3. SETUP & ASSEMBLY

The VINGLI Fireplace TV Stand requires assembly. All necessary tools and detailed instructions are included in the packaging. Please follow the provided assembly instructions carefully, step-by-step.

- **Unpacking:** The item may be delivered in two separate packages, which might arrive at different times. Ensure all packages are received before beginning assembly.
- **Component Identification:** Before starting, identify all parts and hardware against the provided list in the instruction manual.
- **Assembly Tip:** When assembling the base or any sections that require wooden dowels, insert these dowels into their designated holes *before* fully connecting larger sections. This can prevent the need for disassembly later.
- **Wall Anchoring:** Utilize the anti-tilt device and hardware to secure the TV stand to the wall, enhancing stability and safety.

5. MAINTENANCE & CARE

Proper care and maintenance will extend the life and appearance of your TV stand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust the unit to prevent buildup, especially around the fireplace vents.
- **Fireplace Care:** Ensure the fireplace vents are not obstructed. Refer to the specific fireplace manual for detailed cleaning instructions for the heating element and flame effect components.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.

6. TROUBLESHOOTING

If you encounter issues with your VINGLI Fireplace TV Stand, refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fireplace not turning on.	No power, unit unplugged, power switch off.	Check power cord connection, ensure outlet is functional, verify main power switch on fireplace is ON.
No heat output.	Heater function not activated, temperature set too low, overheating protection activated.	Activate heater function via remote or control panel, increase temperature setting, allow unit to cool if overheating protection was triggered.
Remote control not working.	Dead batteries, obstruction, remote out of range.	Replace batteries, remove obstructions between remote and unit, ensure remote is within effective range.
Assembly difficulties.	Instructions unclear, missing parts, incorrect orientation.	Review the assembly manual carefully. Contact VINGLI customer service for assistance with unclear steps or missing parts. Ensure all pieces are oriented correctly before tightening.
