ZURU Slime Mart Ice Cream Sundae Kit Instruction Manual

Model: 15909

INTRODUCTION

Welcome to the ZURU Slime Mart Ice Cream Sundae Kit! This imaginative play set allows children to create their own realistic-looking ice cream sundaes using specially formulated slime compounds and various accessories. Designed for creative fun, this kit provides all the tools needed to mold, shape, and decorate unique slime desserts. Please read this manual carefully to ensure safe and enjoyable use of the product.

SAFETY INFORMATION

- **WARNING:** This product is for play only. **DO NOT EAT** any of the contents, including the slime, sprinkles, or syrup.
- Recommended for children aged 6 years and up. Adult supervision is recommended.
- Wash hands thoroughly before and after playing with slime.
- Keep slime away from hair, clothing, carpets, and furniture. If slime gets on surfaces, clean immediately with warm water and soap.
- Store slime in airtight containers after use to prevent drying out.

PACKAGE CONTENTS

The ZURU Slime Mart Ice Cream Sundae Kit includes the following items:

- Decorative Scene Placemat
- Strawberry Mold
- Piping Bag with Tip
- Whipped Cream Slime (45g / 1.5 oz)
- Strawberry Slime (22g / 0.78 oz)
- Ice Cream Scoop Slimes (70g / 2.4 oz)
- Decorative Sprinkles (1.5g)
- Chocolate Syrup Slime (55g / 1.5 oz)
- Slime Activator (9.8 ml)
- Bowls and Spoons (for serving/display)

Image: All components of the ZURU Slime Mart Ice Cream Sundae Kit, including various slimes, molds, and accessories, displayed on a surface.

1. **Unpack Contents:** Carefully remove all items from the packaging.
2. **Prepare Play Area:** Lay out the decorative scene placemat on a clean, flat surface. Ensure the play area is easy to clean and away from sensitive materials.
3. **Organize Ingredients:** Arrange the different slime compounds, molds, and decorating tools within easy reach.

OPERATING INSTRUCTIONS: CREATING YOUR SLIME SUNDAE

Follow these steps to create your realistic slime ice cream sundaes:

1. **Prepare Ice Cream Scoops:** Take the Ice Cream Scoop Slimes. You can gently knead them to soften if needed. Place them into the provided bowls to form the base of your sundae.
2. **Mold Strawberries:** Use the strawberry mold with the Strawberry Slime to create realistic-looking strawberry toppings. Press the slime firmly into the mold, then carefully remove.
3. **Add Whipped Cream:** Open the Whipped Cream Slime. For a realistic effect, load some into the piping bag with the tip. Gently squeeze the bag to pipe "whipped cream" onto your slime ice cream scoops.
4. **Drizzle Chocolate Syrup:** Use the Chocolate Syrup Slime to drizzle over your creation. You can use a spoon or carefully squeeze directly from its container for a syrup-like appearance.
5. **Decorate with Sprinkles:** Finish your sundae by sprinkling the decorative sprinkles over the top.
6. **Adjust Slime Consistency (if needed):** If any slime becomes too sticky, add a few drops of the Slime Activator and knead until the desired consistency is reached. If slime is too stiff, try kneading it for a longer period or adding a tiny drop of water (use sparingly).
7. **Display Your Creation:** Once complete, display your slime sundae on the placemat or in the provided bowls. Remember, these are for play and display only, not for consumption.

MAINTENANCE

- **Slime Storage:** Always store all slime compounds in their original airtight containers or sealed bags after each use. This prevents them from drying out and maintains their elasticity.
- **Cleaning Tools:** Wash the strawberry mold, piping bag, bowls, and spoons with warm water and mild soap after each play session. Allow them to air dry completely before storing.
- **Placemat Care:** Wipe the decorative placemat clean with a damp cloth if it gets dirty.

TROUBLESHOOTING

- **Slime is too Sticky:** If your slime becomes overly sticky, add a few drops of the included Slime Activator. Knead the slime thoroughly after each addition until the desired non-sticky consistency is achieved. Do not add too much at

once.

- **Slime is too Stiff/Hard:** If your slime feels too stiff or hard, try kneading it vigorously for several minutes. A very small drop of water can sometimes help, but use with extreme caution as too much water can ruin the slime.
- **Slime has Dried Out:** If slime has completely dried out, it may not be recoverable. Ensure proper storage in airtight containers to prevent this.
- **Sprinkles Not Sticking:** Ensure the slime surface is slightly tacky for sprinkles to adhere. If the slime is too dry, they may not stick well.

SPECIFICATIONS

Model Number	15909
Brand	Zuru
Material Type	Polyvinyl Alcohol (PVA)
Color	Pink and Yellow
Product Dimensions	25.4 x 17.78 x 7.62 cm (10 x 7 x 3 inches)
Product Weight	381.02 g (0.84 lbs)
Recommended Age	6 years and up
Assembly Required	No
Batteries Required	No
