

adidas JH1294

adidas Futsal UCL Pro Sala Indoor Football JH1294

Model: JH1294 | Brand: adidas

INTRODUCTION

This instruction manual provides essential information for the proper use, care, and maintenance of your adidas Futsal UCL Pro Sala Indoor Football, model JH1294. Please read this manual thoroughly to ensure optimal performance and longevity of your product.

PRODUCT OVERVIEW

The adidas Futsal UCL Pro Sala Indoor Football is designed for high-performance indoor play. It features a durable construction and official certification for quality.

Key Features:

- **Hand-Stitched Construction:** Ensures durability and a consistent touch.
- **FIFA Quality Pro Certified:** Meets the highest international standards for match balls.
- **Low Rebound Design:** Optimized for futsal play, providing better control in tight spaces.
- **UEFA Champions League Logo:** Official branding for the prestigious tournament.
- **Durable Cover:** Made from 60% recycled polyester and 40% polyurethane.
- **Butyl Bladder:** Provides excellent air retention.
- **Size 4:** Standard futsal ball size.

SETUP

Inflation Instructions:

1. Your adidas Futsal UCL Pro Sala Indoor Football is delivered inflated. However, if re-inflation is needed, use a standard ball pump and needle.
2. Moisten the needle before inserting it into the valve to prevent damage.
3. Inflate the ball to the recommended pressure, typically indicated near the valve (usually between 0.6 and 0.9 bar / 8.7 and 13.0 PSI). Do not over-inflate, as this can damage the ball and affect its performance.
4. Remove the needle carefully.

OPERATING

Recommended Use:

This football is specifically designed for indoor futsal training and matches. Its low-rebound characteristic makes it ideal for the fast-paced, technical demands of futsal on hard indoor surfaces.

- Use on appropriate indoor surfaces to maximize ball life and performance.
- Avoid using on abrasive outdoor surfaces, as this can cause premature wear and damage.

MAINTENANCE

Cleaning:

To clean your football, wipe it with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Do not use harsh chemicals or abrasive cleaners.

Storage:

Store the ball in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid storing it in a compressed state or under heavy objects, which can deform its shape.

General Care:

- Regularly check the ball's pressure and re-inflate as needed to maintain optimal performance.
- Avoid contact with sharp objects or rough surfaces that could puncture or tear the ball's cover.

TROUBLESHOOTING

Loss of Air Pressure:

If the ball loses air pressure quickly, first check the valve for any debris or damage. Ensure the inflation needle is properly moistened before insertion. If the issue persists, it may indicate a bladder leak. Contact customer support

for further assistance.

Visible Damage:

For any cuts, tears, or significant abrasions on the ball's surface, discontinue use to prevent further damage. Such damage may affect the ball's performance and durability. Refer to the warranty information for potential repair or replacement options.

SPECIFICATIONS

Model Number	JH1294 (Manufacturer Reference: 4067891368660)
Brand	adidas
Material	60% Recycled Polyester, 40% Polyurethane
Construction Type	Hand-Stitched
Bladder Type	Butyl
Size	4
Certification	FIFA Quality Pro
Weight	Approximately 600 grams
Color	Neon Green
Recommended Use	Indoor Football Training Game
