2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Do not exceed a maximum weight limit of **900 lbs** on the bed frame.
- Exercise caution during assembly and use to avoid injury from sharp edges on the metal frame and wood slats.
- Ensure all screws and fasteners are securely tightened before use and periodically check for tightness.
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not allow children to play on or under the bed frame without supervision.
- Use only the provided power adapter for the charging station and LED lights.
- Do not attempt to modify the bed frame or its components.

3. SETUP AND ASSEMBLY

5. Position the drawers under the bed frame.

Tip: Having a second person assist with assembly can make the process quicker and easier, especially when handling larger components.

4. OPERATING INSTRUCTIONS

4.1 LED Lighting System

Your bed frame is equipped with an integrated LED lighting system in the headboard. This system can be controlled via a remote control or a dedicated mobile application.

- **Power On/Off:** Use the power button on the remote or app to turn the lights on or off.
- **Color Selection:** Choose from over 60,000 colors using the color wheel on the app or preset buttons on the remote.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Modes:** Explore various modes such as Timing Mode, Music Mode, and Mic Mode for dynamic lighting effects.

4.3 Storage Drawers

Two spacious drawers are located under the bed frame, providing additional storage. These drawers are designed to be flexible in placement.

- **Dimensions:** Each drawer measures 29.5"L x 20.5"W x 5.1"H.
- **Placement:** Drawers can be placed on either side of the bed (one on each side), or both on the left, or both on the right, depending on your room layout.
- **Fastening:** The drawers feature a buckle mechanism for fastening them to the bed frame, preventing them from rolling out unintentionally.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your bed frame.

- **Cleaning the Velvet Upholstery:**

- Gently vacuum the velvet fabric regularly using an upholstery attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub.
- For stubborn stains, use a mild fabric cleaner specifically designed for velvet, testing on an inconspicuous area first.

- **Cleaning Wood and Metal Components:**

- Wipe wood and metal surfaces with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- Dry thoroughly after cleaning.

- **Hardware Check:** Periodically check all screws, bolts, and connections to ensure they remain tight. Retighten as necessary to maintain stability and prevent noise.

- **LED Lights:** The LED lights are designed for long life and typically do not require maintenance. If issues arise, refer to the troubleshooting section.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose connections or uneven assembly.	Ensure all bolts and screws are securely tightened. Verify that the bed frame is on a level surface. Check that all slats are properly seated.
LED lights are not working.	Power connection issue, remote battery dead, or LED strip malfunction.	Check if the bed frame is plugged into a working power outlet. Ensure the power cord for the LED system is securely connected. Replace remote control batteries. If the issue persists, contact customer support.
Charging station is not providing power.	Bed frame not plugged in, power surge protector tripped, or faulty device cable.	Verify the bed frame is plugged into a live power outlet. Try a different USB cable for your device. Test with a different device.
Drawers do not slide smoothly or are misaligned.	Obstruction, damaged wheels, or improper assembly.	Check for any items obstructing the drawer's path. Inspect drawer wheels for damage. Ensure drawers were assembled correctly according to the manual.
