## Coucur Y66

# Coucur Y66 Smart Watch User Manual

MODEL: Y66

## Introduction

---

Thank you for choosing the Coucur Y66 Smart Watch. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. Please read it carefully to ensure optimal performance and a satisfying user experience.

## 1. Setup

---

### 1.1 What's in the Box

- 1.96" HD Smart Watch (Y66)
- Silicone Bracelet
- Charging Cable
- English User Manual

### 1.2 Initial Charging

Before first use, charge the smartwatch for at least 1 hour. If the battery is completely drained, charge for a minimum of 30 minutes before attempting to power it on. Use the provided charging cable and connect it to a standard USB power source.

# Health Monitoring

Know your health well ,and develop a better lifestyle

## 1.3 App Installation and Device Pairing

To unlock the full functionality of your Coucur Y66 Smart Watch, you need to install the companion application **GloryFit**, on your smartphone and pair the devices.

1. **Turn on Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
2. **Download GloryFit App:** Scan the QR code in your printed manual or search for "GloryFit" in the Google Play Store (for Android) or Apple App Store (for iOS) and install the application.
3. **Open App and Pair:** Open the GloryFit app, navigate to the device section, and select "Add Device" or "Search Device." The app will search for available devices. Select "Y66" from the list to initiate pairing.
4. **Confirm Pairing:** Follow the on-screen prompts on both your phone and the smartwatch to confirm the pairing request.

## Attention

### • About charging, please note:

1. Charge for at least 1 hour before initial use.
2. If the battery is completely drained, charge for at least 30 minutes before powering on.

### • About Bluetooth connection, please note:

1. Syncing activity data requires Bluetooth connection to the GloryFit App, and answering calls requires Bluetooth connection to the phone.
2. To receive phone notifications, ensure the GloryFit app is running in the background, and keep Bluetooth connected to both the phone and GloryFit App.
3. If the connection repeatedly disconnects, try restarting the watch and phone's Bluetooth.

### • Else note:

1. IP68 waterproof rating is only suitable for daily waterproofing. Please do not submerge the smartwatch in water or use it during water sports.
2. Data monitored by the smartwatch is for reference only and should not be used as medical guidance.

There are detailed function introduction and precautions documents in the GloryFit App.

Image: A visual guide showing the steps to connect the smartwatch to the GloryFit app, including enabling Bluetooth, downloading the app, and selecting the device for pairing.

## 2. Operating Instructions

### 2.1 Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.

- **Swipe Left/Right:** Access quick functions or widgets.
- **Tap:** Select an item or confirm an action.
- **Side Button:** Press to return to the home screen or wake the device.

## 2.2 Making/Answering Calls & Smart Notifications

The Coucur Y66 Smart Watch supports Bluetooth 5.3 for stable call functionality. Once paired, you can answer or make calls directly from your wrist, view call history, and store contacts. The watch also provides vibrating alerts for social media messages from platforms like Facebook, WhatsApp, Instagram, and Twitter, ensuring you stay connected without needing to check your phone constantly.

Image: A user interacting with the smartwatch to manage calls and view message notifications, highlighting the Bluetooth 5.3 call and text features.

## 2.3 Customizing Watch Faces

The 1.96" HD full touch color screen offers a highly responsive touch experience. Through the GloryFit app, you can access over 200 free personalized watch faces. You also have the option to upload your favorite photos, such as family pictures or selfies, to create a custom wallpaper for your smartwatch.

Your browser does not support the video tag.

## 2.5 Health Monitoring

The Coucur Y66 Smart Watch is equipped with high-performance optical sensors for 24/7 health monitoring. It accurately tracks your heart rate, blood oxygen levels, stress levels, and sleep patterns. You can view detailed weekly health reports within the GloryFit app to gain insights into your well-being and develop a healthier lifestyle.

- **Heart Rate Monitoring:** Real-time tracking of your heart rate throughout the day.
- **Blood Oxygen Monitoring:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Analyzes your sleep stages (deep sleep, light sleep, awake time) and provides suggestions for improvement.
- **Stress Level Monitoring:** Helps you understand and manage your stress.

## 2.6 Other Useful Functions

The smartwatch includes a variety of additional features to enhance your daily life:

- Timer and Stopwatch
- Alarm Clock
- Sedentary Reminder
- Music Control
- Weather Forecast
- Camera Control (remote shutter)
- Calculator
- Voice Assistant

## 3. Maintenance

### 3.1 Water Resistance (IP68)

The Coucur Y66 Smart Watch features an IP68 waterproof rating, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for 30 minutes. This makes it suitable for daily activities such as washing hands, sweating during exercise, and light rain exposure. **However, it is not recommended for swimming, showering with hot water, or prolonged submersion in water.**

# IP68 Waterproof

Smart watch with IP68 waterproof function, can shower, rain, etc.

Image: The smartwatch partially submerged in water, illustrating its IP68 waterproof capability.

## 3.2 Cleaning Your Smartwatch

To keep your smartwatch clean and in good condition, wipe the screen and strap regularly with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the device.

## 4. Troubleshooting

### 4.1 Bluetooth Connection Issues

- **Activity Data Sync:** Syncing activity data requires a stable Bluetooth connection to the GloryFit App.
- **Answering Calls:** Answering calls directly from the watch requires a Bluetooth connection to your phone.
- **Notifications:** To receive phone notifications, ensure the GloryFit app is running in the background on your phone, and that Bluetooth is connected to both your phone and the app.
- **Frequent Disconnections:** If the connection repeatedly disconnects, try restarting both your smartwatch and your phone's Bluetooth function.

## 4.2 Data Accuracy

The data monitored by the smartwatch, such as heart rate, blood oxygen, and sleep patterns, is for reference purposes only. It should not be used as a substitute for professional medical advice or guidance.

| Operating System             | Android/iOS Compatible                                                                                                                                |
| Connectivity Technology      | Bluetooth 5.3                                                                                                                                         |
| Water Resistance Rating      | IP68                                                                                                                                                  |
| Battery Life (Average Usage) | Up to 7 days                                                                                                                                          |
| Standby Time                 | Approximately 30 days                                                                                                                                 |
| Battery Charge Time          | 2 Hours                                                                                                                                               |
| Memory Storage Capacity      | 1000 MB                                                                                                                                               |
| Band Material Type           | Silicone                                                                                                                                              |
| Metrics Measured             | Heart Rate, Sleep Duration, Blood Oxygen, Step Count                                                                                                  |
| Special Features             | Call/Dial/Contacts, Message Notifications, 110+ Sport Modes, Voice Assistant, Alarm Clock, Music Player, Weather Forecast, Camera Control, Calculator |

## 6. Warranty Information

The Coucur Y66 Smart Watch comes with a **2-year warranty** from the date of purchase. This warranty covers manufacturing defects and issues arising from normal use. Please retain your proof of purchase for warranty claims. For detailed terms and conditions, refer to the warranty information provided with your product packaging or contact customer support.

## 7. Customer Support

If you encounter any issues or have questions not covered in this manual, please refer to the detailed function introduction and precautions documents available within the GloryFit App. You may also contact Coucur customer support for further assistance. Contact information can typically be found on the official Coucur website or on your product packaging.

## ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
