Bonnlo MTBB1G

Bonnlo Twin Over Twin Metal Bunk Bed Instruction Manual

Model: MTBB1G

1. Important Safety Information

Please read and understand all instructions before assembling and using this bunk bed. Keep this manual for future reference.

- **Weight Capacity:** Each bunk is designed to support a maximum weight of 350 lbs. Do not exceed this limit.
- **Mattress Requirements:** Use only mattresses that are 4-6 inches thick. Ensure the mattress fits snugly within the bed frame to prevent entrapment.
- **Guardrails:** The top bunk features a 13-inch high full-length guardrail for safety. Ensure all guardrails are properly installed and secured before use.
- **Anti-Tipping Kit:** An anti-tipping kit is included to secure the bed to the wall, preventing accidental tipping. Install this kit as instructed during assembly.
- **Age Recommendation:** The top bunk is not suitable for children under 6 years of age.
- **Ventilation:** Ensure adequate ventilation around the bed.
- **No Jumping:** Do not allow jumping on the bed.
- **Regular Checks:** Periodically check all connections and hardware to ensure they remain tight and secure.

2. Package Contents

Before beginning assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Headboard components
- Guardrails
- Bed frame components (side rails, support beams)
- Metal slats
- Ladder components
- Installation Manual
- Hardware pack (screws, bolts, nuts, Allen wrench)
- Anti-tipping kit

3. Setup and Assembly

Assembly typically requires two people and can be completed in approximately one hour. Follow the detailed instructions provided in the included installation manual. Ensure all connections are secure before use.

3.1 General Assembly Steps

1. Unpack all components and verify against the parts list.
2. Assemble the headboard and footboard sections for both the upper and lower bunks.
3. Attach the side rails to the headboard and footboard sections, ensuring all bolts are tightened.
4. Install the metal slats onto the bed frames. Ensure they are evenly spaced and securely fastened.
5. Attach the guardrails to the top bunk frame.
6. Assemble the ladder and attach it to the bunk bed frame. The ladder can be installed on either the left or right side.
7. Install the anti-tipping kit by securing the bed to a wall stud.
8. Place appropriate mattresses on both bunks.

3.2 Ladder Installation

The ladder is designed for flexible placement and can be installed on either the left or right side of the bunk bed to suit your room layout.

Image: Diagram demonstrating the flexibility of installing the ladder on either the left or right side of the bunk bed frame.

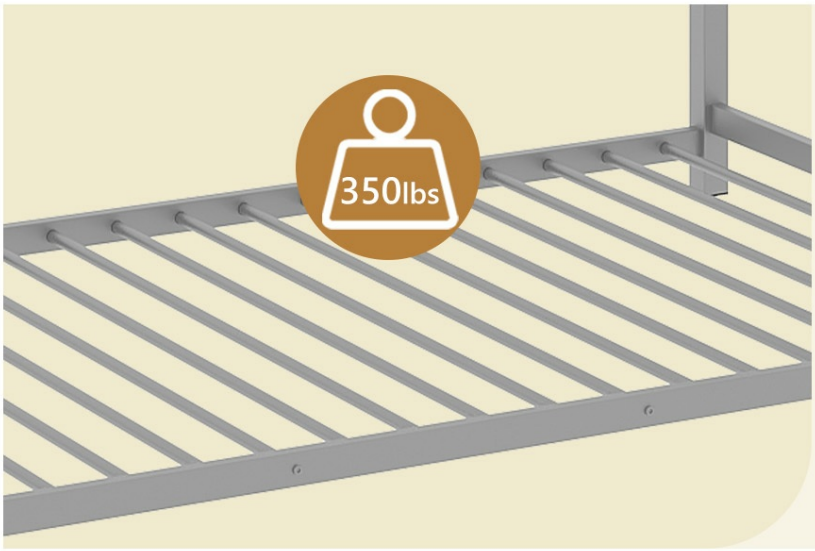

4. Operating Instructions

This bunk bed is designed for sleeping and resting. Adhere to the following guidelines for safe operation:

- **Weight Distribution:** Distribute weight evenly across the bed surface. Avoid concentrating heavy loads in one area.
- **Ladder Use:** Always use the ladder to access the top bunk. Do not climb on the bed frame or guardrails.
- **Mattress Fit:** Ensure the mattress on both bunks fits securely within the frame to prevent gaps.
- **Low Bottom Bunk:** The low-to-the-ground design of the bottom bunk facilitates easy access for younger children.

Low to the ground bottom bunk

Easy to climb up and helpful to develop children's independence

Image: The bottom bunk positioned low to the ground, making it easy for children to climb in and out.

5. Maintenance and Care

Proper maintenance ensures the longevity and safety of your bunk bed.

- **Cleaning:** Wipe the metal surfaces with a dry cloth to remove dust and dirt. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Inspections:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Re-tighten if necessary.
- **Rust Prevention:** The metal is designed to resist chipping and rusting indoors. Keep the bed in a dry environment to prevent moisture buildup.
- **Moving the Bed:** When moving the bed, lift it rather than dragging it to prevent damage to the frame or floor.

6. Troubleshooting

If you encounter any issues with your bunk bed, refer to the following common solutions:

6.1 Bed Squeaks or Wobbles

- **Solution:** Check all bolts and screws. Tighten any loose connections. Ensure the bed is placed on a level surface.

6.2 Missing or Damaged Parts

- **Solution:** Do not attempt to assemble the bed with missing or damaged parts. Contact Bonnlo customer support immediately for replacements.

6.3 Difficulty Assembling

- **Solution:** Review the installation manual carefully. Ensure you have all necessary tools. If issues persist, consider seeking assistance from another person or contacting customer support.
