Hey-brother EMPJ070G

Hey-brother Cat Tree Instruction Manual

Model: EMPJ070G

INTRODUCTION

Thank you for choosing the Hey-brother Cat Tree, Model EMPJ070G. This cat tree is specifically designed to provide a comfortable, engaging, and secure environment for large cats, including Maine Coons, and cats of all ages. It features multiple platforms, cozy hammocks, a spacious den, and an integrated grooming comb. Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

SAFETY INSTRUCTIONS

- **Adult Assembly Required:** This product contains small parts and requires adult assembly. Keep children and pets away during assembly.
- **Placement:** Place the cat tree on a flat, stable surface. Avoid placing it near windows, heaters, or open flames.
- **Anti-Tip Strap:** Always install the included anti-tip strap to secure the cat tree to a wall. This is crucial for stability, especially with large or multiple cats.
- **Regular Inspection:** Periodically check all screws and connections to ensure they are tight. Tighten if necessary.
- **Weight Limit:** While designed for large cats, avoid excessive weight or multiple large cats on a single platform simultaneously to prevent instability.
- **Damaged Parts:** Do not use the cat tree if any parts are damaged or missing. Contact customer support for replacement parts.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present in your package:

- Cat tree components (engineered wood boards, sisal-wrapped posts)
- Replaceable plush balls
- Anti-tip device (strap and wall anchors)
- Accessory kit (screws, Allen wrench)
- Assembly instructions (this manual)

If any parts are missing or damaged, please contact Hey-brother customer support immediately.

ASSEMBLY INSTRUCTIONS (SETUP)

Follow these steps carefully to assemble your Hey-brother Cat Tree. It is recommended to have a clear, spacious area for assembly.

1. **Identify Parts:** Lay out all components and identify them using the provided parts list in the accessory kit.
2. **Assemble Base:** Attach the lowest posts to the baseboard using the appropriate screws. Ensure they are securely tightened.
3. **Build Levels:** Progressively attach platforms, dens, and hammocks to the posts, working your way upwards. Refer to the assembly diagrams for correct orientation.
4. **Install Hammocks:** Secure the hammocks to their designated attachment points.
5. **Attach Grooming Brush:** Install the automatic grooming brush in its designated location.
6. **Secure Anti-Tip Strap:** Once the cat tree is fully assembled and in its final position, attach the anti-tip strap to the top of the tree and secure it to a wall stud using the provided hardware. This step is critical for safety.
7. **Final Check:** Ensure all screws are tight and the structure is stable before allowing your cats to use it.

USAGE GUIDELINES (OPERATING)

The Hey-brother Cat Tree offers various features for your cat's enjoyment and well-being:

- **Spacious Platforms:** The enlarged top platform and other levels provide ample space for large cats to rest, observe, and play.
- **Comfortable Hammocks:** Two large hammocks offer cozy spots for napping and relaxation, suitable for multiple cats.
- **Large Den:** A spacious enclosed den provides a secure and private retreat for your cat.
- **Integrated Grooming Brush:** Cats can rub against the automatic grooming brush for gentle self-grooming, helping to manage their fur.
- **Tiered Stair Design:** The scientifically designed multi-level structure allows easy climbing and descent for kittens, adult cats, and older cats.
- **Sisal Scratching Posts:** The sisal-wrapped posts cater to your cat's natural scratching instincts, helping to protect your furniture.

CARE AND MAINTENANCE

- **Cleaning:** The plush fabric surfaces should be hand washed only. Use a damp cloth and mild detergent for spot cleaning. Do not machine wash or tumble dry.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Sisal Posts:** The sisal scratching posts are designed to withstand scratching. If they become heavily worn, they can be replaced.
- **Grooming Brush:** Periodically remove accumulated fur from the grooming brush to maintain its effectiveness.
- **Structural Integrity:** Routinely check all connections and tighten any loose screws to maintain the tree's stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cat tree feels wobbly	Loose screws; uneven floor; anti-tip strap not installed or loose.	Tighten all screws. Ensure the tree is on a level surface. Install or re-tighten the anti-tip strap to the wall.
Cats not using scratching posts	Prefer other surfaces; not attracted to sisal.	Encourage use by rubbing catnip on the sisal posts. Gently guide your cat's paws to the posts.
Grooming brush not effective	Accumulated fur; brush worn out.	Remove any fur trapped in the brush. If heavily worn, consider replacing the brush attachment if available.
Parts are missing or damaged	Shipping damage; packaging error.	Do not proceed with assembly. Contact Hey-brother customer support for replacement parts.

SPECIFICATIONS

Feature	Detail
Model Number	EMPJ070G
