NEEWER NL10

NEEWER Basics NL10 5" 10W LED Streaming Light User Manual

Model: NL10 | Brand: NEEWER

Introduction

Thank you for choosing the NEEWER Basics NL10 5" 10W LED Streaming Light. This compact and versatile light is designed to provide soft, diffused illumination for various applications, including video conferencing, streaming, and content creation. Featuring edge-lit technology, adjustable color temperature, and brightness levels, it ensures comfortable and accurate lighting for your needs. This manual provides detailed instructions for setup, operation, and maintenance to help you get the most out of your device.

Safety Information

- Do not expose the device to water or excessive humidity.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble or modify the device. Repairs should only be performed by authorized personnel.
- Ensure the power source is compatible with the device's requirements (5V/2A USB).
- Keep out of reach of children.
- Avoid direct eye exposure to the LED light for prolonged periods.

Package Contents

Please check the package to ensure all items are present and in good condition.

- 1 x Bi-Color Monitor Light with Integrated USB Cable
- 1 x Mounting Clip
- 1 x USB-A to USB-C Adapter

Image: The package includes the NL10 LED light with its integrated USB cable, a mounting clip, and a USB-A to USB-C adapter.

Product Overview

The NEEWER NL10 LED Streaming Light features a compact design with an integrated clip for easy attachment to monitors or laptops. It provides soft, edge-lit illumination with adjustable settings.

Image: The NEEWER NL10 LED light attached to the top of a laptop screen, illustrating its compact size and placement.

Key Components:

- **LED Panel:** 5" x 5" edge-lit panel for soft, diffused light.
- **Mounting Clip:** Adjustable clip with a 1/4" screw for secure attachment to monitors, laptops, or other compatible surfaces. Features rubber pads for protection.
- **Inline Controller:** Integrated into the USB cable for power on/off, brightness adjustment, and color temperature selection.
- **USB Power Cable:** Integrated 193 cm (6.3 ft) cable for power supply.
- **USB-A to USB-C Adapter:** For compatibility with various USB ports.
- **1/4" Threaded Hole:** Located on the light head for alternative mounting options (e.g., small tripods, light stands).

Image: A detailed diagram showing the mounting clip with its 1/4" screw, rubber pad, and cable clip. It also illustrates the 180° tilt and 360° rotation adjustments, and the 1/4" threaded hole on the light panel.

Setup

1. **Attach the Mounting Clip:**

   Secure the mounting clip to the top edge of your monitor, laptop, or other desired surface. Ensure the rubber pads are in contact with the device to prevent scratches and provide stability. The clip can accommodate surfaces up to 4cm (1.57 inches) thick.

2. **Connect Power:**

   Plug the integrated USB-A cable into a compatible USB port on your computer, laptop, or a USB wall adapter (5V/2A recommended). If your device only has USB-C ports, use the included USB-A to USB-C adapter.

