## ILED COLOR S3296

# ILED COLOR LED Glasses S3296 User Manual

Model: S3296

## 1. INTRODUCTION

---

The ILED COLOR LED Glasses S3296 are customizable Bluetooth-enabled glasses designed for displaying various animations, text, and patterns. These glasses connect to a mobile application, allowing users to personalize content for different occasions. This manual provides essential information for the proper setup, operation, and maintenance of your LED Glasses.

## 2. PACKAGE CONTENTS

---

- ILED COLOR LED Glasses (Model S3296)
- USB Charging Cable
- User Manual

## 3. PRODUCT FEATURES

---

- Customizable LED display via mobile application.
- Bluetooth connectivity for smartphone control.
- Integrated USB charging for convenience.
- Adjustable elastic band for a secure and comfortable fit.
- Touch keys for basic on-device control (power, animation switching).
- Lightweight plastic construction.

## 4. SETUP

### 4.1 Charging the Glasses

1. Locate the USB charging port on the glasses.
2. Connect the provided USB charging cable to the glasses and a compatible USB power source (e.g., computer USB port, wall adapter).
3. The LED indicator will illuminate to show the charging status. Ensure the glasses are fully charged before first use.

### 4.2 App Download and Installation

1. Search for the 'iledeyes' application in your smartphone's app store (available for iOS and Android devices).
2. Download and install the application on your smartphone.

### 4.3 Bluetooth Connection

1. Ensure Bluetooth is enabled on your smartphone.
2. Power on the ILEDCOLOR LED Glasses by long pressing the touch key for 2 seconds.
3. Open the 'iledeyes' application on your smartphone.
4. Follow the on-screen prompts within the app to search for and pair with your LED Glasses. The app will typically display a

device name like 'S3296' or similar.

## 5. OPERATING INSTRUCTIONS

### 5.1 Power On/Off and On-Device Animation Switching

- To **Power On** the glasses, long press the touch key (located on the side of the frame) for approximately 2 seconds.
- To **Power Off** the glasses, long press the same touch key for approximately 2 seconds.
- To **Switch Animations** through pre-loaded patterns, single click the touch key while the glasses are powered on.

### 5.2 Using the Mobile Application

The 'iledeyes' app provides comprehensive control and customization options for your LED Glasses:

- **Animation:** Browse and select from a variety of pre-designed animations to display on your glasses.
- **Text:** Input custom text messages. You can often adjust font, color, and scrolling speed within the app.
- **Graffiti/DIY:** Use the drawing interface to create your own custom patterns or designs pixel by pixel.
- **Music Mode:** Some versions of the app may offer a music mode where the display reacts to sound.

Refer to the in-app tutorials or help sections for detailed guidance on specific features.

## 6. MAINTENANCE

---

- **Cleaning:** Use a soft, dry, lint-free cloth to gently wipe the surfaces of the glasses. Do not use abrasive cleaners, solvents, or immerse the glasses in water.
- **Storage:** Store the glasses in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the glasses regularly, even if not in use for extended periods.

## 7. TROUBLESHOOTING

---

- **Glasses not turning on:**
  - Ensure the glasses are fully charged. Connect them to a USB power source.
  - Press and hold the touch key for at least 2 seconds to power on.
- **Cannot connect via Bluetooth:**
  - Verify that Bluetooth is enabled on your smartphone.
  - Ensure the glasses are powered on and within range of your smartphone.
  - Close and reopen the 'iledeyes' app.
  - Restart your smartphone and the glasses, then attempt to pair again.
- **Display is dim or flickering:**
  - The battery may be low. Charge the glasses fully.
  - Ensure there is no physical damage to the LED display area.
- **Discomfort when wearing:**
  - Adjust the elastic band to achieve a comfortable and secure fit. The band should not be too tight or too loose.
  - Ensure the nose bridge sits comfortably on your nose.
- **App not responding or crashing:**
  - Close the app completely and reopen it.
  - Check for app updates in your smartphone's app store.
  - Ensure your smartphone's operating system is up to date.
