1. SAFETY INFORMATION

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in property damage or personal injury.

- Always turn off the main water supply before beginning any plumbing work.
- Wear appropriate personal protective equipment, such as safety glasses and gloves.
- Ensure all connections are secure and watertight to prevent leaks.
- If you are unsure about any part of the installation process, consult a qualified plumber.
- The sink is made of ceramic; handle with care to avoid chipping or breakage.
- Ensure the wall structure is capable of supporting the weight of the sink and any accessories.

2. PRODUCT OVERVIEW

The Lordear Wall Mounted Bathroom Sink with Integrated Towel Rack is designed for compact spaces, offering both functionality and a modern aesthetic. This white porcelain ceramic sink measures 20 x 14 inches and features a single faucet hole and an overflow drain.

Image 2.1: The Lordear wall-mounted sink with towel rack, shown installed in a bathroom setting.

Image 2.2: A top-down view highlighting the sink's rectangular shape, single faucet hole, and drain.

Key Features:

- **Compact Design:** Ideal for small bathrooms, half baths, and powder rooms, measuring 20" x 14" with a 1-3/4" drain size.
- **Premium Ceramic Construction:** Crafted from high-quality ceramic with a crystalline glaze for durability, heat resistance, and scratch resistance.
- **Integrated Towel Rack:** A built-in towel rack provides convenient storage and saves space.
- **Easy to Clean:** The smooth, glossy surface allows for effortless cleaning.
- **Excellent Drainage:** Designed with a large diameter drain to improve drainage speed and reduce clogging.
- **Intimate Security:** Rounded and polished basin angles enhance safety.

3. INCLUDED COMPONENTS

Carefully unpack the box and ensure all components are present and undamaged. If any parts are missing or damaged, please contact Lordear customer support immediately.

Image 3.1: The main components included: the ceramic sink, the towel rack, and the necessary mounting hardware.

Package Contents:

- Lordear Wall Mounted Bathroom Sink (White Ceramic)
- Integrated Towel Rack (Black Metal)
- Wall Mount Screws and Anchors
- Installation Guide (this document)

Note: Faucet and drain assembly are not included unless specified in your purchase.

4. SETUP AND INSTALLATION

This sink supports wall-mounted installation. Ensure you have the necessary tools (drill, level, measuring tape, wrench, sealant) before starting.

Dimensions and Measurements:

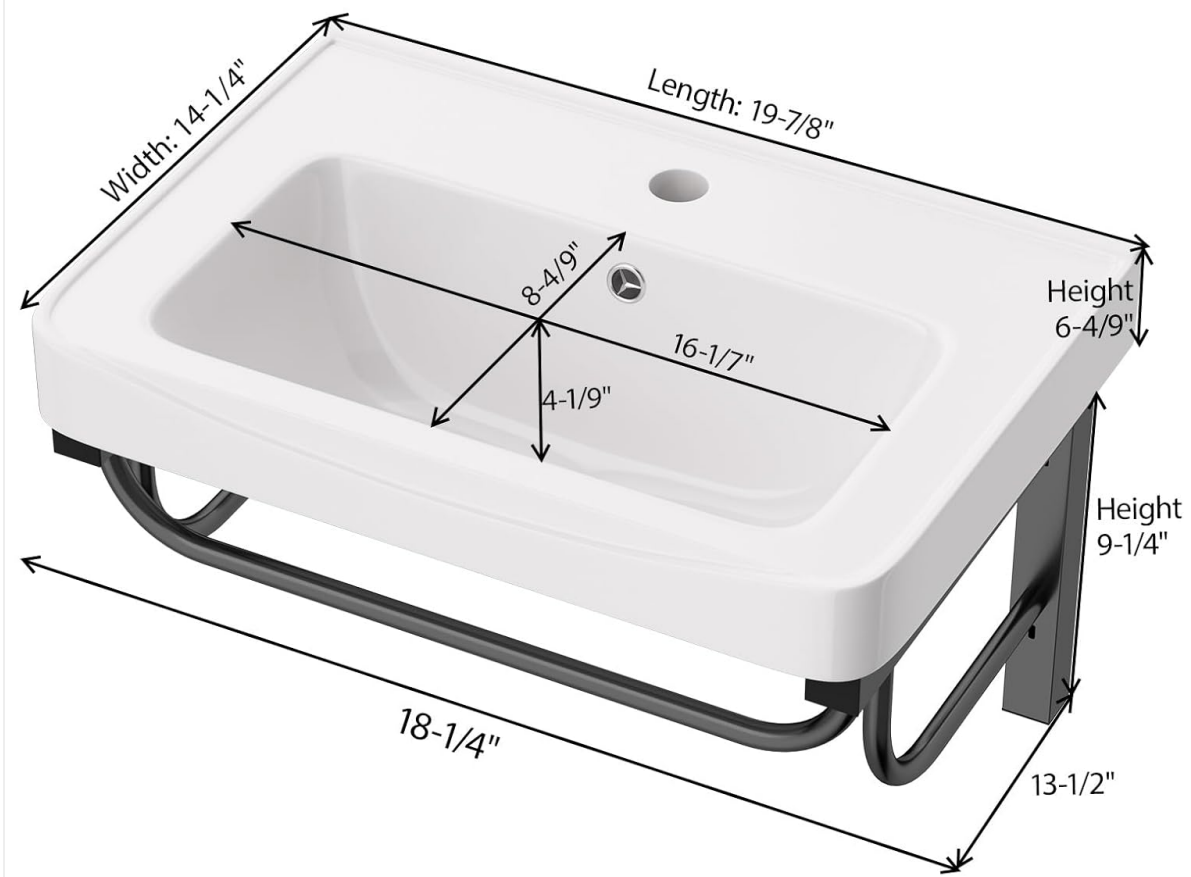

Image 4.1: Detailed diagram showing the length, width, and height measurements of the sink and towel rack for accurate installation planning.