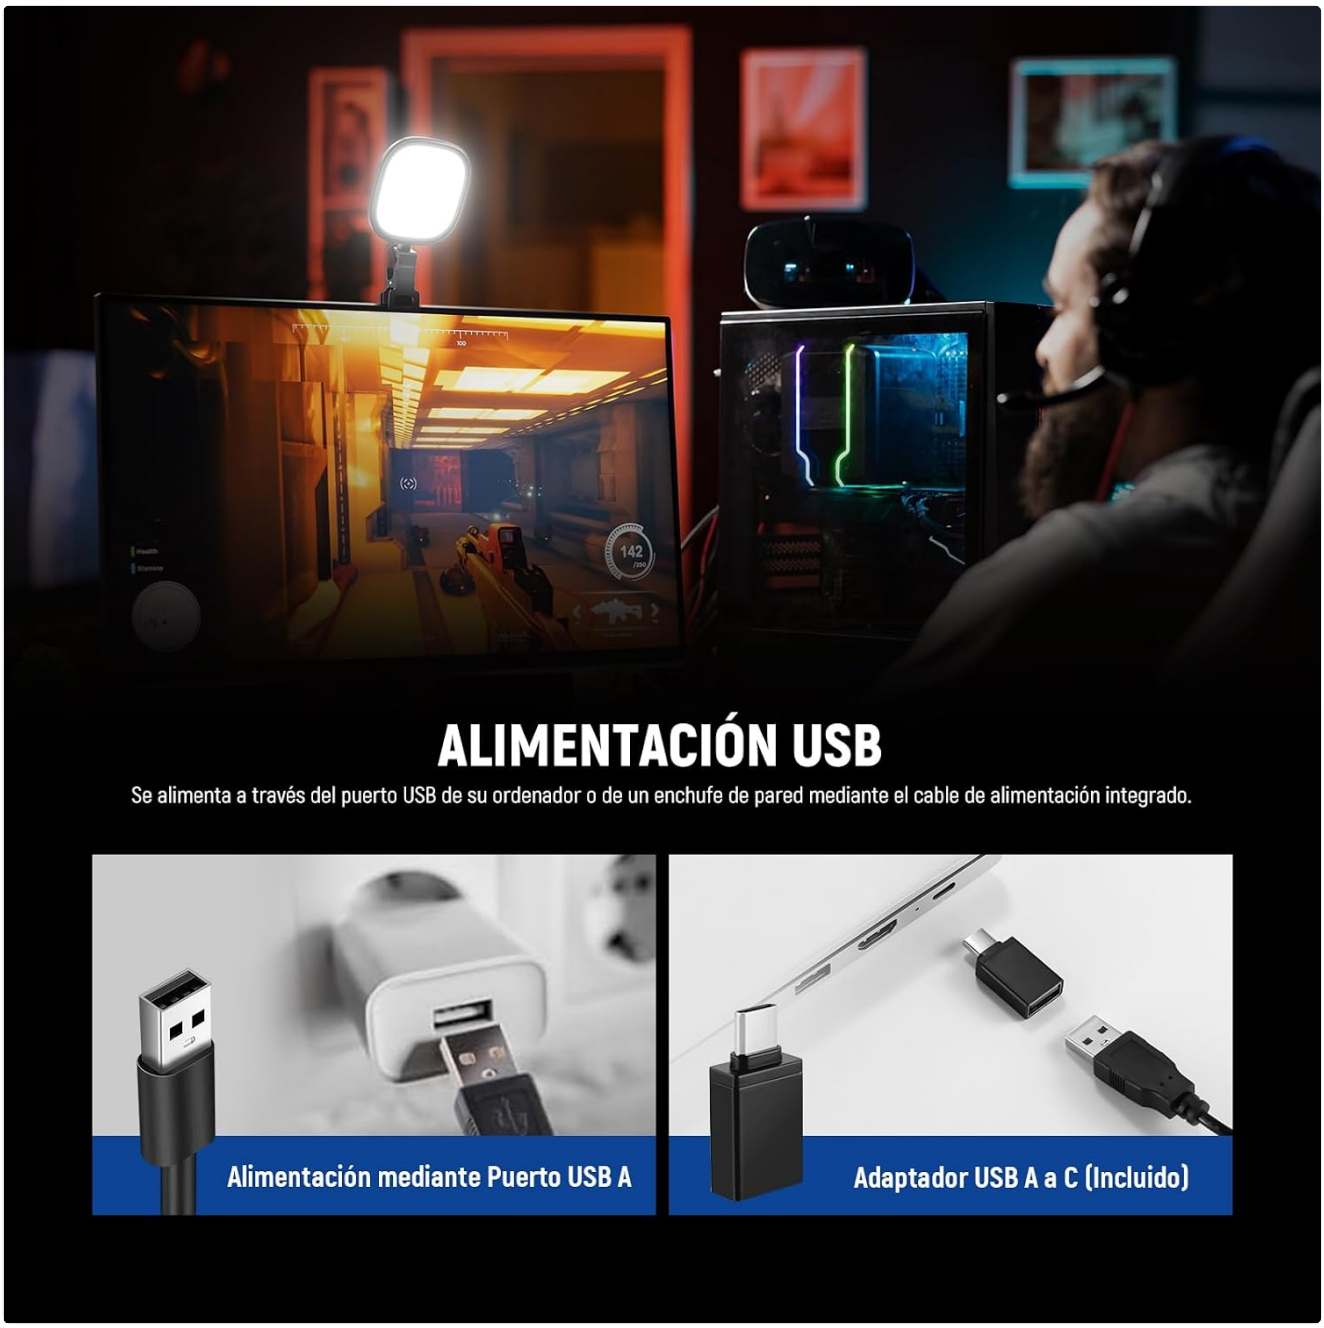

Image: Illustrations showing how to power the light via a standard USB-A port and how to use the included USB-A to USB-C adapter for newer devices.

3. **Adjust Light Position:**

   The light head can be tilted 180° forward and backward and rotated 360° horizontally. Adjust the angle to direct the light as needed for optimal illumination.

Operating Instructions

The NEEWER NL10 is controlled using the inline remote on the USB cable.

Image: The inline controller with buttons for power, mode, brightness up (+), and brightness down (-). Below, examples of 5 color temperature modes (3000K to 6500K) and 10 brightness levels (1% to 100%) are shown.

1. **Power On/Off:**

   Press the power button ( ) on the inline controller to turn the light on or off.

2. **Adjust Brightness:**

   Use the '+' button to increase brightness and the '-' button to decrease brightness. There are 10 levels of brightness adjustment (1% to 100%).

3. **Change Color Temperature:**

   Press the mode button (**M**) to cycle through the 5 available color temperature settings: 3000K (warm), 3500K, 4400K, 5600K, and 6500K (cool).

4. **Memory Function:**

   The light features a memory function that automatically recalls the last used color temperature and brightness settings when powered on again.

Image: Demonstrates the soft, uniform illumination of edge-lit technology compared to other lights, and highlights the high color rendering index (CRI 95) for accurate color reproduction.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the LED panel and housing. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the light in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting the USB cable excessively to prevent damage.

Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Light does not turn on.	• No power from USB port. • Cable or controller damage.	• Ensure USB cable is securely connected. • Try a different USB port or power adapter. • Check if the power button on the inline controller is pressed.
Light flickers.	• Insufficient power supply. • Faulty USB port or cable.	• Use a USB power source that provides stable 5V/2A. • Try a different USB port or power adapter. • If flickering persists, contact customer support.
Cannot adjust brightness/color.	• Controller malfunction.	• Ensure the light is powered on. • Try disconnecting and reconnecting the power. • If buttons are unresponsive, contact customer support.
Clip does not fit monitor.	• Monitor thickness exceeds clip capacity.	• The clip supports monitors up to 4cm (1.57 inches) thick. • Consider using the 1/4" threaded hole with a compatible tripod or stand if the clip is unsuitable.

SPECIFICATIONS
