PHEZEN RT-QA1756X

PHEZEN 7-inch Touchscreen Car Stereo User Manual

Model: RT-QA1756X for Ford Fusion 2006-2009

Introduction

This manual provides detailed instructions for the installation, operation, and maintenance of your PHEZEN 7-inch Touchscreen Car Stereo. This unit is designed for Ford Fusion models from 2006 to 2009, featuring Android 13, CarPlay, Android Auto, GPS navigation, Bluetooth, and a backup camera. Please read this manual thoroughly before use to ensure proper functionality and safety.

Setup and Installation

Before beginning installation, ensure your vehicle's ignition is off and the battery is disconnected. Professional installation is recommended. This unit is designed to fit the dashboard of Ford Fusion 2006-2009 models.

Included Components

Verify that all components are present in the package:

- 1 x Android Stereo Radio
- 1 x Power Cable
- 1 x GPS Antenna
- 1 x Rear Camera Input Cable
- 1 x RCA Cable
- 2 x USB Cable
- 1 x AHD Camera
- 1 x Microphone
- 1 x Canbus Box
- 1 x Radio Adapter
- 1 x Instruction Manual

Installation Overview

The car stereo is designed for direct fitment into the Ford Fusion 2006-2009 dashboard. The included wiring harnesses

are specific to these models for a plug-and-play experience. Connect the power cable, GPS antenna, USB cables, and RCA cables as indicated in the wiring diagram. Ensure all connections are secure before powering on the unit.

Video: Instructions on how to connect the car radio, including WiFi setup.

Backup Camera Setup

The included AHD camera provides a clear rear view. Ensure the camera is mounted securely and connected to the "Rear Camera Input Cable". The system will automatically switch to the reverse image when the vehicle is in reverse gear. For optimal performance, verify the camera settings in the system menu.

Operating Instructions

CarPlay and Android Auto

Connect your smartphone via USB or wirelessly to access CarPlay (for iOS devices) or Android Auto (for Android devices). This allows you to use navigation, make calls, send messages, and play music through the car stereo's interface. Voice assistants like Siri or Google Assistant are supported for hands-free operation.

Steering Wheel Control

If your Ford Fusion is equipped with original steering wheel buttons, this unit supports integration for convenient control of volume, track changes, and other functions. Refer to the system settings for steering wheel control configuration.

Audio Equalizer (EQ)

Customize your audio experience using the built-in equalizer. Adjust various sound effects and frequency bands to achieve your preferred sound quality.

Maintenance

To ensure the longevity and optimal performance of your car stereo, keep the touchscreen clean using a soft, dry cloth. Avoid using abrasive cleaners or solvents. Regularly check for software updates to benefit from new features and performance improvements.

Troubleshooting

If you encounter any issues, try the following basic troubleshooting steps:

- **No Power:** Check all power connections and fuses. Ensure the vehicle's battery is properly connected.
- **No Sound:** Verify speaker connections, volume levels, and audio source selection.
- **GPS Signal Issues:** Ensure the GPS antenna is properly installed and has a clear view of the sky.
- **Bluetooth Connection Problems:** Ensure Bluetooth is enabled on both the stereo and your smartphone. Try unpairing and re-pairing the devices.
- **Backup Camera Not Displaying:** Check the camera's power and video connections. Verify camera settings in the system menu.

For persistent issues, consult the detailed troubleshooting section in the included instruction manual or contact customer support.