Installation Steps:

1. **Prepare the Wall:** Determine the desired height for your sink. Use a level and measuring tape to mark the positions for the mounting holes on the wall, referring to the dimensions provided. Ensure the marks are level and accurately spaced.
2. **Drill Holes:** Using an appropriate drill bit for your wall type (e.g., masonry bit for tile/concrete, wood bit for studs), drill pilot holes at the marked locations. Insert wall anchors if required.
3. **Mount the Towel Rack Brackets:** Secure the towel rack brackets to the wall using the provided screws. Ensure they are firmly attached and level.
4. **Install the Sink:** Carefully lift the sink and align its mounting points with the installed brackets/screws. Secure the sink to the wall using the remaining mounting hardware. Tighten all fasteners evenly until the sink is stable and secure.
5. **Connect Plumbing:** Install your chosen faucet and drain assembly according to their respective instructions. Connect the water supply lines and the drain trap. Apply plumber's putty or silicone sealant as needed to ensure watertight connections.
6. **Test for Leaks:** Turn on the main water supply slowly and check all connections for leaks. Run water through the faucet and into the drain to verify proper function and drainage.

5. OPERATING INSTRUCTIONS

The Lordear Wall Mounted Bathroom Sink is designed for straightforward use.

- **Water Flow:** Operate your faucet handles to control water temperature and flow.
- **Drainage:** The sink features a standard grid drain. Ensure the drain is clear of debris for optimal water flow.
- **Overflow:** The integrated overflow hole acts as an emergency exit for water if the basin fills too high, preventing spills.

Lordear®

Intimate Security

For the safety of the family, the angles of the basin are rounded and polished to avoid stumbling and injury to the family.

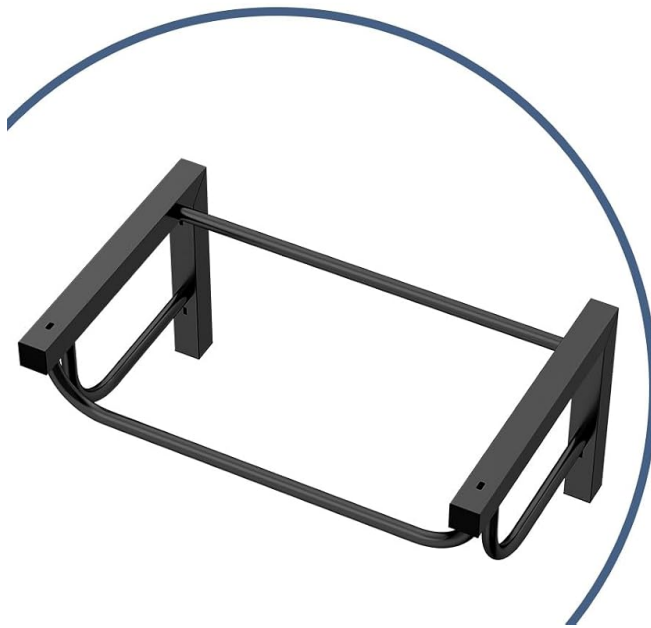

Excellent Drainage

The large diameter of the drain improves drainage speed and reduces the risk of clogged downspouts.

Image 5.1: Detail showing the efficient drainage system and the rounded, polished edges of the basin for user safety.

Bathroom Sink Overflow

A sink's emergency exit, water takes this quick escape route when the water level gets too high

Stainless Steel Towel Rack

The integrated towel rack keeps your towel within easy reach, adding practicality and saving bathroom space.

6. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Lordear bathroom sink.

- **Cleaning:** Wipe the sink surface with a dry, soft cloth after each use to prevent water spots and soap scum buildup. For deeper cleaning, use mild soap and water with a non-abrasive sponge or cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemical detergents, as these can damage the ceramic glaze.
- **Towel Rack:** The metal towel rack can be cleaned with a damp cloth and mild soap. Avoid abrasive cleaners.
- **Prevent Stains:** Promptly clean any spills, especially those from acidic or colored liquids, to prevent staining.

Enduring Quality
Scratch and stain resistant

Wall Mounted Sink
Wall mounted and freestanding bowl require no special cutouts on the stone or wood counter top

Easy to Install
Easy way to freshen up an old bathroom

Easy to Clean
Smooth surface is easy to clean, simply wipe with normal household products and regular maintenance

Well Crafted
Smooth lines and no flaws

7. TROUBLESHOOTING

Refer to the following common issues and solutions before contacting customer support.

Problem	Possible Cause	Solution
Water leaks from connections	Loose connections, worn seals, improper sealant application.	Tighten all connections. Check and replace seals if necessary. Reapply plumber's putty or silicone sealant.
Slow drainage	Drain clogged with hair or debris.	Remove the drain stopper and clear any obstructions. Use a drain snake if needed.
Sink is wobbly after installation	Mounting screws not fully tightened, inadequate wall support.	Ensure all mounting screws are securely tightened. If the wall support is insufficient, reinforce the wall or consult a professional.
Water splashes out of the sink	Faucet height or water pressure is too high for the basin.	Consider a faucet with a lower spout or adjust water pressure if possible.

8. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Lordear
