FQFGGYD Portable Heated Shawl Wrap / Blanket User Manual

Model: B0FQJ8B7JR

1. INTRODUCTION

Thank you for choosing the FQFGGYD Portable Heated Shawl Wrap / Blanket. This product is designed to provide warmth and comfort. Please read this manual thoroughly before use to ensure safe and optimal operation. Keep this manual for future reference.

2. SAFETY INFORMATION

WARNING:

- This is an electric heating pad. To prevent burn hazards and fire risks, do not leave the pad unattended while in use.
- Keep the pad away from flammable materials.
- Do not use the pad if it is damaged or if the cord is frayed.
- Keep the pad out of reach of children and pets.
- Always follow the manufacturer's instructions for use and storage.
- If you experience discomfort or pain, discontinue use immediately.
- Do not use the pad if you are unable to safely remove it from your body.

Indications: General comfort and warmth.

3. PRODUCT OVERVIEW

The FQFGGYD Portable Heated Shawl Wrap / Blanket is a versatile electric heating product designed for personal warmth. It features a soft fabric and a zipper for adaptable use as a shawl or a blanket. The product is cordless for enhanced portability.

Image 3.1: The FQFGGYD Portable Heated Shawl Wrap / Blanket, demonstrating its dual functionality as a wearable shawl and a folded blanket.

Image 3.2: The heated blanket neatly folded and placed on a sofa, highlighting its compact storage.

4. SETUP

1. **Unpack:** Carefully remove the heated shawl/blanket from its packaging.
2. **Inspect:** Before first use, inspect the product for any signs of damage, fraying, or defects. Do not use if damaged.
3. **Charge (if applicable):** If your model is rechargeable, ensure it is fully charged according to the manufacturer's instructions before initial use. (Note: Specific charging instructions are not provided in the product data, refer to packaging for details.)
4. **Positioning:** Decide whether you will use it as a shawl or a blanket.

5. OPERATING INSTRUCTIONS

The heated shawl/blanket is designed for ease of use with a simple control mechanism.

1. **Power On:** Locate the power button (typically a circular button with a power symbol). Press and hold the button for a few seconds to turn the unit on. An indicator light should illuminate.
2. **Adjust Heat Settings:** Once powered on, short press the power button to cycle through available heat settings (e.g., Low, Medium, High). The indicator light may change color or flash to indicate the current setting.

3. **Wearing as a Shawl:** Drape the product over your shoulders. Use the zipper to secure it around your torso for a snug fit.

Image 5.1: A person comfortably wearing the heated shawl, demonstrating its practical use for personal warmth.

4. **Using as a Blanket:** Lay the product over your lap, legs, or any body part requiring warmth. Ensure the heating elements are not folded or bunched excessively.

Image 5.2: A person relaxing on a yellow couch, covered by the heated blanket, illustrating its use for general comfort and warmth.

Image 5.3: Another view of a person using the heated blanket on a yellow couch, emphasizing the warmth provided by the product.

5. **Power Off:** Press and hold the power button again until the indicator light turns off, or the unit powers down automatically after a set period (if applicable).

6. MAINTENANCE AND CARE

Proper care will extend the life of your heated shawl/blanket.

- Always disconnect the power source before cleaning.
- Refer to the product label for specific washing instructions. Generally, electric blankets require gentle washing.
- Do not bleach, iron, or dry clean.
- Ensure the product is completely dry before reconnecting to power or storing.
- Store in a cool, dry place when not in use.

7. TROUBLESHOOTING

If you encounter issues with your heated shawl/blanket, try the following:

- **No Heat/Not Turning On:**

- Ensure the power source is connected securely and functioning.
- If battery-powered, check if the battery is charged.
- Inspect the cord for any damage or fraying. Do not use if damaged.
- **Inconsistent Heat:**
 - Ensure the blanket is laid flat and not bunched up, which can affect heat distribution.
 - Check the selected heat setting.
- **Automatic Shut-off:**
 - Many heated products have an automatic shut-off feature for safety. This is normal operation.
 - If it shuts off unexpectedly and frequently, ensure it's not overheating due to being covered or bunched.

If problems persist, contact customer support.
