3. App Installation and Pairing

- Download the Companion App:** Search for the official Bettdow smartwatch application on your smartphone's app store (compatible with Android and iOS).
- Create an Account:** Follow the on-screen instructions to create a user account and set up your profile.
- Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
- Pair the Device:** Open the app, navigate to the device pairing section, and select your Bettdow SmartWatch from the list of available devices. Confirm the pairing request on both your phone and the watch.

4. Screen Protector Application

The smartwatch includes a screen protector. Carefully apply it to the watch display to prevent scratches and ensure longevity.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select an option.
- **Side Button:** Press the side button to return to the home screen or to access the app list.

Bluetooth Calling

The smartwatch supports Bluetooth 5.3 for stable and fast connections, allowing you to make and receive calls directly from your wrist when connected to your smartphone.

- **Making Calls:** Access the dial pad or contact list on your watch to initiate a call.
- **Receiving Calls:** When a call comes in, you can answer or reject it directly from the watch display.

Sport Modes and GPS Tracking

The smartwatch offers over 120 sport modes, including outdoor running, cycling, and swimming. The integrated GPS module accurately records your movement tracks and provides navigation for outdoor activities.

Posicionamento GPS

O módulo GPS integrado registra com precisão as trilhas de movimento e fornece navegação para atividades ao ar livre.

KEY FEATURES

- **1.43-inch HD AMOLED Display:** Experience clear visuals and vibrant colors with the high-definition AMOLED screen. The display offers excellent visibility and high definition, with fine font rendering and an Always-On Display (AOD) characteristic.
- **Integrated GPS:** Accurate multi-constellation GPS (GPS/Beidou/Galileo/Glonass/QZSS) for reliable outdoor activity tracking.
- **Bluetooth 5.3 Calling:** Make and receive calls directly from your wrist with an 80% faster and highly stable connection.
- **120+ Sport Modes:** Monitor a wide range of sports activities, synchronize data, and adjust exercise plans.
- **3 ATM Water Resistance:** Designed to withstand water pressure up to 3 atmospheres, suitable for swimming and water activities without worry.

Relógios Esportivos Para Atividades ao ar Livre

3ATM à prova d'água.
Sem medo de nadar e surfar livre.

MAINTENANCE

- **Cleaning:** Regularly clean your smartwatch and strap with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and mild soap, then rinse and dry thoroughly.
- **Charging:** Use only the provided magnetic charging cable. Avoid exposing the charging contacts to water or corrosive liquids.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Water Resistance:** While the watch is 3 ATM water-resistant, avoid prolonged submersion in hot water, steam, or high-velocity water streams, as this may compromise the seals.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Press and hold the side button for several seconds.
- **Cannot pair with smartphone:**
 - Ensure Bluetooth is enabled on your phone and the watch is within range.
 - Restart both your phone and the smartwatch.
 - Check if the app is updated to the latest version.
- **Inaccurate GPS data:** Ensure you are in an open area with a clear view of the sky for optimal GPS signal reception.
- **Notifications not appearing:** Check your phone's app settings to ensure notification permissions are granted for the companion app and individual applications.
- **Short battery life:** Reduce screen brightness, disable unnecessary features, and limit frequent GPS usage.
