Bellemave Twin Over Full Bunk Bed

Bellemave Twin Over Full Bunk Bed with Storage Shelf and RGB LED Lights Instruction Manual

INTRODUCTION

Welcome to your new Bellemave Twin Over Full Bunk Bed with Storage Shelf and RGB LED Lights. This manual provides essential information for the safe assembly, operation, and maintenance of your bunk bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

This bunk bed is designed for durability and functionality, featuring a heavy-duty metal frame, integrated storage, and customizable RGB LED lighting. It offers a space-saving solution suitable for various room configurations.

SAFETY INFORMATION

Your safety is paramount. Adhere to the following guidelines to ensure safe use of your Bellemave bunk bed:

- **Weight Capacity:** The top bunk supports a maximum weight of 500 lbs. The bottom bunk also supports a maximum weight of 500 lbs. Do not exceed these limits.
- **Anti-Tilt Kit:** Always secure the bed to the wall using the provided anti-tilt kit to prevent accidental tipping.
- **Ladder Safety:** Use the 3-step ladder for accessing the top bunk. Each rung is covered with a soft padded cover for comfort. Always maintain three points of contact when climbing or descending.
- **Mattress Requirements:** Ensure mattresses of the correct size are used for both bunks. Refer to the 'Specifications' section for recommended mattress dimensions.
- **Fixed Design:** This bunk bed is a fixed design and cannot be separated into two individual beds.
- **Children's Product Certificate (CPC):** This bunk bed is certified by the Children's Product Certificate (CPC) for safety.

PACKAGE CONTENTS

Your Bellemave Twin Over Full Bunk Bed will arrive in two compact boxes. Please verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, please contact customer support immediately.

Included Components:

- Guardrails

- Ladder
- Lights (RGB LED strip and remote)
- Storage Shelf
- All necessary hardware and tools for assembly

SETUP AND ASSEMBLY

Assembly of the Bellemave Twin Over Full Bunk Bed is designed to be straightforward with detailed instructions and numbered parts. We recommend two adults for efficient and safe assembly.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts using the provided parts list in your separate assembly guide.
3. Follow the step-by-step instructions in the assembly guide to construct the bed frame. Ensure all bolts and fasteners are securely tightened.
4. Attach the anti-tilt kit to the bed frame and secure it to a wall stud as per the instructions to enhance stability.
5. Install the RGB LED lights and storage shelf according to the provided diagrams.

OPERATING INSTRUCTIONS

RGB LED Lights

The integrated RGB LED lights offer customizable ambiance. Use the provided remote control to:

- Turn the lights On/Off.
- Select from 16 different color options.
- Adjust brightness levels.

Your browser does not support the video tag.

Storage Shelf

The lower level features an integrated storage shelf, ideal for keeping books, small electronics, or decorative items organized and within easy reach.

Under-Bed Clearance

The 7.3 inches of clearance under the lower bunk provides additional space for under-bed storage bins or other organizational solutions.

MAINTENANCE

To ensure the longevity and appearance of your bunk bed, follow these maintenance tips:

- **Cleaning:** Wipe down the metal frame and wooden shelf surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain structural integrity.
- **LED Lights:** Handle the LED strip and remote control with care. If the lights malfunction, check the power connection and remote battery before contacting support.

TROUBLESHOOTING

If you encounter any issues with your Bellemave bunk bed, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose fasteners; Anti-tilt kit not properly installed.	Ensure all bolts are tightened. Verify the anti-tilt kit is securely anchored to the wall.
Squeaking noises from the bed frame.	Loose connections; Slats shifting.	Tighten all connections. The bed includes noise-reducing rubber stoppers to keep slats in place; ensure they are correctly positioned.
RGB LED lights not working.	Power connection issue; Remote control battery dead.	Check if the power adapter is securely plugged in. Replace the remote control battery.

If you are unable to resolve an issue, please contact Bellemave customer support.
