3.2 Connectivity Options

Equipped with Bluetooth 5.2 for stable wireless connections and a 3.5mm AUX input for wired device compatibility.

USB CHARGING PORT & AUX INPUT

Keep your essentials powered up on the go

Image: Close-up of the speaker's USB charging port and AUX input.

3.3 Customizable RGB Lighting

Features a built-in multi-color light system with eight customizable modes that pulse with the music.

BREATHING LIGHT

The characters breathe and beat the rhythm of the music

Image: The speaker displaying its 'Breathing Light' feature with changing colors.

3.4 Extended Battery Life and Power Bank Function

A 9000mAh rechargeable battery provides up to 12 hours of playtime and can charge external devices via its built-in power bank. *(Playtime may vary based on volume and content.)*

12H PLAYTIME

Built-in rechargeable 9000mAh battery supports up to 12 hours of playtime and charges your device via USB port

Actual battery life may vary depending on volume, music content, and usage habits

4. SETUP

1. **Unpack the Speaker:** Carefully remove the speaker and all accessories from the packaging.
2. **Charge the Speaker:** Before first use, fully charge the speaker using the provided Type-C cable and a compatible USB power adapter (not included). The charging indicator will show the charging status.
3. **Power On:** Press and hold the power button for a few seconds to turn the speaker on. You will hear an audible prompt and the RGB lights will activate.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **To Power On:** Press and hold the **Power Button** for approximately 3 seconds.
- **To Power Off:** Press and hold the **Power Button** for approximately 3 seconds.

5.2 Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing Bluetooth indicator light).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Inwa MZ-101" from the list of devices.
4. Once paired, the speaker will emit an audible confirmation, and the Bluetooth indicator light will become solid.

5.3 AUX Connection

1. Connect one end of the 3.5mm AUX cable to the speaker's AUX input port.
2. Connect the other end of the AUX cable to the audio output jack of your device.
3. The speaker will automatically switch to AUX mode.

5.4 Controlling Playback

- **Play/Pause:** Press the **Play/Pause Button** once.
- **Next Track:** Press the **Next Track Button** once.
- **Previous Track:** Press the **Previous Track Button** once.
- **Volume Up:** Press the **Volume Up Button**.
- **Volume Down:** Press the **Volume Down Button**.

5.5 Light Modes

Press the **Light Mode Button** to cycle through the eight available RGB lighting effects. Press and hold to turn the lights off.

5.6 Charging External Devices (Power Bank Function)

Connect your device to the speaker's USB-A output port using a compatible charging cable. The speaker's internal battery will begin charging your device.

6. MAINTENANCE

- **Cleaning:** Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the speaker at least once every three months if not in regular use.
- **Water Exposure:** While IPX5 rated, avoid submerging the speaker in water. Ensure all port covers are securely closed before exposure to water.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker fully.

Problem	Possible Cause	Solution
Cannot pair via Bluetooth.	Speaker not in pairing mode; device Bluetooth off; too far from speaker.	Ensure speaker is in pairing mode. Turn device Bluetooth off and on. Move device closer to speaker (within 33 feet/10 meters).
No sound.	Volume too low; incorrect input mode; device not playing.	Increase speaker and device volume. Check if speaker is in correct mode (Bluetooth/AUX). Ensure audio is playing on your device.
Lights not working.	Lights turned off; malfunction.	Press the Light Mode Button to activate. If still not working, contact support.
