3. Assembly Instructions

Assembly is designed to be quick and tool-free, utilizing a snap-on design for the metal frame. It is recommended to assemble the bed frame with at least two people.

3.1 Unpacking and Preparation

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Verify all parts are present against the included parts list in your package.
- Ensure you have adequate space for assembly.

3.2 Frame Assembly

The metal frame features a plug-in design for easy installation. Noise-dampening felt strips are pre-applied to all metal contact points to ensure a quiet and scratch-free experience.

4.4 Storage Drawers

The six large storage drawers provide convenient under-bed storage. Each drawer features a locking mechanism to keep it securely closed when not in use, enhancing child safety.

5. Maintenance and Care

To maintain the appearance and longevity of your VIAGDO Queen Bed Frame, follow these care instructions:

- Wipe with a dry cloth regularly to remove dust and dirt.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- Keep the bed frame away from direct sunlight and excessive moisture to prevent warping or discoloration.

6. Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common solutions:

6.1 Squeaking Noises

- **Cause:** Loose connections or friction between metal parts.
- **Solution:** Check and tighten all bolts and screws. The frame is designed with noise-dampening felt strips; ensure these are properly in place.

6.2 Drawers Not Sliding Smoothly

- **Cause:** Obstruction in the drawer tracks or damaged wheels.
- **Solution:** Clear any debris from the tracks. Inspect the wheels for damage and ensure they are properly aligned.

6.3 LED Lights Not Functioning

- **Cause:** Power connection issue or remote control battery.
- **Solution:** Ensure the LED light strip is properly connected to its power source. Check the battery in the remote control and replace if necessary.

6.4 Charging Station Not Working

- **Cause:** Power cord not plugged in or device compatibility.
- **Solution:** Verify the bed frame's power cord is securely plugged into a functional wall outlet. Test with different devices and cables to rule out device-specific issues.
