VIAGDO Floating Bed Frame Full Size

VIAGDO Floating Bed Frame Full Size with Headboard and Storage Instruction Manual

Model: Floating Bed Frame Full Size

Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your VIAGDO Floating Bed Frame Full Size. This bed frame features a unique floating design, an upholstered headboard with integrated storage, USB and Type-C charging capabilities, and dynamic LED lighting. Please read these instructions carefully before assembly and use to ensure proper function and longevity of your product.

Safety Information

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Tighten all screws and bolts securely. Re-check tightness periodically.
- Do not exceed the maximum weight capacity of 1000 lbs.
- Keep children away from the assembly area.
- Ensure electrical connections for the charging station and LED lights are properly installed and not overloaded.

Package Contents

Before beginning assembly, verify that all components listed in the packing list are present. Refer to the included installation manual for a detailed list of parts and hardware.

Setup and Assembly

Assembly of the VIAGDO Floating Bed Frame requires following the detailed instructions provided in the separate installation manual. All necessary parts, hardware, and tools are included. It is recommended to have two people for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface.
2. **Identify Parts:** Match each component with the parts list in your installation manual.
3. **Assemble Frame:** Follow the step-by-step diagrams to connect the main frame components. Ensure all connections are secure.
4. **Install Slats:** Place the bed slats onto the frame. Ensure they are evenly spaced and secured according to the instructions.
5. **Attach Headboard:** Secure the headboard to the main frame.
6. **Connect Electrical:** Route and connect the LED light strips and charging station power cord as directed.
7. **Final Check:** Verify all bolts are tightened and the frame is stable before placing a mattress.

Operating Instructions

LED Lighting System

The integrated RGB LED lighting system can be controlled via a remote or a dedicated mobile application. It offers over 60,000 RGB colors and 29 dynamic modes.

- **Power On/Off:** Use the remote control or app to turn the lights on or off.
- **Color Selection:** Choose from a wide spectrum of colors.
- **Dynamic Modes:** Select various pre-programmed lighting effects.
- **Music Sync Mode:** Activate this mode for lights to pulse and change in rhythm with music.
- **Schedule Function:** Set timers for the lights to turn on or off automatically.

Integrated Charging Station

The headboard features a built-in charging station for your electronic devices.

- **AC Outlets:** Two 125V/12A AC outlets are available for standard plugs.
- **USB Port:** One 5V/2A USB port for charging compatible devices.
- **Type-C Port:** One 5V/3A Type-C fast charging port for modern devices.
- **Power Cord:** The charging station is powered by a 6.5-foot power cord. Ensure it is plugged into a suitable wall outlet.

Storage Features

The headboard and frame offer convenient storage solutions.

- **Bookcase Shelf:** The top shelf of the headboard provides open storage for books, glasses, or decorative items.
- **Hidden Compartment:** A discreet, spacious compartment within the headboard is ideal for storing private belongings, seasonal clothing, or extra bedding.

Maintenance

- **Cleaning:** Wipe the bed frame surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Upholstery Care:** For upholstered sections, use a soft, dry cloth or a specialized upholstery cleaner if necessary. Test any cleaner on an inconspicuous area first.
- **Electrical Components:** Ensure the charging station and LED lights are kept dry. Do not attempt to repair electrical components yourself.
- **Fastener Check:** Periodically check and tighten all screws and bolts to maintain structural integrity.
- **Under-Bed Cleaning:** The low-profile design allows most robot vacuums to clean underneath. Ensure no cables are obstructing the vacuum's path.

Troubleshooting

Problem	Possible Cause	Solution
LED lights not working.	Power connection loose, remote battery dead, app connection issue.	Check power cord connection. Replace remote battery. Re-pair with mobile app. Ensure LED strips are properly connected.
Charging ports not functioning.	Power cord unplugged, device incompatibility, port damage.	Ensure the 6.5-foot power cord is securely plugged into a live outlet. Test with different devices and cables. If issue persists, contact support.
Bed frame feels unstable or creaks.	Loose fasteners, incorrect assembly of slats or frame components.	Review assembly instructions and tighten all bolts and screws. Ensure slats are correctly positioned and secured.
LED lights turn on unexpectedly.	Scheduled timer active, remote interference, app settings.	Check the mobile app for any active schedules. Ensure the remote is not being accidentally activated. If necessary, temporarily unplug the LED power supply.

Specifications

Feature	Detail
Size	Full
Product Dimensions	79.2"L x 56"W x 42.5"H
