Bonnlo TLLBTS1W

Bonnlo Low Loft Bed TLLBTS1W Instruction Manual

Model: TLLBTS1W

Brand: Bonnlo

Date First Available: September 12, 2025

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Bonnlo Low Loft Bed (Model TLLBTS1W). Please read this manual thoroughly before assembly and use to ensure safe and proper operation. Keep this manual for future reference.

2. Important Safety Information

WARNING: Failure to follow these safety instructions could result in serious injury.

- Always supervise children around the bed.
- Ensure the top of the mattress is at least 5 inches from the guardrail's upper edge.
- Secure the bed to the wall using the provided anti-tipping hardware to prevent accidental tipping.
- Exercise caution around any electrical components, such as the LED lights, to avoid electrical hazards.
- Assemble the bed carefully according to the instructions to prevent structural instability or injury.
- Do not allow children to play unsupervised on or under the bed.
- Regularly check all bolts and connections to ensure they remain tight.
- Only use a mattress of the specified size and thickness (4-6 inches recommended for Twin size).

3. Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Bed Frame Components (Solid Pine Wood)
- Slats (Heavy-duty metal)
- Guardrails (15-inch tall)
- Ladder Steps (Widened two-step solid wood with anti-slip treatment)
- LED Light Strip
- Remote Control for LED Lights
- Curtains (Universe Designs)
- Bookcase Components
- Assembly Hardware (Screws, bolts, tools if included)
- Instruction Manual

4. Setup and Assembly Instructions

Assembly typically requires two people and can be completed in 1-2 hours. Follow the detailed steps provided in the included assembly guide. Ensure you have adequate space and the necessary tools before starting.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Refer to the parts list in your separate assembly guide to identify each component.
3. **Assemble Main Frame:** Begin by connecting the main frame sections as instructed. Ensure all connections are secure but do not fully tighten bolts until the frame is stable.
4. **Install Slats:** Place the heavy-duty metal slats onto the designated supports. Ensure they are evenly spaced and securely fastened. The bed is designed to support up to 350 lbs and does not require a box spring.

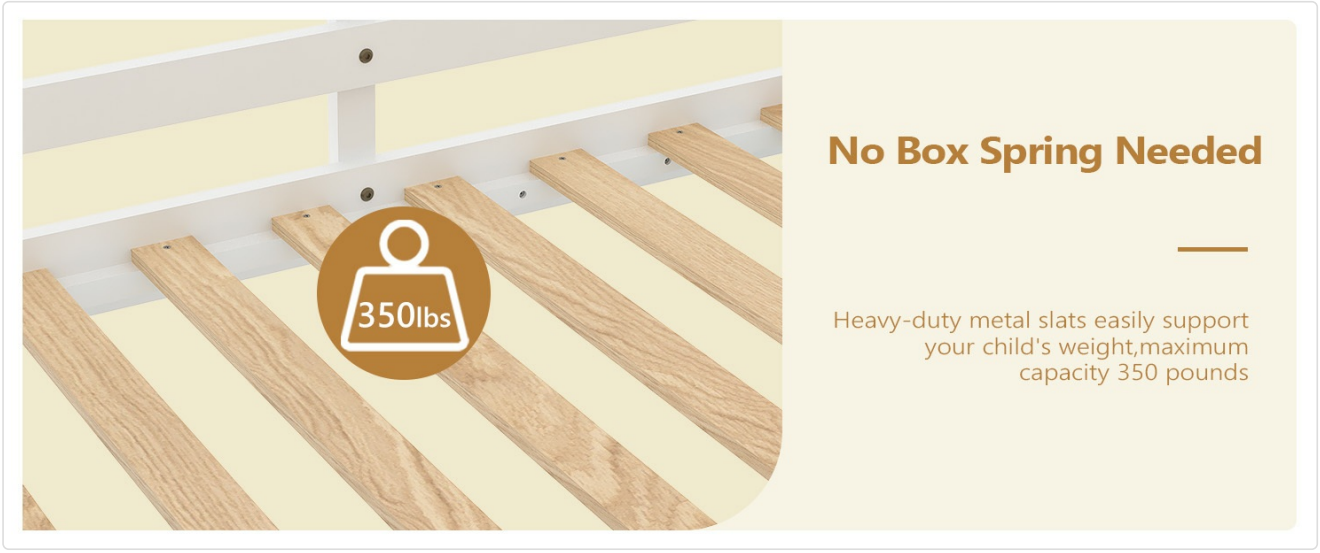

Image: Detail of the bed slats, indicating a 350 lbs weight limit and no box spring requirement.

