KIIROO PowerShot

KIIROO PowerShot Interactive Male Vibrator User Manual

Model: PowerShot
Brand: KIIROO

1. Introduction

The KIIROO PowerShot is a compact, interactive male vibrator designed for personal use. It features dual motors, multiple vibration modes, and app connectivity for enhanced control and customizable experiences. This manual provides essential information for the safe and effective use of your PowerShot device.

2. Product Overview

The PowerShot is engineered with a focus on compact design, powerful performance, and interactive capabilities. Key features include:

- **Dual-Motor Power:** Provides deep, evenly distributed vibration with multiple intensity levels and dynamic cycles.
- **Compact & Travel-Ready:** Designed for discreet storage and portability.
- **Squeeze-Responsive Design:** Allows manual adjustment of intensity by squeezing the device body.
- **App-Connected Control:** Syncs with the FeelConnect app for interactive content, custom patterns, and long-distance play.
- **Stamina Training Program:** Offers guided routines and exercises via the app.
- **Waterproof:** Suitable for use in wet environments and easy cleaning.

4. Setup

4.1 Initial Charge

Before first use, fully charge your PowerShot device. Connect the magnetic charging cable to the charging points on the device and a USB power source. The device should be fully charged within approximately 2 hours, providing up to 3 hours and 30 minutes of use.

Image: The KIIROO PowerShot device connected to its magnetic charging cable, indicating a full charge within 2 hours for up to 3.5 hours of use.

4.2 Device Components

Familiarize yourself with the device's main components:

- **Outer Casing:** The main body of the device, made from ABS material.
- **Inner Sleeve:** The soft, silicone insert that provides tactile sensation.
- **Power/Mode Button:** Located on the side of the device for control.
- **Charging Points:** Two metallic points for magnetic charging.

5. Operating Instructions

5.1 Power On/Off

To power on the device, press and hold the power button located on the side of the device for a few seconds until the vibrations begin. To power off, press and hold the same button until the vibrations cease.

5.2 Changing Modes

Once powered on, short press the power button to cycle through the 5 available vibration modes. Each press will switch to the next mode.

5.3 Manual Intensity Control

The PowerShot features a squeezable silicone body. You can adjust the intensity and sensation by gently squeezing the device during use. This allows for personalized pressure and feel.

6. App Connection & Features

The KIIROO PowerShot can be connected to the FeelConnect app via Bluetooth for extended functionality.

6.1 Pairing with the FeelConnect App

1. Download the FeelConnect app from your device's app store.
2. Ensure your PowerShot is charged and powered on.
3. Open the FeelConnect app and follow the on-screen instructions to pair your device via Bluetooth.

6.2 App Features

Through the FeelConnect app, you can:

- Explore interactive adult content.
- Create and save custom vibration patterns.
- Engage in long-distance partner play with other KIIROO devices.
- Access the Stamina Training Program.

Image: The KIIROO PowerShot device positioned next to a smartphone screen showing the intuitive FeelConnect app, designed to unlock the device's full potential with custom modes and stamina training.

7. Stamina Training Program

The FeelConnect app includes a dedicated Stamina Training Program. This program offers guided routines, edging exercises, and pelvic strengthening techniques designed to help improve performance and control over time.

8. Maintenance & Care

8.1 Cleaning

The PowerShot is waterproof, making it easy to clean. After each use, wash the device with warm water and a mild, toy-safe soap. Rinse thoroughly and allow it to air dry completely before storing.

8.2 Lubricant Compatibility

For optimal experience and to preserve the device's materials, use only water-based lubricants. Avoid using silicone-based lubricants, oils, or creams, as these can damage the silicone sleeve.

Image: The KIIROO PowerShot demonstrating its waterproof capabilities in water, accompanied by a reminder to use only water-based lubricants to prevent damage to the sleeve.

8.3 Storage

Store the PowerShot in its provided discreet storage case in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure the device is clean and dry before storage.

9. Troubleshooting

- **Device Not Turning On:**
  - Ensure the device is fully charged. Connect it to the magnetic charger and wait for the charging indicator (if any) to confirm charge.
  - The power button may require a firm and direct press due to the soft silicone casing. Try pressing the button firmly and holding it for a few seconds.
  - If the device still does not respond, ensure the charging cable is securely connected and try a different USB power source.
- **Vibrations are Weak or Inconsistent:**
  - Recharge the device fully. Low battery can affect vibration strength.
  - Ensure the device is not being squeezed too tightly, which might interfere with internal components.
- **Difficulty Connecting to App:**
  - Ensure Bluetooth is enabled on your smartphone or tablet.
  - Make sure the PowerShot device is powered on and within range of your device.
  - Close and reopen the FeelConnect app, or restart your smartphone/tablet.

10. Specifications

Model	PowerShot
Brand	KIIROO
Material	Acrylonitrile Butadiene Styrene (ABS)
Color	Black
Dimensions	Approximately 3.15 x 3.15 x 2.52 inches
Weight	Approximately 9.52 ounces
