bed Frame Components (Headboard, Footboard, Side Rails, Support Legs)
- Metal Slats and Support Bars
- Removable Guardrails with Storage Pockets (2 units)
- Storage Drawer with Wheels
- RGB LED Light Strip
- Built-in Power Strip (with 2 AC outlets, 1 USB port, 1 Type-C port)
- Remote Control for LED Lights
- Assembly Hardware (screws, bolts, nuts, Allen wrench)
- Instruction Manual

4. Specifications

Feature	Detail
Model Number	BWR
Size	Twin
Product Dimensions (L x W x H)	74.8"L x 39.4"W x 13.79"H
Weight Capacity	Up to 1000 lbs

Figure 2: Product Dimensions and Weight Capacity

This diagram illustrates the overall dimensions of the twin size bed frame, including the headboard height, guardrail height, and storage drawer dimensions. It also indicates a maximum weight capacity of 1000 lbs and a recommended mattress thickness of 8-12 inches.

5. Setup and Assembly Instructions

Assembly is required for this bed frame. Please follow the detailed instructions provided in the separate assembly manual included with your product. All parts are numbered, and necessary tools are supplied. Assembly typically takes approximately 60 minutes.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the package contents list.
2. **Assemble Bed Frame:** Follow the step-by-step instructions in the dedicated assembly manual to construct the main bed frame, including the headboard, footboard, and side rails.
3. **Install Metal Slats:** Secure the heavy-duty metal slats into the designated slots on the bed frame. Ensure the embedded slats design is correctly installed for optimal support.
4. **Attach Support Legs:** Fasten the sturdy support legs to the bed frame as indicated in the manual.

5. **Assemble Storage Drawer:** Put together the storage drawer and install its smooth wheels.
6. **Install Guardrails:** Attach the removable guardrails to the side rails. Refer to the 'Operating Instructions' section for different usage configurations.
7. **Connect LED Lights and Power Strip:** Install the RGB LED light strip and connect the built-in power strip according to the electrical connection instructions.

Figure 3: Metal Slats Support and Frame Details

This image highlights the heavy-duty metal slat support system, the embedded design for easy installation, and the mattress slide stoppers to prevent mattress movement. It also shows the arc design for child safety and the sturdy support legs.

6. Operating Instructions

6.1. RGB LED Lights

The integrated RGB LED light strip offers customizable lighting options for your bedroom ambiance.

- **Control Methods:** The LED lights can be controlled via the included remote control, a button on the light strip, or a dedicated

smartphone application.

- **Color Selection:** Choose from over 60,000 colors to match your preference.
- **Dynamic Modes:** Utilize various dynamic modes such as fade, flash, and music synchronization to create different atmospheres.
- **Timing Function:** Set timers for the lights to turn on or off automatically.

Figure 4: RGB LED Lights Features and Control

This image illustrates the various control methods for the RGB LED lights, including APP control, button control, and remote control. It also highlights features such as over 60,000 colors, mic mode, music mode, timing function, and dynamic modes.

6.2. Built-in Charging Station

The headboard features a convenient built-in power strip for charging electronic devices.

- **Outlets:** Two standard 120V/12A AC outlets are available for larger electronics.
- **USB Ports:** One 5V/2A USB port and one 5V/3A Type-C port are provided for charging smartphones, tablets, and other USB-powered devices.

- **Usage:** Simply plug your devices into the appropriate ports. Ensure the bed frame is connected to a power source.

Figure 5: Storage Headboard and Charging Station

This image details the storage headboard with an open shelf and hidden storage space behind the wavy velvet panels. It also clearly shows the built-in power strip with two AC outlets, one USB port, and one Type-C port for convenient device charging.

6.3. Removable Bedside Guardrails

The bed frame includes two removable guardrails designed for safety and convenience.

- **Installation:** The guardrails attach securely to the side rails of the bed.
- **Adjustable Use:** The guardrails can be configured in four different ways to suit your needs, including full coverage, partial coverage, or removal.
- **Storage Pockets:** Each guardrail features integrated storage pockets, ideal for books, small toys, or other bedtime essentials.

Figure 6: Guardrail Configurations and Features

This image demonstrates the four different ways the removable guardrails can be used, showing various placements along the bed frame. It also highlights features like high-quality foam, perfect height (15.2 inches), quick installation, and convenient storage bags.

6.4. Large Storage Drawer

A spacious storage drawer is located at the foot of the bed for additional storage.

- **Operation:** The drawer is equipped with smooth, silent wheels for effortless opening and closing.
- **Capacity:** Ideal for storing clothes, bedding, toys, and other items, helping to maintain a tidy room.

Figure 7: Storage Drawer and Under-bed Clearance

This image shows the large pull-out storage drawer at the foot of the bed, filled with various items. It highlights the four smooth wheels for easy movement and the mechanism to prevent the drawer from sliding too far. The image also indicates the under-bed storage space, showing a clearance of 6.81 inches.

7. Maintenance

- **Cleaning Velvet Upholstery:** Gently vacuum the velvet fabric regularly to remove dust. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild upholstery cleaner following the product instructions, testing on an inconspicuous area first. Avoid harsh chemicals or excessive moisture.
- **Frame Cleaning:** Wipe down non-upholstered parts of the frame with a soft, damp cloth. Avoid abrasive cleaners.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **LED Lights:** Ensure the LED strip and connections are free from dust and debris. Do not attempt to repair the LED strip or power strip yourself; contact qualified personnel if issues arise.

8. Troubleshooting

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose hardware.	Check and tighten all bolts and screws. Ensure all slats are properly seated.
LED lights are not turning on.	Power connection issue, remote battery dead, or app not connected.	Ensure the power strip is plugged in. Check LED strip connections. Replace remote battery. Re-pair with app if necessary.
Charging station not working.	Bed frame not plugged in, device cable faulty, or power strip issue.	Verify the bed frame's power cord is securely plugged into a working wall outlet. Test with a different device cable.
Storage drawer does not slide smoothly.	Obstruction, damaged wheels, or uneven floor.	Check for any items blocking the drawer's path. Inspect wheels for damage. Ensure the bed is on a level surface.
