HolaiNail US860109BK00

HolaiNail Manicure Table with Dust Collector

Model: US860109BK00

1. PRODUCT OVERVIEW

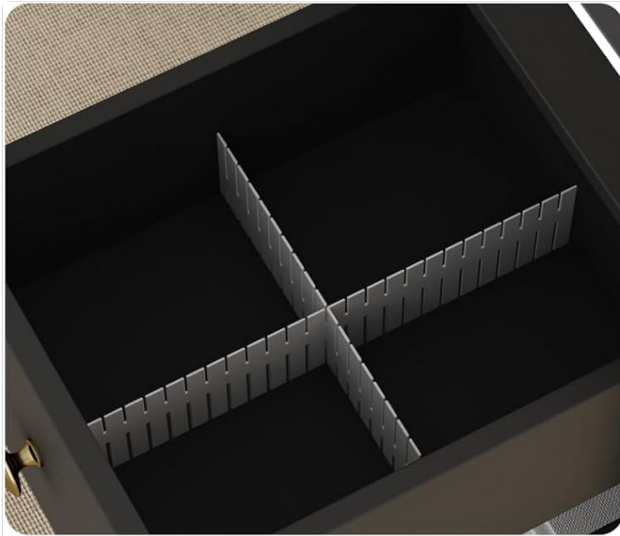

The HolaiNail Manicure Table is designed for professional nail technicians, offering a functional and aesthetically pleasing workstation. It features an integrated dust collector, a tempered glass top, and ample storage solutions. This manual provides essential information for assembly, operation, and maintenance to ensure optimal performance and longevity of your manicure table.

Key Features:

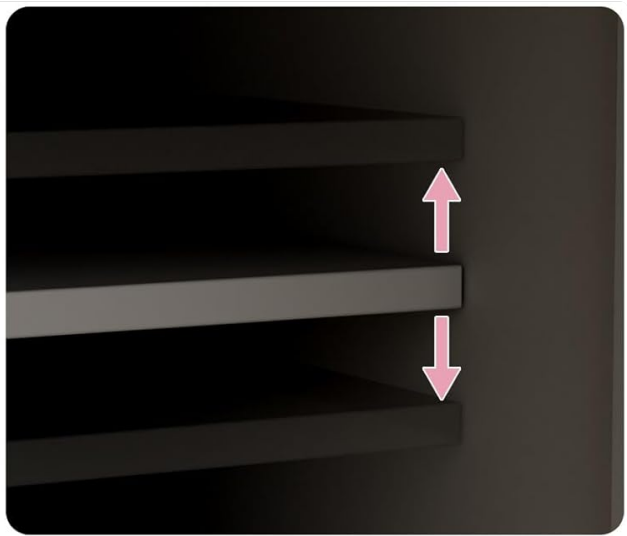

- **Integrated Dust Collector:** An 80W dust collector with an ergonomic wrist cushion ensures a clean and comfortable workspace. Both components are positionable for user convenience.
- **Spacious Storage:** Includes drawers, cabinets, and open shelves, complemented by a raised tempered glass top for visible organization. A complimentary bag is provided for magazines or small accessories.
- **Durable Construction:** Made from waterproof MDF with a toughened glass top capable of supporting up to 150 lbs. The materials are resistant to scratches, acetone, and corrosion.
- **Elegant Design:** Features a curved shape, tempered glass top, wave-pattern cabinet doors, and golden handles, suitable for modern salon environments.
- **Easy Maintenance:** The smooth, non-porous surface allows for easy cleaning and chemical resistance.

2. SETUP AND ASSEMBLY

Using the Dust Collector:

The integrated 80W dust collector helps maintain a clean and healthy environment by capturing nail dust during services. Position the ergonomic wrist cushion for client comfort directly over the dust collector's intake.

- Connect the dust collector to a power source.
- Turn on the dust collector using the control knob or switch.
- Adjust the suction power as needed for different procedures.
- Ensure the wrist cushion is placed correctly to guide dust towards the collector.

Detachable Wrist Cushion & Dust Collector
Instant comfort, effortless removal

Utilizing Storage Features:

The manicure table offers various storage options to keep your tools and products organized and accessible.

- **Drawers:** Use the drawers for smaller items, polishes, or tools. The included DIY drawer dividers can be customized to fit different sizes of nail polish bottles or accessories.
- **Cabinets:** Store larger items, liquids, or personal belongings in the enclosed cabinets. The wave-pattern doors provide a stylish look while keeping items out of sight.

- **Open Shelves:** Display frequently used items or decorative elements on the open shelves and the raised tempered glass top.
- **Storage Bag:** Hang the complimentary storage bag on the side for magazines, client forms, or additional small accessories.

4. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and appearance of your HolaiNail Manicure Table.

- **Cleaning the Surface:** Wipe down all surfaces, especially the tempered glass top, with a soft cloth and a mild, non-abrasive cleaner after each use. The acetone-resistant finish protects against spills.
- **Dust Collector Maintenance:** Regularly clean the dust collector filter to maintain optimal suction. Refer to the dust collector's specific instructions for filter replacement or cleaning frequency.
- **General Care:** Avoid placing excessively hot items directly on the glass surface without protection. Do not use harsh chemicals or abrasive materials that could scratch the finish.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Tighten if necessary.

5. TROUBLESHOOTING

If you encounter any issues with your manicure table, refer to the following common solutions:

- **Dust Collector Not Working:**

- Ensure the power cord is securely plugged into both the unit and a working electrical outlet.
- Check if the power switch or knob is in the 'ON' position.
- Verify that the filter is not completely clogged. Clean or replace the filter if needed.

- **Table Wobbles:**

- Check all assembly points and tighten any loose screws or connections.
- Ensure the table is placed on a flat, even surface.

- **Drawers Stick:**

- Ensure drawers are not overloaded.
- Check for any obstructions in the drawer slides.