5. **Attach Guardrails:** Secure the 15-inch tall guardrails to the top bunk frame. These are crucial for safety.

Image: Illustration highlighting the 15-inch guardrails and the 13-inch wide, anti-slip ladder steps for safe climbing.

6. **Install Ladder:** Attach the two-step solid wood ladder. Ensure it is firmly secured and stable for climbing. The steps feature anti-slip treatment.
7. **Assemble Bookcase/Storage:** Construct the integrated bookcase and storage shelves beneath the loft bed.
8. **Install Curtains:** Attach the universe-themed curtains to the designated areas, creating a playhouse space.
9. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws. Do not overtighten.
10. **Anti-Tipping Hardware:** Install the anti-tipping hardware to secure the bed to a wall, following the specific instructions provided with the hardware.

Image: Visual examples demonstrating the versatile underbed space, suitable for a play area or a reading nook.

5. Operating Instructions: LED Lights

Your Bonnlo Low Loft Bed includes customizable LED lights to enhance the playhouse experience. The LED lights can be controlled via the included remote control.

Image: Overview of the customizable LED lights, demonstrating color options, dynamic modes, and adjustable speed and brightness via remote control.

5.1. Remote Control Functions:

- **Power Button:** Turns the LED lights On/Off.
- **Color Selection:** Choose from 20 different static colors.
- **Dynamic Modes:** Select from 22 pre-programmed dynamic lighting effects (e.g., flash, fade, strobe).
- **Speed Adjustment:** Increase or decrease the speed of dynamic modes.
- **Brightness Adjustment:** Adjust the intensity of the light.

5.2. Usage Tips:

- Ensure the remote control has working batteries.
- Point the remote control directly at the LED light receiver for optimal response.
- Avoid exposing the LED strip or remote to excessive moisture.

6. Maintenance

Proper care will extend the life and appearance of your Bonnlo Low Loft Bed.

- **Cleaning:** Wipe the bed frame surfaces with a dry cloth regularly to remove dust. For tougher spots, use a slightly damp cloth and immediately dry with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Retighten as necessary to maintain structural integrity.
- **Curtain Care:** The curtains can be detached for cleaning. Follow the care instructions on the curtain fabric label.
- **LED Lights:** The LED lights are designed for long-term use. If issues arise, check the power connection and remote control batteries. Do not attempt to repair the LED strip yourself; contact customer support.

7. Troubleshooting

This section addresses common issues you might encounter with your loft bed.

7.1. Bed Instability:

- **Issue:** The bed feels wobbly or unstable.
- **Solution:** Ensure all assembly hardware (bolts, screws) are fully tightened. Verify that the bed is placed on a level surface. Re-check the anti-tipping hardware installation.

7.2. LED Lights Not Working:

- **Issue:** LED lights do not turn on or respond to the remote.
- **Solution:** Check if the LED strip is properly connected to its power source. Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the LED receiver.

7.3. Ladder Feels Loose:

- **Issue:** The ladder moves or feels insecure when climbed.
- **Solution:** Inspect the ladder's attachment points to the bed frame. Tighten any loose bolts or screws.

8. Product Specifications

Feature	Detail
Model Number	TLLBTS1W
Brand	Bonnlo
Size	Twin
Product Dimensions (L x W x H)	77.95"L x 50.59"W x 40.75"H
Material	Solid Pine Wood
Color	White
Weight Capacity	350 lbs

Recommended Mattress Thickness	4-6 inches
